January 13, 2004
100 North First Street, Springfield, Illinois

| CALL MEETING TO ORDER/ROLL CALL | Mr. Jesse Ruiz, Chairman, called the meeting to order at 9:40 a.m. Chairman Ruiz asked Ms. Jean Ladage, Assistant to the Board, to call the roll. A quorum was present. Dr. Randy Dunn, Interim State Superintendent of Education, was also in attendance. Chairman Ruiz announced that the Board meeting was being webcast live over the Internet. The Chairman asked all Board meeting speaking participants to talk loud enough so that the internet listeners could hear their remarks. Members Present: Mr. Jesse Ruiz, Chairman Dr. Christopher Ward, Vice Chairman Dr. Vinni Hall, Board Secretary Dr. Andrea Brown Mr. Dean Clark Dr. David Fields Ms. Brenda Holmes Ms. Joyce Karon Mr. Edward Geppert, Jr. Members Absent: None |
| PUBLIC PARTICIPATION | Mr. Bill Schreck and Mr. Jay Runner, representing the Illinois Committee for Agricultural Education (ICAE) spoke to the Board regarding agricultural education. Mr. Schreck and Mr. Runner were concerned about the adequate funding of the agricultural education line item in the State Board’s budget. They also informed the Board that the money received had been very instrumental in the success of the agricultural education programs implemented in Illinois. They asked the Board to continue supporting the agricultural education line item funding in the budget. Mr. Don Smoot, of Three Rivers EFE System, spoke to the Board with his son Seth Smoot regarding the importance and success of career and technical education (CTE). They asked the Board for its continued support for funding and staffing for career and technical education. Board members asked questions regarding NCLB and CTE. Ms. Phyllis Pickett, representing the Illinois Association for Health, Physical Education, Recreation, and Dance (IAHPERD), spoke to the Board regarding her concerns about physical education waivers. She believes that healthy, active children are better learners. Board members commented regarding district prioritization of physical education, NCLB, funding, and tracking of information data. Mr. Dean Clark asked Chairman Ruiz about the ISBE Condition of Education Report. Superintendent Dunn said that he would address this issue during his Superintendent’s Report. |
| APPROVAL OF MINUTES: December 16 & 23, 2004 | Mr. Ed Geppert moved that the State Board of Education approve the minutes for the meeting on December 16, 2004, and for the Special Board meeting on December 23, 2004. Joyce Karon seconded the motion and it passed with a unanimous voice vote. |
| ANNOUNCEMENTS AND REPORTS: | The Superintendent answered Mr. Dean Clark’s question about the ISBE Condition of Education Report by informing the Board that the State Board has a statutory requirement to file this report with the Governor and the General Assembly. He noted that the report would be filed on January 14, and it will include the required data reporting requirements. He also explained that ISBE understands that this report is not statutorily tied to a budget process and he told the Board that the report would be e-mailed to them on Friday, January 14, and also overnight mailed.

Superintendent Dunn commented regarding his gratification of the 93rd General Assembly’s approval of the supplemental school consolidation funding. He noted that as soon as the Governor signs the bill, and the comptroller signs off on it, the checks will be sent out to the districts. Dr. Dunn said that this success was made possible by the ISBE cost-savings proposal that he outlined for the Board a couple of months ago.

He informed the Board that work is being done to prepare a report for them regarding matriculation data on students leaving Illinois high schools, and possibly tying this data to the ACT. He said that this information would also be provided to the Joint Education Committee members. This report will be prepared by working closely with the Illinois Education Research Consortium (IERC) as part of its JEC responsibility.

He reiterated to the Board members that ISBE Certification Division employees had completely eliminated the Chicago teacher certification backlog, and were working hard to do so for the rest of the state. He commented to the Board members about the dedication and hard work of the Certification Division staff. He noted that the backlog has been reduced by 87% in just fewer than four months. Dr. Dunn said that the backlog would be completely eliminated by the end of January.

Superintendent Dunn commented and discussed the rules streamlining initiative. He reported that 11 rule parts have already been identified for elimination. He noted that these rule parts represent almost 20% of ISBE rules that either relate to unfunded programs or are otherwise unnecessary, and in total, they represent over 300 pages that have been identified for elimination.

Superintendent Dunn noted that he continues the “less red tape” tours around the state and on January 14, he would be at Olympia School District to solicit input from educators and community members. He noted that there is also continued use of the less red tape e-mail to gather input.

Dr. Dunn updated the Board regarding the State Board’s work with the PTA to redesign the School Report Card to add a “snapshot” that parents can easily understand. He told the Board that the ISBE website will have a survey that parents can fill out to inform ISBE what information they would like to see included on the “snapshots.” Superintendent Dunn said that the PTA is sending out paper copies of the survey questionnaire to all of its local affiliates, and he publicly thanked them for their support.

| Chairman’s Report | Chairman Ruiz reported that Mr. Dean Clark will be representing the Board by attending the NASBE Governmental Relations Committee meeting on January 14-15 in Alexandria, Virginia. In addition, Ms. Joyce Karon has been asked to serve on the NASBE Study Group for Middle School & Secondary School Literacy, and Dr. Andrea Brown has been asked to serve on the NASBE Value Added Assessment Study Group. Dr. Chris Ward is working with NASBE to get more resources into the Board to help everyone |
work more effectively.

He also mentioned that Dr. Brown, Ms. Karon and Mr. Ed Geppert are serving on the Education Trust Grant Work Group for Improving Teacher Quality of Illinois Media Student in Schools.

Chairman Ruiz announced that he and Ms. Joyce Karon are serving as members of the Joint Education Committee and Dr. Dave Fields is the alternate member.

He said that Dr. Vinni Hall is serving as the State Board's representative on the Early Learning Council and Ms. Brenda Holmes will be representing the State Board as a Commissioner on the Education Commission of the States (ECS). He concluded his remarks by thanking the Board members for their outreach and efforts to bring valuable resources to the Board.

Strategic Plan Discussion
The State Board, pursuant to PA 93-1036, must develop and maintain a continuing 5-year comprehensive strategic plan for elementary and secondary education. Their Strategic Plan is further required to reflect 15 different topic areas as spelled out in PA 93-1036, either explicitly or cross-referenced within the plan.

The Superintendent and Board members discussed the Strategic Plan to determine priority goals areas and parameters. Dr. Dunn shared with the Board a draft document regarding his suggested potential goal areas for the Strategic Plan. They included the following goals as possibilities:

- Highlighting Exemplary Educational Practices
- Enhancing Literacy
- Improving Teacher Quality and Retention
- Expanding School Business and Support Practices
- Building School Leadership Capacity
- Supporting Career and Technical Education
- Promoting High School Reform
- Streamlining Certification
- Building Collaboration and Community Partnerships
- Promoting Positive Learning Environments
- Improving Data-Driven Decision Making Through Technology
- Enhancing Regional Service Delivery

Superintendent Dunn went on to discuss his preliminary thoughts regarding his draft goals document and noted that he had developed these by looking at broad policy areas that he thought had implication for change in Illinois.

Dr. Dunn recommended to the Board that they provide him with any changes regarding his goals document. He would then incorporate the consensus of members’ comments into a revised goals document for the Board members to rank in order of importance to them. He noted that the agency division administrators will also rank the updated goals document so that this information from the staff and Board would be available for review at the February State Board meeting.
