

The Regional Superintendent's Summary Report on Recognition for 2010-2011 is now available for your use. This form is used to report the recommended recognition status of each school and school district in your region.

If districts or schools are recommended for less than full recognition for any reason, it should be recorded on this form. Please include a written explanation of the specific compliance issues with details citing the reason(s) for the recommended recognition status. If there is not enough room in the space provided please use additional paper as necessary. The information from the ROE Summary Report along with the 2010-2011 Applications for Recognition, compliance visit information, and information supplied by other divisions within ISBE will be used in determining the final recognition status for each school district.

This form is due to the Educator and School Development Division by October 15, 2010, and can be found on the Educator and School Development Division's web pages under the *Public School Compliance* link at www.isbe.net/esd. This form can be completed online but will need to be printed, signed, and mailed to ISBE. The mailing address is on top of the form. Please contact Henri Fonville at 217.782.2948 should you have any questions or concerns.
