Roll Call
The meeting was called to order at 3:10 p.m. by the Chairman, Mr. Gidwitz, who asked Alison Harbour, the staff secretary to the Board, to call the roll. Ms. Harbour called the roll of members. A quorum was present.

Public Participation
The Chairman called for Agenda Item B., Public Participation.

The following individuals spoke to the Board.

James Murphy, representing the Chicago Charter School Foundation, spoke to the Board regarding State Board of Education information requests of the Foundation. Mr. Murphy was informed by Chairman Gidwitz that State Board legal staff would work with the school to address his concerns within the context of the charter school law (see Addendum II for Mr. Murphy’s statement).

Cynthia Sah, representing the Roundlake Financial Oversight Panel, presented the State Board with the Panel’s petition (see Addendum III), which asks the Board to establish the Financial Authority embodied in Amendment 1 of House Bill 5734. She indicated that this legislation was adopted by the General Assembly and signed by Governor Ryan.

The Chief Legal Counsel clarified that the Oversight Panel’s petition was being accepted at this meeting but the Board would not act on the content until a later date.

Legislative & Budget Wrap-Up
The Chairman called for Agenda Items C. & D., Legislative and Budget Wrap-Up.

The Board heard a legislative update and report on the state budget for FY03. Among the issues cited by staff were legislative decisions to:
Eliminate the continuing appropriation and allocate funding that is ultimately insufficient to support the $4560 foundation level (which was maintained for FY03). Staff is considering strategies that would allow the General Assembly to revisit this issue before the end of the fiscal year.

Pro-rate the appropriations for categorical programs. This raises concern regarding maintenance of effort requirements in federal law and regulations and an initial unfavorable reaction from Washington regarding a waiver. Staff is continuing to explore options in this area.

Reduce the technology line item by about one-half. Although part of that reduction is a transfer of Illinois Century Network funds from ISBE budget to the IBHE budget and does not reduce programming, the remainder of the cut will force decisions about allocation among existing and planned program initiatives.

Reduce or eliminate several statewide program/initiative line items, including the Reading Statewide program. These cuts will limit the Board’s ability to address its mission (leadership, advocacy and service) and to provide specific services such as the Reading Kits.

Provide new bonding authority for school construction. Staff noted that the actual amount of that funding is unclear, but in any case, the new funding is insufficient to cover the list of school districts that have been entitled and are now ready to proceed.

Staff indicated that the impact of these and other budget decisions was still under consideration.

Discussion followed for clarification purposes and Board members’ input. Staff members Lynne Haeffe Curry and David Wood assisted in responding to questions.

The Chairman called for Agenda Item E., Items for Immediate Action, Consent Agenda.

Mrs. McConachie moved that the State Board of Education hereby approves the following items on the Consent Agenda as presented:

Approval of the minutes for the State Board meetings on May 15-16, 2002.

Recommendations for appointment to the State Teacher Certification Board as nominated by the sponsoring organizations.
Adoption of Part 240 rules – Alternative Learning Opportunities Program.

Mrs. Rogers seconded the motion.

Mrs. McConachie reported that the State Board has completed a review of its Bylaws and, after several discussions, given preliminary approval to proposed changes. She indicated that these changes primarily expand and clarify the responsibilities of four Board committees: Governmental Relations, Finance and Audit, Board Operations, and Education Policy Planning (see Addendum IV for the full text of the Bylaws).

Mrs. McConachie commented that the proposed changes are designed to simultaneously promote greater efficiency during full Board meetings and create a forum for in-depth discussion of key issues and responsibilities.

Discussion followed for clarification purposes and Board members’ input. The Board agreed to monitor the operation and effectiveness of the new committee structure and review this issue at the next work conference. (The new committee responsibilities assign review of the bylaws to the Board Operations Committee.)

Chairman Gidwitz called for the motion regarding the Board Bylaws.

Mrs. McConachie moved that the State Board of Education hereby approves the proposed changes to the official State Board Bylaws, as published. She further moved that the Board agreed to monitor the operation and effectiveness of the
new committee structure and review this issue at the next work conference.

The Chairman called for a motion regarding this agenda item.

Motion
Mrs. Turkal moved that the State Board of Education hereby approves, as submitted, the financial plan of Livingston Community Consolidated School District 4 for the 2002-2003 school year prepared in compliance with the certification procedures under Section 1A-8 of the School Code.

The district should resubmit a continuation financial plan by February 15, 2003. Any such plan should remain consistent with guidelines developed by the staff of the State Board of Education.

This approval does not relieve the district board of its responsibility to comply with all applicable laws and regulations, including collective bargaining agreements, nor does it relieve the local board of its duty to assure the best education possible for the pupils of the school district.

Chairman Gidwitz reported that in the last half of 2001, the State Board of Education agreed that it would be of great value in achieving the agency’s long-range plans and goals if an outside assessment were made of ISBE’s organizational infrastructure. He indicated that the Board was most fortunate to have the people at Deloitte & Touche, one of the nation’s pre-eminent consulting firms, agree to take on this task, and even luckier still that they were willing to perform the work *pro bono*. He noted that contemporaneously with Deloitte’s beginning to organize its project, a new leadership team began in expedited fashion to assess the agency’s functions and resources. He said that as a result of that work, a major re-organization of the agency was announced in two phases in January and February of this year.

The Chairman stated that under this new organizational structure, ISBE has taken solid steps forward in the past months toward improving its delivery of services to Illinois school districts. He said that the Board had asked Deloitte & Touche to provide an unvarnished, full evaluation of the strengths and weaknesses of the agency, and he indicated that after looking at a preliminary draft of the report, that is what they did. He reported that many of the imperfections of the agency organizational structure have been known to the Board and a number of the shortcomings have begun to be addressed by the current leadership as a part of the recent re-organization.

Chairman Gidwitz explained that this report gives a comprehensive view of agency operations and structure, and it attempts to prioritize steps to be taken in the future to help the Board achieve its mission and goals. He indicated that the Board has asked the Core Team members to review the report and present their own recommendations, making use of the framework laid out in the Deloitte report, for projects in several major areas of agency operations.
The Board heard a preliminary report from Deloitte and Touche regarding its pro bono study of the State Board’s organization and operation. The Chairman indicated that although many findings of the report deal with issues already addressed by the agency or changes that are “in the works,” the Superintendent and agency Core Team will develop a formal response to the Deloitte and Touche conclusions and recommendations.

Discussion followed for clarification purposes and Board members’ input.
