FOR THE PURPOSES OF THIS SUBPART, THE FOLLOWING DEFINITIONS APPLY:

"PASSING RAW SCORE" IS THE MINIMUM NUMBER OF ITEMS WHICH MUST BE ANSWERED CORRECTLY ON A GIVEN TEST.
"Passing score" is the minimum scaled score a person must obtain in order to pass a test.

"Re-scoring" means the process of reviewing an examinee's answers and the scores assigned to them to confirm that a test score reported to an examinee is the score earned by him or her.

"Retake" is the opportunity for a person who has taken a test of the Illinois Certification Testing System at one test administration to take the test in the same area as given at subsequent administrations.

"Scaled score" is the person's test score after the mathematical transformation of the number of test items the person answered correctly to a scale of numbers on which the minimum score (0), the maximum score (100), and the passing score (70) are set. For the tests of subject matter knowledge and language proficiency, the minimum scaled score is 0, the maximum score 100, and passing score 70. For the assessment of professional teaching, the basic skills test, and any new test of subject matter knowledge first administered after December 31, 2002, the minimum scaled score is 100, the maximum score 300, and the passing score 240.

"Subarea score" is the scaled score for the subset of test items on a subject matter test which measures specific content, and the "subarea score" is the scaled score for each subset of test items on the basic skills test which measures specific content in reading, writing, grammar and language arts, and mathematics.

"Test" or "Tests" refers to the test of basic skills, the assessment of professional teaching, the language proficiency tests, and the tests of subject matter knowledge for the Illinois Certification Testing System. These tests are:

Section 25.717 Test Equivalence
STATE BOARD OF EDUCATION
NOTICE OF ADOPTED AMENDMENTS

a) The State Board of Education will implement the following procedures to maintain uniformity in the difficulty level of each form of the basic skills test, each form of the assessment of professional teaching, each language proficiency test, and each subject matter knowledge test from test-to-test and from year-to-year. These procedures will conform to the accepted professional standards for test score comparability and equating promulgated by the National Council on Measurement in Education, the American Educational Research Association, and the American Psychological Association as presented in the "Standards for Educational and Psychological Testing" (1999) published by the American Educational Research Association, 1230 17th Street, N.W., Washington, D.C. 20036. No later amendments to these standards are incorporated by this rule.

b) To achieve uniformity of test form difficulty, all test content advisory committees (see Section 25.715) shall be given identical orientation and training sessions throughout each step in test development and in standard setting. As a further measure to maintain test equivalence, when a new test form is produced, new items shall be matched to the items they are replacing in terms of average item difficulty statistics. Following the administration of a new test form, test scores for new test forms shall be made comparable in difficulty with the test scores on the previous test form by statistical test equating. The method to be used is set forth in Appendix A.

Section 25.720 Applicability of Testing Requirement

a) Beginning July 1, 1999, each person seeking a school service personnel or administrative certificate or an initial early childhood, elementary, secondary, or special certificate must pass the Illinois Certification Testing System's test of basic skills and a test of subject matter knowledge. Beginning July October 1, 2003, each person seeking an initial early
childhood, elementary, secondary, or special certificate shall also be required to pass the applicable test of the common core of teaching knowledge assessment of professional teaching, which shall be based upon the standards set forth in “Standards for All Illinois Teachers” (23 Ill. Adm. Code 24). 1) he or she has not already passed that examination (except that an individual who met all applicable requirements for certification and applied for an initial certificate before October 1, 2003, shall not subsequently be required to take the assessment of professional teaching); or

2) he or she has passed that examination but the score is more than five years old and no certificate has been issued on the basis of that score; or

3) in the case of the basic skills test, the score is more than five years old and the individual was not admitted to an Illinois teacher preparation program on the basis of that score.

b) The required test of subject matter knowledge is that test which corresponds to the individual's major field of study in a teacher education program in the State of Illinois approved pursuant to Subpart C of this Part.

For example, someone seeking to teach whose major field of study is urban studies would, in
addition to the basic skills test, also take the subject matter knowledge test in the social sciences and the assessment of professional teaching for the secondary certificate.

d) It is the individual's responsibility to take the appropriate subject matter tests. Upon request, the State Board of Education shall assist individuals in identifying appropriate tests.

e) Beginning July 1, 2003, an individual seeking a standard certificate shall be required to pass the standard examination referred to in Section 25.11(d) of this Part unless he or she holds an Illinois standard certificate of some other type or holds a comparable certificate from another state and presents evidence of at least four years of teaching experience.

Section 25.760 Passing Score

a) The passing raw score will be established for each test by the State Board of Education, in consultation with the State Teacher Certification Board, based upon the professional judgments and recommendations of committees of Illinois educators about the acceptable, minimal level of performance for entry-level educators in Illinois classrooms.
b) The raw score for each test of subject matter knowledge, and for each language proficiency test, and for the test of basic skills shall be transformed to a scaled score ranging from 0 to 100, with 70 established as the passing score. The passing raw score shall always be equal to a scaled score of 70. The following formula shall be used to transform raw scores to scaled scores, where MAX means the maximum raw score, CUT means the passing raw score and X means the number of multiple choice items correctly answered or the number of holistic score points assigned to a constructed-response item or section, as applicable:

1) If X is greater than or equal to CUT, then the scaled score is $70 + 30\left[\frac{X - \text{CUT}}{\text{MAX} - \text{CUT}}\right]$.
2) If X is less than CUT, then the scaled score is $70X/\text{CUT}$.

c) The raw score for the basic skills test and the assessment of professional teaching, and for new subject matter knowledge tests first administered after December 31, 2002, shall be transformed to a scaled score ranging from 100 to 300, with 240 established as the passing score. The passing raw score shall always be equal to a scaled score of 240. The following formula shall be used to transform raw scores to scaled scores, where MAX means the maximum raw score, CUT means the passing raw score and X means the number of multiple choice items correctly answered or the number of holistic score points assigned to a constructed-response item or section, as applicable:

1) If X is greater than or equal to CUT, then the scaled score is $240 + 60\left[\frac{X - \text{CUT}}{\text{MAX} - \text{CUT}}\right]$.
2) If X is less than CUT, then the scaled score is $100 + 140X/\text{CUT}$.

d) Scaled scores are rounded to the nearest integer except between 69 and 70 and between 239 and 240. To ensure that a score just below passing is not equated with a scaled score of 70 or 240, scaled scores between 69 and
70 will be considered 69, and scaled scores between 239 and 240 will be considered 239.

e) In order to pass the basic skills test, a person must receive a passing score on the test as a whole and must also receive at least the minimum acceptable score in each of the subareas of reading, writing, grammar and language arts, and mathematics, at the same time.
