2013 Communication for PSAE Test Sites Affected By Flooding (04/22/2013)

PSAE Day 1 (ACT):
Due to flood-related issues, if students are absent or school is not in session on April 23, 2013, (PSAE Initial Day 1 standard-time test date), then you will need to order PSAE Day 1 Makeup materials for May 7 for all affected students.

Do this by following the detailed instructions ACT sent to the Test Supervisor via email on 04/22/2013. Call ACT at 1-800-553-6244 x2800 state code 14 if you need assistance in placing your Day 1 Makeup order online or if you need direction about the pick-up of Initial PSAE Day 1 test booklets, especially if your school is not accessible by you due to flooding. Please keep all Day 1 manuals and answer folders to use on the Makeup test date of May 7.

PSAE Day 2 and Locating Information:
Due to flood-related issues, if students are absent or school is not in session on April 24, 2013, (PSAE Initial Day 2 standard-time test date), then you will need to order PSAE Day 2 Makeup materials for May 8 for all affected students.

Do this by following the detailed instructions ACT will send to the Test Supervisor via email on 04/24/2013. Call Pearson at 1-888-705-9413 x3 if you need assistance in placing your Day 2 Makeup order online or if you need direction about the pick-up of Initial PSAE Day 2 test booklets, especially if your school is not accessible by you due to flooding. Please keep all Day 2 manuals and answer documents to use on the Makeup test date of May 8.

PSAE Accommodations Testing:
Students testing with accommodations for PSAE Day 1 may test any time from April 23 through May 7, as needed, and students testing with accommodations for PSAE Day 2 may test any time from April 24 through May 8, as needed, in order (e.g. Day 1 tests, then Day 2 tests). Therefore, KEEP ALL ACCOMMODATIONS test materials, including secure test booklets, to use during this accommodations test window.

As of 04/22/2013, ISBE is working closely with ACT and Pearson to monitor this situation and develop a contingency plan in case any schools are still unable to test on the May Makeup test dates due to flooding effects.
