FOREWORD

The Illinois Teacher Salary Study is conducted annually. Pursuant to Section 2-3.103 of the Illinois School Code, this publication contains information on teacher salary policies, salaries paid, and fringe benefits. The 2006-07 report was prepared by the Data Analysis and Progress Reporting Division, Illinois State Board of Education. Data in this report are presented in two sections. Section I contains tables with statewide summaries. Section II includes data for each district.

To reduce costs associated with printing and mailing, this report is disseminated in electronic form. It is available online at www.isbe.net/research or via email upon request. Readers can search for individual districts or topics by keywords. In Tables 19-21, salary information for individual districts run across two pages; it is recommended that relevant pages be placed side by side to facilitate the reading of these tables. Districts are identified by the county-district codes on these pages.

Questions or comments on this report may be directed to the Data Analysis and Progress Reporting Division at 217/782-3950.

SECTION II. INDIVIDUAL DISTRICT SALARIES AND FRINGE BENEFITS

This section contains information on teacher salaries and selected fringe benefits for all regular districts, area vocational centers, and special education cooperatives. Data presented in this section are from two sources.

1. The 2006-07 Illinois Teacher Salary Study form was completed and submitted by superintendents in all Illinois school districts, as well as by directors of special education cooperatives, and area vocational centers. The scheduled salaries reported by superintendents/directors and presented in this study are for the "regular school year" (180-185 school days) for "regular teaching duties," and include the Teacher Retirement contribution. The scheduled salary summary tables presented do not include additional pay received by some teachers for: (1) extra duties, (2) extended school-year employment, or (3) longevity service which is reported as a separate data item.

2. Average paid salary information is obtained from the Teacher Service Record form which is completed and submitted annually by district superintendents and directors of special education cooperatives and of area vocational centers. This salary is the compensation reported as earnings to the Teachers' Retirement System (TRS) of full-time elementary, secondary, and special education teachers and includes pay for: (1) extra duties, (2) extended work time if these are included in the teacher's employment contract, (3) longevity service, (4) Teacher Retirement, and (5) cost of insurance benefits if it is reported to TRS as part of the teacher's paid salary.

Information for regular districts in Section II is presented by district type (elementary, secondary, and unit) and size. The size categories in terms of student enrollment are:

- (1) Below 500 Enrollment
- (2) 500 - 999 Enrollment
- (3) 1,000 - 2,999 Enrollment
- (4) 3,000 - 5,999 Enrollment
- (5) 6,000 - 11,999 Enrollment
- (6) 12,000 & Above Enrollment

For details on the column headings of the following tables, see Appendix C.

APPENDIX C

DETAILS ON COLUMN HEADINGS

The column headings for tables in Section II described below.

1. County-District Code. The first three digits refer to the county in which the educational unit office (school district, area vocational center, or special education cooperative) is located. Appendix A presents a listing of all county names accompanied by the respective code numbers. The last four digits refer to the district/area vocational center/special education cooperative number within the respective county.
2. Name of District, Center, or Cooperative. Each county-district code is followed by the name of the educational unit.
3. Number of Teachers. This column lists the number of full-time elementary, secondary, and special education classroom teachers reported by each educational unit on the Teacher Service Record during the fall of 2006. This number does not include part-time teachers, teacher aides, librarians, counselors, or other non-teaching personnel.
4. Teacher Salary Schedule: 2006-07. These three columns include the beginning, maximum, and longevity scheduled salaries for teachers holding: (1) a bachelor's degree, (2) a master's degree, and (3) a master's degree plus 30-32 semester hours, respectively. The numbers within parentheses indicate the number of annual salary increases (years) necessary to reach the maximum salary. Also, the scheduled salary for a master's degree with 10 years of experience is presented between the columns for the master's degree and master's degree plus 30-32 semester hours. All scheduled salaries are for the "regular" calendar school year and exclude additional pay for "extra duties." These scheduled salaries include the tax-sheltered retirement contribution paid or deposited by the educational unit on behalf of the teachers to the Teachers' Retirement System.
5. County-District Code. The first column of numbers on each right-hand (odd-numbered) page repeats the county-district code for each educational unit.
6. Highest Scheduled Salary: 2006-07. This salary figure is the highest possible salary provided by each district's, center's, or cooperative's schedule or policy. The number within parentheses to the left indicates the number of annual salary increases (years) necessary to reach the highest scheduled salary. The next data item is the highest possible salary with longevity. The number within parentheses to the left indicates the number of annual salary increases necessary to reach the highest scheduled salary with longevity.

7. Increase: 2005-06 to 2006-07. These three columns present the 2005-06 to 2006-07 increase in the minimum and maximum scheduled salaries for the bachelor's degree, master's degree, and master's degree plus 30-32 semester hours. Dashes (--) in these columns indicate either: (1) there was a decrease from 2005-06 to 2006-07, or (2) no scheduled salary was provided at that degree level.
8. Degree and Semester Hours Required. This column discloses the degree status and semester hours required to reach the highest scheduled salary.
9. Average Years of Experience. This column provides the average years of teaching experience (total in district, out-of-district, out-of-state) for full-time classroom teachers.
10. Teachers' Retirement System. This column provides the percent of the salary that is considered board paid into Teachers' Retirement.
11. Negotiated Agreement. The "Yes" or "No" shown in this column indicates whether there is a negotiated agreement between the school board and the teacher organization.
12. Fair Share. The "Yes" or "No" shown in this column indicates whether there is a Fair Share clause in the negotiated agreement between the school board and the teacher organization.
13. Affiliation. This column shows the affiliation of the local teacher organization for those educational units which have a negotiated agreement.

Blank spaces or dashes (--) denote that the column of information either did not apply or could not be provided.

PART F - FRINGE BENEFITS

(12) YES NO Are all full-time employees who are covered by the teacher salary schedule/policy eligible to receive the same fringe benefits coverage? (If no, please use that which reflects the highest regularly scheduled step or policy to answer the rest of Part F.)

Which of the following board-sponsored fringe benefits are available to those employees covered by the salary schedule/policy used in Part D on page 2?

If a fringe benefit is paid (whole or part) for the employee and that fringe benefit is offered to the family, also enter the proper cost in the family cost column. Enter the family cost regardless of whether the board is paying any of the coverage of the family. If the board pays a portion of the family coverage, enter the percent paid by the board. **If the board does not pay any of the family coverage, enter "0" in the family percent column.**

Please provide premium data for the year (annual), not month. If your district offers choices, e.g. different HMOs with different costs for Hospitalization/Health Insurance, please report only the highest cost.
