**Task 00:**

- Present the primary task to the student. Say: **Water can be a solid, a liquid, or a gas. Which picture shows water as a solid?**
- Point to each option and say: **Ice cubes, Glass of water, Steam from teapot**

The student receives a score of 4 for a correct response. If the student does not respond, repeat the primary task only once exactly as it appears. If the student responds correctly after the second presentation of the primary task, the student receives a score of 4. If the student chooses an incorrect answer or does not respond, move to Level 3.

- Turn the page to provide the general prompt.
- Re-present the primary task and answer options.

The student receives a score of 3 for a correct response. If the student does not respond or responds incorrectly, move to Level 2.

- Indicate the correct answer and re-present the primary task and answer options.

The student receives a score of 2 for a correct response. If the student does not respond or responds incorrectly, move to Level 1.

If the student does not respond or responds incorrectly at Level 2, the student receives a score of 1.

Correct answer: **Ice cubes**
Ice cubes

Glass of water

Steam from teapot
• Say: **This picture shows water in another solid form.**
• Turn back to the primary task page and re-present the primary task and answer options.
