

Advanced Placement Classroom Final Performance Report 2008-2009

The 2008-2009 Advanced Placement Classroom Performance Report is now available for completion. This year schools are required to submit all information electronically to the Illinois State Board of Education. ISBE will not be using an outside source to collect the data. The report will be posted on the Curriculum and Instruction/Advanced Placement website.

The report will be a series of EXCEL data and narrative responses. There are examples of the data sheets included in the posting to assist in completing the EXCEL spreadsheets for your program. Narrative responses are to be completed as Word documents and sent as attachments.

The first page of the posted EXCEL spreadsheet is the directions page that each district will use to complete their own reports. Read each line carefully. The blue Abbrev boxes require narrative responses. The white boxes ask for data. Answer the questions completely. If you have any questions contact Mike Hatfill at dhatfill@isbe.net or 217-557-7323.

The completed report must be submitted by July 31, 2009.
