Roll Call
The meeting was called to order at 8:10 a.m. by the Chairman, Mr. Gidwitz, who asked Judy Carmody, the staff secretary to the Board, to call the roll. Mrs. Carmody called the roll of members. A quorum was present.

Chairman Gidwitz indicated that Dr. Steiner was unable to attend the Board meeting this month. He also noted that Marilyn McConachie had been delayed due to inclement weather and would be joining the meeting later.

NCATE 2000 Update
The Chairman called for Agenda Item A., NCATE 2000 Update.

Chairman Gidwitz commented that last June the Board, in consultation with the State Teacher Certification Board, adopted the NCATE 2000 Standards as the basis for educator preparation program approval and accreditation in Illinois. He indicated that the Board meeting discussion would focus on implementation issues and timelines to assist staff in rule preparation. The Chairman also said that the rules would be addressed at the August Board meeting for anticipated approval and dissemination for public comment.

Superintendent McGee reported that the Board materials provided a thorough overview of activity since the adoption of the NCATE rules. He also addressed several issues that needed input and direction from the Board meeting discussion. These included:

1. Plans for use of the "Specialized Professional Associations" (SPAs) in the state program approval process;
2. The use of supplemental panels to review program areas that are not addressed by SPAs;
3. Decision options, including the role of the State Board in final decision-making on unit and program accreditation rather than the State Superintendent to whom it previously had been delegated;
4. The role of the State Teacher Certification Board and the Board of Higher Education; and
5. The connection to the Title II accountability requirements.

The Superintendent commented that other issues that were not highlighted in the content of the Board materials but will need to be addressed, including the development of a proactive communication strategy that brings all partners and institutions along as we transition to full implementation of the NCATE Standards.

Division Administrator Michael Long provided brief background comments related to the NCATE Standards and power-point presentation (see Addendum II).

Discussion followed for clarification purposes and Board members' input. General Counsel Respicio Vazquez assisted in responding to questions.

Chairman Gidwitz expressed appreciation to staff for their work.

An audio tape of the meeting is available through the State Board office in Springfield (217/782-9560).

Certification Rules

The Chairman called for Agenda Item D.2., Immediate Action Items, Rules and Regulations – Amendments to Part 25 (Certification) and Part 1 (Public Schools Evaluation, Recognition and Supervision).

Superintendent M McGee reported the following information regarding the proposed rules to address teacher certification issues.

1. The rules will establish the availability of an endorsement in "self-contained general education" and provide a list of the required coursework. This will address a problem created by the legislation that gave certificate holders an opportunity to choose to receive both an elementary and secondary certificate in exchange for a special certificate in a particular subject area. With these rules, such teachers will be able to add qualifications for teaching in a self-contained, general education program at the elementary level.

2. The rules will set forth the basis on which fees for certificate registration will be calculated, ensuring that one fee registers all of an individual's certificates for the time period it covers.

3. The rules will incorporate the requirements of P.A. 91-370 regarding examinations for certification in transitional bilingual education.

4. The rules will clarify that the time frame relative to "completion of probation" refers to probation after a period of incarceration or probation standing on its own as a sentence.

5. The rules will update various sections and make technical clarifications and clean-ups.

Discussion followed for clarification purposes, and staff members Rob Sampson and Sally Vogl assisted in responding to Board members' questions.

Superintendent M McGee asked the Board to authorize the publication of rules relating to teacher certification for public comment and the filing of emergency rules regarding transitional bilingual education examinations.
Mrs. Rogers moved that the “State Board of Education hereby adopts the proposed emergency rulemaking for Certification (23 Ill. Adm. Code 25). Further, the Board authorizes the State Superintendent of Education to make such technical or nonsubstantive changes, as the State Superintendent may deem necessary in response to suggestions or objections of the Joint Committee on Administrative Rules.”

Mr. Serritella seconded the motion.

The motion passed by a unanimous voice vote.

Mrs. Rogers moved the “State Board of Education hereby authorizes solicitation of public comment on the proposed amendments to the rules for:

Certification (23 Ill. Adm. Code 25) and Public Schools Evaluation, Recognition and Supervision (23 Ill. Adm. Code 1), including publication of the proposed amendments in the Illinois Register.”

Ms. Branch seconded the motion.

The motion passed by unanimous voice vote.

An audio tape of the meeting is available through the State Board office in Springfield (217/782-9560).

Chairman Gidwitz called for Agenda Item D.3., Resolution for Judy Carmody (not on published agenda).

The Chairman reported that this meeting marked a significant date in the history of the State Board of Education. Judy Carmody, who has served as secretary to the Board for the past 20 years, will be retiring at the end of July. This is her final Board meeting. Chairman Gidwitz noted that Judy would be missed tremendously, and he asked that a motion be made honoring Judy’s service to the Board.

Chairman Gidwitz moved that “the State Board of Education hereby adopts the following resolution:

Whereas, Judy Carmody has been Secretary to the Illinois State Board of Education for twenty of its twenty-six years; and
Whereas, since her appointment to this position in August 1981, Judy has worked with 62 individual members of the State Board of Education, seven State Board chairs and innumerable Board organizational structures and committees; and

Whereas, during her tenure, Judy has also worked with five State Superintendents and four State Board Executive Assistants; and

Whereas, each and every one of these individuals will remember Judy as unfailingly gracious and polite, deeply caring about the welfare of the Board and its members, ethical and appropriate in her behavior, and calm in the midst of many storms; and

Whereas, they will also remember Judy as always cheerful and positive in answering the phone or greeting Board meeting participants, thorough and efficient in her management of details, conscientious about ensuring the quality and accuracy of the official Board records, responsive to all requests from the Board and its individual members (including last minute changes in arrangements), and tactful but firm in ensuring that the arrangements she made for Board members were appropriately carried out; and

Whereas, many will also remember Judy for her gentle reminders about overdue travel vouchers and necessary voting procedures (“roll call, please”); and

Whereas, all will attest to the fact that Judy’s performance as Secretary to the Illinois State Board of Education has established the “gold standard” for unsurpassed quality and professionalism;

Now, therefore, be it resolved that Judy’s impact on the Board and the manner in which she has represented it will last long after her well-deserved retirement; and

Be it further resolved, that the State Board of Education expresses its deep appreciation to Judy and wishes her great happiness in the years ahead, as she is able to spend more time with her family, her friends, and her golf game. She will be missed but for her, this ending is just the beginning.”

Mrs. Turkal seconded the motion.

The Chairman called for Agenda Item F., Announcements and Reports, Superintendent.

Superintendent McGee reported that at the June 20 Senate Education Committee Hearing on assessment, many positive responses were heard from people testifying and from Senators regarding the Prairie State Achievement Exam (PSAE). He commented that the opening presenter at the Hearing was a
high school principal who talked about how seriously the students had taken the test – how it had really meant something to them. He also reported that he was pleased with the support of the ISAT at the Hearing – both on the panel and in the audience. The Superintendent stated that enormous gains have been made in this measure of the Illinois Learning Standards (ILS), and he congratulated staff members Lynne Haeffele Curry, Michael Dunn, Carmen Chapman Pfeiffer, Merv Brennan, and others who helped make this possible. Superintendent McGee commented that during the Senate Hearing, many districts reported that their curriculum is aligned with the ILS. He also stated that according to the information he heard at the Hearing, the Illinois Learning Standards are moving into the schools and classrooms.
