## RESOLUTIONS & RECOGNITION

**Ms. Jacqueline Bolger Recognition**

Chairman Ruiz introduced Ms. Jacqueline Bolger, the 2005-2006 Illinois Teacher of the Year. He noted that Ms. Bolger has been teaching French for 28 years, 24 of them at Hononegah Community High School in Rockton. Chairman Ruiz said that Ms. Bolger has been listed three times as Who’s Who Among America’s Teachers and has won two grants through the Ecolab Quest for Excellence Foundation. He stated that these grants have enabled her students to explore numerous educational opportunities that otherwise would not have been offered to them. She is very proud of her professional honors and is most proud of the impact she has had on her students. She believes that the truest measure of success is not how many awards you receive but rather to have one student say “thank you” at the end of the school year. As Illinois Teacher of the Year, Jacque will spend the fall semester traveling around the state as an ambassador for teachers. She will address audiences in school districts, in colleges, and in community organizations. During the second semester she may choose to return to the classroom, create a project that will benefit students across the state or use the time as a sabbatical.

Ms. Jacqueline Bolger, spoke on her career as a French teacher and how excited she was to be chosen as 2005-2006 Illinois Teacher of the Year. Ms. Bolger is from Davenport, Iowa, and was raised in the Chicago area; she attended both public and private parochial schools. Jacque has a college education with a Liberal Arts Degree, she majored in French, with a minor in Social Studies. She student taught at Trinity High School in River Forest to complete her teaching degree. It was at that point she knew that she made the right choice to be a teacher. As Illinois Teacher of the Year, Ms. Bolger will focus on the importance of electives, and how unfortunate it is that they are the first courses to go when a school district has financial trouble. Ms. Bolger’s
other efforts will be respect for other people & cultures, funding, and service learning. Her hope as Teacher of the Year is to express to her students the importance of giving back. Ms. Bolger thanked everyone for giving her the opportunity to be Illinois Teacher of the Year.

Superintendent Dunn also recognized Ann Muraro who coordinates the Teacher of the Year Program.

Joyce Karon asked that the Board schedule a time for Ms. Bolger to return to the Board and report back in six months or so regarding her experiences. Chairman Ruiz agreed and would like to discuss the possibility of having a description of her travels and experiences on the website.

**PUBLIC PARTICIPATION**

The Chairman announced that there would be a separate sign-in sheet for Public Participation regarding the following topic: Adequate Yearly Progress (AYP) Appeals Advisory Committee Recommendations. He noted that participants wishing to address the Board would be able to do so when the topic was discussed in the meeting.

Chairman Ruiz then proceeded by calling the regular Public Participation participants.

**Steve Pines, representing Education Industry Association**, spoke to the Board regarding Supplemental Education Service requirements. Mr. Pines pointed out that he wouldn’t need a complete five minutes because he did have an opportunity to speak to the Education Policy Committee on Wednesday. He complimented the Board for their guidance in the oversight and administration of Supplemental Education Services. However, he reiterated his concerns regarding the plan for the Board to move forward so quickly with the rules. Mr. Pines closed with the comment that he looks forward to working with staff over the coming months to make the implementation more seamless.

**Mr. Bill Schreck, representing the agricultural education community**, thanked the State Board for support of not only the agricultural education line item, but funding for all areas of education in the ISBE budget. Mr. Schreck closed by saying that they appreciate the State Board’s effort and they look forward to working with them.

**Erica Harris, Program Manager, Supplemental Educational Services, Chicago Public Schools**, spoke to the Board in support of the progress that has been made in regards to ensuring accountability within the SES industry in Illinois. Ms. Harris indicated that Chicago Public Schools fully supports the adoption of the proposed new rules and procedural changes. This leadership and guidance from ISBE, particularly regarding the transparency of financial reporting and the monitoring and evaluation of provider service, will ensure high quality tutoring programs for thousands of eligible students. SES is a huge administrative responsibility for districts. CPS welcomes any state support and additional tools that the state can offer that might make their job easier and allow them to function more efficiently. Chicago Public Schools pledges their support to working with the Illinois State Board of Education to implement the proposals. They believe that more CPS students will be able to participate in valuable, high-quality tutoring as a result, and they urge the Board to approve the proposed emergency rules and procedural changes.

**Motion:**

Mr. Ed Geppert moved that the State Board of Education hereby certifies that, effective June 16, 2005, Gallatin Community Unit School District 7 in Gallatin County is in financial difficulty pursuant to Section 1A-8 of the School Code:

This certification is authorized under Section 1a-8(3), in that for two consecutive years the district’s annual financial report has shown an excess of expenditures and other financing uses over revenues, other financing sources and beginning fund balances for the aggregate totals of the Educational, Operations and Maintenance, Transportation and Working Cash Funds. The State Board of Education directs the State Superintendent of Education to proceed immediately with the actions required by law and to provide the school district with appropriate technical assistance and support.

Further, the district is required to develop, adopt and submit a financial plan pursuant to guidelines which will be presented to each district by the State Board of Education. Further, since statute requires the State Board of Education to approve said financial plan prior to the issuance of bonds, notes, teacher orders, tax anticipation warrants or other evidence of indebtedness, each said district in need to issue such indebtedness for immediate cash flow purposes between June 16, 2005, and September 22, 2005, shall notify the State Superintendent of Education, in writing, of such need, and the State Superintendent of Education shall approve or deny the issuance of indebtedness. The financial plan shall also reflect the issuance of the indebtedness. Upon denial of such indebtedness or after September 22, 2005, in accordance with section 1A-8 of the School Code, no such indebtedness shall be issued to the district until the financial plan reflecting such is approved by the State Board of Education.

Vinni Hall seconded the motion and it passed with a unanimously voice vote.

Superintendent Littleford of Altamont School District #10 chose not to send a representative today, as he is pleased with the suggestions and the outcome and felt that his point had been made. Superintendent Ed Rafferty of Schaumburg School District #54 sends his apologies for not being here today, he has a board meeting tonight and has sent Ms. Pamela Samson, Principal at Eisenhower Junior High and Ms. Darlene Kapff, Instructional Coordinator and Director of Assessment to speak on behalf of the Schaumburg School District #54. Ms. Pamela Samson and Ms. Darlene Kapff were given the opportunity to address the Board regarding their AYP Appeal.

Public Participation
Ms. Kapff asked for fair and equal treatment for the students of Eisenhower Junior High School District #54 as they tell their story. The school did not receive sufficient notification of AYP status to change curriculum and instruction nor to introduce specific
interventions between the December 2004 notification and March 2005. None of the data is formatted or computerized to be used in a sufficient matter. The data must be painstakingly reviewed and hand calculated. This task must be done each year as part of the data verification process required by the State Board prior to sending out school report card and announcing final AYP designations. This manual review causes increased possibility for human error.

Ms. Kapff asked the following three questions of the board:

- How should the school district know that Eisenhower’s status had moved to early academic warning for the first year without official notification from the State Board of Education prior to start of the school year?
- Would you send a failing school notice out to your teachers, parents and community members based on the preliminary data?
- Is it, or is it not; the law which requires official notification of school improvement status prior to the beginning of the school year as it states in the Accountability Workbook? The state shall present evidence showing that AYP decisions and notification by improvement status are made prior to the beginning of the next school year. They received their official notification from the state in December, right before Christmas break.

Mr. Ed Geppert asked that the State Board be supportive of Schaumburg School District. Ms. Joyce Karon agreed and stated that when districts are as diverse and as large as Schaumburg School District, it is difficult to work with all the subgroups when they are constantly moving and shifting.

Dr. Andrea Brown asked about the interventions that were taken and which subgroups each year most affected the AYP Status. Ms. Karon also asked about the number of subgroups the school has.

Dr. Vinni Hall expressed concerns about putting the agency in jeopardy with the USDE.

**Motion:**
Dr. Andrea Brown moved that the State Board of Education will uphold, in part, the recommendation of the Appeals Advisory Committee, which upheld the 2003-04 AYP status recommendation by the staff for Schaumburg #54. She further moved that while Eisenhower Junior High School has indeed made progress over time, one or more subgroups per year (Students with Disabilities in 2003 and Hispanic students in 2004) the school did not make AYP in the same content area (mathematics) two years in a row. Dr. Chris Ward seconded the motion and it passed with the following roll call vote.

Dr. Andrea Brown - Yes
Mr. Dean Clark – No
Dr. David Fields – Yes
Mr. Ed Geppert, Jr. – Yes
Dr. Vinni Hall – Yes
Ms. Brenda Holmes - No
Ms. Joyce Karon – No
Dr. Christopher Ward – Yes
Mr. Jesse Ruiz - Yes

**Motion:**
Ms. Joyce Karon moved that the State Board of Education will uphold the recommendations of the Appeals Advisory Committee, which upheld the 2003-04 AYP
status recommendations by the staff for Altamont #10. The Appeals Advisory Committee cannot address the issue of school district configuration and fairness. While the idea was discussed of defining a full academic year to include a student with disabilities being identified for service prior to the beginning of that year, this issue is considered outside of the purview of the Committee. Dean Clark seconded the motion and it passed with a unanimous roll call vote.
