<td>Chairman Ruiz welcomed the Student Advisory Council Members (SAC) to the Board meeting and introduced Anna Bittman, Student Advisory Council President from New Trier High School. Ms. Bittman thanked Andrea Wingo, 2006-07 Advisor to the Student Advisory Council, for all of her assistance. She also introduced members Alix Olian from Highland Park High School and Sam Schoenberg from Springfield High School. Several of the SAC members introduced themselves to the Board members and updated them on the projects the SAC is undertaking for their May 2007 Board presentation. The SAC has been working on a project they call the Shadowing Experience Project. The project is a student exchange program that allows SAC members to visit and experience the school of another member. The SAC members with the help of 2006-2007 Illinois Teacher of Year Joe Fatheree have been devising effective methods to obtain their mission statement goal. Mr. Fatheree is helping the students create a video for the May presentation that shows the experiences and differences in the student’s lives and schools. Other students present at the meeting were Michael Byerley from Lemont High School, Joya Anthony from East St. Louis Senior High School, Stephanie Matos from Carl Schurz High School, Nick Diaz from West Leyden High School, Andrea Lockley from East Richland High School, Kent Kiefer from Hamilton County High School, Micah Berman from University Laboratory High School, Emma LePere from Belleville Township High School-West, Ryan Ornstein from Grayslake North High School and Alison Tharp from Newton Community High School.</td>

Dr. Hall moved that the State Board of Education adopt the resolution recognizing Dr. Cleo Arthur Boswell for her dedication to the Illinois State Board of Education. Dr. Fields seconded that motion and it passed with a unanimous voice vote. Chairman Ruiz presented the resolution to Dr. Boswell and thanked her for her service to the agency and wished her well on her retirement. Dr. Boswell said the she will be working at Northeastern Illinois University and looks forward to the opportunity to help teachers and principals through the mentorship program. She also stated that it has been a wonderful opportunity to work for the State Board of Education and she wished the agency future success.

Superintendent Koch introduced and welcomed Mr. Matt Vanover, the Agency’s new Director of Public Information and Ms. Kristi Kenny who will be a working in our Governmental Relations area as a liaison to the General Assembly.

### Public Participation
Mr. Bill Schreck, retired agriculture teacher from Riverton, Illinois and two students, Ms. Mallory Daugherty and Ms. Megan Ott shared with the Board a calendar of events to celebrate Future Farmers of America Week (FFA). Mr. Schreck stated that they have also received a Proclamation signed by the Governor and the President honoring National FFA Week. Mr. Shreck, Ms. Daugherty and Ms. Ott asked that the Board continue to support the Agricultural Education line item in the budget for FY 2008 and invited the Board to attend the State FFA Convention on June 12-14, 2007 at the Prairie Capitol Convention Center in Springfield.

### Superintendent’s Report
**Consent Agenda Items and Motions**
Chairman Ruiz commented that all items listed with an asterisk (*) on the agenda are considered to be routine and will be enacted in one motion and vote. Any Board members who wishes separate discussion on any item listed on the consent agenda may remove that item from the consent agenda and the item will be considered in its normal sequence.

Chairman Ruiz stated that consent agenda item D 5. Spring 2007 Mandate Waiver Report will be removed from the consent agenda and considered in a separate item for discussion.

Superintendent Koch gave the Board members a brief summary of the items on the consent agenda.

Chairman Ruiz asked for a motion regarding the consent agenda.
### Motion:
Ms. Karon moved to request that the Spring 2007 Mandate Waiver Report be removed from the consent agenda and that the remainder of the items approved. Dr. Fields seconded the motion and it passed with a unanimous roll call vote.

The following motions were approved by action taken in the consent agenda motion:

### Request for Dissolution of Livingston Financial

Ms. Deb Vespa, Division Administrator for School Business and Support Services briefed the Board on the prior finances of Livingston School District.
| Oversight Panel                                                                 | Ms. Vepsa then introduced Dr. Curtis Smith, Chairman of the Financial Oversight Panel (FOP) of Livingston School District. Dr. Curtis presented the Board with a power point presentation regarding the history of the district’s financial status prior to the annexation into Staunton Schools. Dr. Smith thanked fellow panel members Robert Stuart and Maurice Hesse, Deb Vespa, Carl Holman and ISBE staff for all of their resources, Jim Tapscott, Administrator, Harry Briggs, Madison Co. ROE, Kyle Hafka, Staunton Superintendent and the Illinois American Federation of Teachers/Illinois Federation of Teachers for their referendum resources. He also thanked the Livingston community for their commitment and support. Mr. Geppert thanked Dr. Smith and the Financial Oversight Panel for all their hard work and leadership.  

Mr. Ed Geppert moved that the following motion be adopted:  
Whereas the Livingston School Districts has formally dissolved and annexed into the Staunton School District, effective July 2004 and;  
Whereas the Livingston Financial Emergency Assistance Loan has fully been repaid to the Illinois State Board of Education as of January 2007;  
Mr. Dean Clark seconded the motion and it passed with a unanimous voice vote. |
| Update List of Supplemental Education Service Providers | Ms. Karon moved that the following motion be adopted:  
Whereas the No Child Left Behind Act of 2001 requires that the State Board of Education promote maximum participation of Supplemental Educational Service providers and maintain an updated list of approved providers, the applicants indicated on Attachment 1 are approved for addition to the Illinois Approved List of Supplemental Educational Service Providers.  
Dr. Fields seconded the motion and it passed with a unanimous roll call vote. Dr. Hall voted “No”.  
Dr. Brown asked how many providers are on the Supplemental Education Service providers (SES) waiting list to be approved and how long they have been on that list. Mr. Patrick Lee, External Assurance, responded saying there are 16 applicants from the October 31, 2006, deadline and one of them is before the Board for approval today. That leaves 15 providers, with 7 of those 15 providers in the various stages of the review process. The last 8 providers are almost complete.  
Mr. Geppert asked how many SES providers are now approved. Mr. Lee responded that there were 99 as of August 2006. An additional 16 providers are likely to be approved, bringing the number of approved providers up to 115. There is also a new application window that ends the week of February 28, 2007, which will bring in more providers for approval. Mr. Lee stated that he will get an updated list |
of approved SES providers to the Board.

Dr. Koch and Dr. Reynolds noted that there is a strong interest in SES providers by the Department of Education. They are looking at flexibility for the state. The Department of Education wants to know if districts can offer SES for tutoring, and what the capacity would be. Dr. Reynolds stated that there is also increasing attention at the federal level on the effectiveness of SES providers. Not only are we going to be able to gather some of our own data about the impact that these providers have made on AYP, but there will be a strong overall national look at whether or not these providers are actually adding value.

### Election of Board Vice-Chair and Secretary

**Vice-Chair**

Chairman Ruiz asked the Nominating Committee if they had a nomination for the office of Vice-Chair. Dr. Fields nominated Dr. Chris Ward for Vice-Chair. Chairman Ruiz asked if there were any other nominations from the floor and there was no response. Ms. Karon moved to close the nominations for Vice-Chair and Ms. Holmes seconded the motion. Mr. Geppert seconded the motion nominating Dr. Ward as Vice-Chair and it passed with unanimous roll call vote.

**Secretary**

Chairman Ruiz asked if there was a nomination for the Office of Secretary. Dr. Brown nominated Dr. Vinni Hall for Office of Secretary. Chairman Ruiz asked if there were any other nominations from the floor and there was no response. Mr. Geppert seconded the motion nominating Dr. Hall as Secretary and it passed with a unanimous roll call vote.

### ANNOUNCEMENTS AND REPORTS:

#### Illinois Board of Higher Education Liaison Report

Chairman Ruiz introduced Dr. Proshanta Nandi who has been joining the Board meetings as a representative from the Illinois Board of Higher Education (IBHE). Dr. Nandi gave the following brief summary on the February 6, 2007, IBHE meeting held at the Hilton Hotel in Springfield, Illinois.

- Received an update from IBHE Strategic Planning Committee and a recommendation from the Committee will follow in the weeks to come.
- Received a presentation on the link between economic growth and education by Robert Sheets, Policy Advisor, Illinois Department of Commerce and Economic Opportunity.
- Gary Alexander reported and discussed the Institutional Program Review
- IBHE approved new programs of instruction at independent and out-of-state public community colleges and universities.
- Approved FY07 allocation of $1.5 million for Expansion and Improvement Grant projects under the Nursing School Grant Program
- Received a report by Don Sevener on the Feasibility of Textbook Rental Programs and Other Textbook Cost-Saving Alternatives.
- Carrie Hightman will replace James L. Kaplan as Chairman of IBHE who will be retiring from the Board.

Dr. Koch took a minute to thank the Board and agency staff for all the extra hours and hard work they put in, whether it is preparing the Board packet, dealing with assessment scores and contractors, or attending legislative hearings. It does not go unrecognized and the work is making a difference in helping children in Illinois fulfill their educational needs. Superintendent Koch then asked senior staff if they had any updates that they would like to share.
Dr. Ginger Reynolds, Assistant Superintendent of Teaching & Learning Services shared with the Board a new Career and Technical Education Revitalization Initiative CD with demonstrations and lessons that are aligned to the Illinois Learning Standards. Mark Williams, Division Administrator for Career Development and Preparation gave each of the Board members a copy of the demonstration CD. Mr. Williams stated that the CD’s will be given out to all Directors and Assistant Directors of Area Vocational Centers and it will soon be available to all people on the website.

Mr. Don Evans, Director of Human Resources, Professional Development and Conference Planning stated that in cooperation with managers and both unions new evaluation forms for both bargaining units have been implemented. In the area of Professional Development, bi-monthly managing/teambuilding workshops are being planned as a result of a request from management. Mr. Evans stated that Human Resources is looking to streamline the hiring process and expand the search by collecting data. Data improvements will then be made to facilitate the process within the guidelines of the union contracts. In an effort to promote consistency in policy we are updating the 1998 Human Resource Manual with the help of senior staff.

**Chairman’s Report**

Chairman Ruiz announced that all committee appointments for the next two years will remain the same and thanked committee chairs and members for their service on those committees as that is where the bulk of the Board’s ground work gets accomplished.

Chairman Ruiz reported that he had participated in the following meetings since the last Board meeting:

- **January 19**  First visit to read to 2nd graders at Ortiz De Dominguez Elementary School as part of the Real Men Read Program sponsored by Chicago Public Schools.

14. Adjourn

* Items listed with an asterisk (*) will be discussed in committee and Board action may be taken in the plenary session.
The Education Policy Planning Committee meeting convened at 10:30 a.m.

1. **ROLL CALL:** David Fields requested roll call to be taken. See above.

2. **BOARD MEMBER PARTICIPATION BY OTHER MEANS:** There was no participation from the board members through any other means.

3. **PUBLIC PARTICIPATION:** Roger Thornton, Terri Busch, Tim Cannon and Bob LeFevre, all of Township #211, were in attendance to obtain support of a pilot program to allow students to retake the PSAE in the spring of their senior year.

   **(ORIGINAL AGENDA ITEM #11 PSAE PILOT PROPOSAL FROM DISTRICT 211 MOVED TO PUBLIC PARTICIPATION)(Becky McCabe):** Becky McCabe was in attendance to state her concerns about additional state testing. The following implications were discussed with regard to this pilot:
   - Legislative and compliance issues with requiring students who do not meet the standards;
   - Consequences if students do not pass the PSAE the second time;
   - Cost implications;
   - Issues with scores and accurate data collection; and
   - Limited resources and time issues at district and state levels

   The Committee will discuss this issue further in March.

**PUBLIC PARTICIPATION:** Jon Furr of Holland and Knight and Kelly James from the Gates Foundation were in attendance to discuss their proposed Memorandum of Understanding (MOU) with the Governor’s office and the Gates Foundation. Ms. James summarized with the Committee the information that was in her handout. Mr. Furr spoke about the partnering with the Foundation on a national project, which has two major stands.

- To increase collaboration among a number of national core partners including CCSSO, NGA and NASBE and the Foundation with Holland and Knight coordinating technical assistance efforts.
- To choose five to eight states to provide sustained technical assistance on work readiness issues.
Mr. Furr proposed that Illinois be one of these states. Ms. James stated that the Foundation has done most of their work at this point with the Chicago Public Schools and charter schools in Chicago.

The Committee instructed the Superintendent to continue talking with Gates and to bring this item to the March meeting for a more thorough discussion.

**ORIGINAL AGENDA ITEM #10 GUIDELINES FOR SCHOOL-COMMUNITY PARTNERSHIPS MOVED TO PUBLIC PARTICIPATION.** (Barbara Shaw): Barbara Shaw of the Illinois Violence Prevention Authority was in attendance to discuss and obtain the Board’s support for the Guidelines for School-Community Partnerships. Interim Superintendent Koch thanked Ms. Shaw for her assistance to our agency and the Committee responded favorably to her efforts.

4. **MINUTES OF THE JANUARY 2007 EPPC MEETING:** The Committee approved the minutes for the January 2007 EPPC Meeting.

5. **HIGH SCHOOL EMERGING ISSUE DISCUSSION:** Mark Williams began by stating that this year’s High School Conference is June 14 and 15, 2007 in Bloomington. Willard Daggett and Dr. Noguera will be presenting at this conference. Mr. Williams stated that the focus for the June 2007 conference will be on professional development.

Board members asked staff to clarify how the MOU with the Gates Foundation and the Board’s work with the High School Coalition can fit together to result in a unified approach.

Becky McCabe invited the Board members to the Coalition meeting on Monday, February 28th. She further stated that the Coalition is anxious to have a dialogue with Board Members and encourages them to attend the Coalition meetings. Arrangements have been made to allow for as many members that wish to participate to do so.

The Committee plans to revisit this issue once again in a substantial discussion at the March meeting.

6. **DEFINITION OF TECHNOLOGY LITERATE (Dana Kinley):** Dana Kinley and Glenda Bequette were in attendance to obtain the Board’s approval on the Definition of Technology Literate and hope for adoption of this at the March Board meeting. They stated that the USDE notified states in 2005 that of a requirement to define the term “technology literate.” Ms. Kinley stated that the proposed definition is broad enough in scope and foundation to provide a universal description of technology regardless of grade level.

This agenda item will be brought back to the full Board for adoption.

7. **REVIEW OF READING FIRST GRANT OVER $1 MILLION (Dana Kinley):** Dana Kinley was in attendance to obtain the Committee’s retroactive approval of the FY07 Reading First Grant that exceeds $1 million.

The Committee approved for this item to go to the full Board at the plenary session.

8. **REVIEW OF MATHEMATICS AND SCIENCE PARTNERSHIP RFP (Dana Kinley):** Ms. Kinley asked for the Committee’s review of the Math and Science Partnership RFP. She stated that through an advisory panel which began in 2002, the focus is on institutions of higher education to develop masters degree programs with appropriate endorsements in math and science to increase the number of teachers in Illinois who are highly qualified in math and science.

The Committee approved for this item to go to the full Board at the plenary session.

9. **REVIEW OF PRESCHOOL FOR ALL RFP (Kay Henderson):** Kay Henderson was in attendance to obtain permission for the release of the Preschool for All RFP for FY 08. She stated that Interim Superintendent Koch gave her permission to make this retroactive. Further, we are asking for authorization from the State Superintendent to enter into the grant agreements that will be come out of the RFP that will be in excess of $1 million.
The Committee approved for this item to go to the full Board at the plenary session.

10. ILLINOIS NEW TEACHER COLLABORATIVE INFORMATIONAL UPDATE (Linda Kolbusz-Kosan, INTC, Nancy Johnson and Linda Jamali): Linda Jamali began by stating that the Illinois New Teacher Collaborative program is housed at the University of Illinois. She stated that Ms. Kolbusz-Kosan will be giving an update on the ten pilots for induction and mentoring that is in progress around the state. She introduced Linda Kolbusz-Kosan, who is the Program Coordinator for the Pilot programs. Linda Kosan commented that this has turned out to be a well-planned pilot program and stakeholders are pulling funding together. She added that Illinois was cited at a symposium as being one of the most progressive states due to a well-planned pilot program.

She informed the Committee that 40 districts, 680 new teachers, 351 mentors and over 22,000 students are being served. She added that there is diversity throughout the state, as the Board requested. Ms. Kosan invited the Board members to the INTC statewide conference on February 27 and 28, 2007, at the Hilton in Springfield.

11. COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS:
   - More discussion on the NBCT presentation for NCLB Reauthorization position and the International Teacher Recruitment and Exchanges.
   - More discussion on the high school issue with the Committee of the Whole
   - Interim Superintendent Koch suggested discussion regarding International Teacher Recruitment in the near future (possibly April)
   - Dr. Fields stated that at a later date, we will get the update on SES.

12. ADJOURNMENT: Vinni Hall moved to adjourn the EPPC meeting and Ed Geppert seconded the motion. The EPPC meeting adjourned at 12:30 p.m.

2. DISCUSSION ITEMS

A. Discussion of Livingston Financial Oversight Panel
Deb Vespa stated that the Livingston Oversight Panel has been in existence for four years now. Two years ago the Livingston School District dissolved and annexed into Staunton School District. The reason they could not dissolve the Financial Oversight Panel at that time was due to the outstanding financial emergency assistance loan. Staunton has paid back all of that debt to the State Board of Education. Dr. Curtis Smith, Superintendent of Staunton, would like to request the Board’s approval to dissolve the Oversight Panel. He will be coming to tomorrow’s Board plenary session to make a presentation.

B. Update on Districts in Financial Distress
Deb Vespa discussed the three school districts that were certified and noted that two of the three are progressing well.

Divernon is continuing on their path to dissolution. They have gotten through the opposition petition period. They will dissolve into the Auburn School District. If payments come through for the General State Aid and Mandated Categoricals by June 30 as anticipated, they may be about $100,000 better off than what their plan projected. There were some families that wanted to go to Pawnee so when they drew the new boundary lines for the new Auburn district they put those families where they wanted to go.

Winthrop Harbour passed their referendum. Their budget has not been revised yet. Once the taxes are received they will be revising their budget and will be making the adjustments on our reports accordingly.

ISBE continues to monitor the Harrisburg School District very closely. The district did try for a working cash fund bond, however, it was petitioned again. They may go forward in April and try to put it on the ballot to see if the community will vote for it. It will be used for a relief of debt and restructuring and not for operational purposes. The Superintendent is meeting with some opposition, but he is working very diligently to impress upon the board and the community the importance of this for the future of the school district and that the district has to live within the accordance of the plan the State Board has approved.

C. Quarterly Update on Reconciliation of Audit Findings
Lisa LaBonte discussed the Financial and Compliance Audit for FY05. The findings related to the GED and TAMS are gone as ISBE is no longer responsible for the GED program and TAMS has closed. The agency still has two non-compliance with mandates findings and those will be there for a long time unless we can get the School Code changed. A number of the issues have been
taken care of and will not be repeated in our 06 audit. Lisa LaBonte is working with agency staff on legislation to get the appropriate mandates repealed if they are no longer applicable, and the agency is taking action to take care of other issues.

The Legislative Audit Commission (LAC) accepted the FY05 audit at their December meeting. ISBE did not have to appear before the LAC as they did not have any major issues or questions.

ISBE had their FY06 Financial and Compliance Audit exit conference last week. The agency is developing responses to the findings. ISBE should have the final Financial and Compliance Audit for FY06 in the beginning of April from the Auditor Generals office.

ISBE has implemented a number of corrective actions to resolve findings from the FY05 A133 Statewide Single Audit. On other issues the agency has gotten a response from the U.S. Department of Education that contradicted the auditors’ earlier findings. ISBE made the auditors aware of this as they conduct the FY06 A133 audit.

D. FY08 Budget Update
Linda Mitchell discussed the House budget hearing the agency participated in the day before. ISBE will be responding to the committee's outstanding questions.

Ronny Wickenhauser discussed other budget related information, including getting the budget into the Governor's Office of Management and Budget system. He also stated that his support staff had been working on the ISL’s also. Ronny Wickenhauser indicated that Representative Soto, the chair of the House Elementary and Secondary Education Appropriation Committee, stated that the committee would call ISBE back in early March.

3. DECISION ITEMS

A. Minutes of the January Finance and Audit Committee Meeting
Accepted

4. COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS
Linda Mitchell stated that there will be another budget update in March.

ISBE has been gathering AFR reports from our 880 school districts over the last couple of months. Deb Vespa and her staff are in the final stages of compiling this information to give the board the annual report on the financial condition of the districts. The agency has received financial reports from all except two of the districts, one of which will probably not be received because of problems with the townships finances. The township has not been able to be audited.

8. Adjourn

* Items listed with an asterisk (*) will be discussed in committee and action may be taken in the plenary session.
1. **PUBLIC PARTICIPATION:**

There was no public participation.

2. **INFORMATION ITEM:**

The January Governmental Relations committee notes were made a part of the record. The motion was made by Dr. Chris Ward and seconded by Chairman Jesse Ruiz.

3. **LEGISLATIVE UPDATE:**

Nicole Wills and Kristi Kenney provided the Board with an update of bills introduced. They indicated to members that some bills would not have a position indicated as staff had not yet had an opportunity to review those with the Superintendent.

- HB 232 – Two amendments have been proposed to limit those entities that would be prohibited to start or support virtual schools or virtual classrooms. One of these amendments will specifically prohibit virtual charter schools under Article 27A, which had been missing from the original legislation. ISBE will continue to oppose this legislation.

- HB 285 – Establishes a renewable energy grant program that ISBE would administer. Governmental Relations staff has spoken with the sponsor of the legislation and an amendment is being drafted to transfer the grant program to DCEO, which already has expertise in this area, should funds become available.

- HB 357 – ISBE supported this legislation that would allow downstate districts to transfer funds between Transportation, Operations and Maintenance and the Education funds.

- HB 464 – This legislation makes changes to residency for teachers in Chicago. ISBE is supporting this initiative because the Corey H court monitor recommended this change as a way of increasing potential teaching personnel in Chicago Public Schools.

- HB 667 – Requires ISBE to make determinations of violent and gang activity within school district boundaries. If such a determination is made, the school district would be able to transport students under a mile and a half from the school and claim such students for transportation reimbursement. ISBE opposed this legislation because it
requires the agency to decide which areas are considered to have a high level of violent and/or gang activity.

- **HB 693** – Makes changes to student residency with regards to individuals that are providing the student with a nighttime abode.

- **HB 791** – This bill sets up additional procedures for school discipline policies with regards to in-school suspensions and expulsions. Governmental Relations staff intends to speak with the sponsor about her intent with regards to school districts affected and the elimination of certain due process rights for students facing suspensions and expulsions.

- **HB 1030** – This bill would require ISBE to make changes in the annual report to include information on school district expenditures for special education services, including a breakdown of their state and federal reimbursement. After discussing the impact of this legislation with Special Education and School Support staff, Governmental Relations staff has initiated discussions with the sponsor to delay implementation of the bill until July 1, 2008. This would provide ISBE time to adjust internal data control systems and provide districts with information and definitions of various services.

- **HB 115** – This bill requires an HPV inoculation as a part of the school health examinations given in kindergarten/first grade, fifth grade and ninth grade. Data on the number of students taking the test and the number opting out of the test would have to be submitted to ISBE along with other information regarding health examinations and immunizations. Since ISBE’s responsibilities under this legislation only include data collection, the agency will stay neutral on the legislation. SB 10 is similar because it also requires female students get or opt-out of the HPV vaccine and for that information to be reported as part of the student health examination information.

- **HB 193** – Similar to the legislation mandating HPV vaccinations for students as a part of the health examinations, this legislation would require that students receive HIV tests at kindergarten/first grade, fifth grade and ninth grade. Statistical data on whether or not the child took the HIV test would be reported to the State Board along with other health examination records.

- **SB 172** – This bill contains the results of the Graduated Driver’s License Task Force and is being endorsed by the Secretary of States Office. Currently there is little impact on the State Board.

- **SB 396** – Amends Article 14 of the School Code and is identical to HB 317. Currently when a special needs student turns 18, the rights to have input on educational services are turned over to the student unless the child has been adjudicated incompetent. Under this legislation, the State Board can develop a separate level where, using that criterion, the school district could require that decisions concerning special education services remain with the parent or legal guardian, despite the student having control over his or her own decisions in other areas of life. ISBE is opposed to the current legislation, but is discussing this with the sponsor.

- **HB 397** – This legislation is identical to the HB 318, which requires that a special needs student can continue to receive services up until the day before his or her 22nd birthday. This is consistent with the proposed Part 226 rules, so ISBE is supporting the measure.

- **SB 424** – Requires that if a pupil successfully completes one or more of the courses required as a prerequisite to receiving a high school diploma before entering high school, then the pupil shall be given high school credit for that course.
• SB 446 - Makes many changes to the Grow Your Own Teacher Education Act. ISBE has worked on amending this legislation with the Board of Higher Education and individuals from the Grow Your Own Teacher program.

• HB 1142 – This legislation makes changes to the distribution of Truants Alternative and Optional Education Program grants. As currently written, this legislation would give large school districts a greater advantage in receiving funds. ISBE will be opposing the bill in its current form.

• HB 1141 – This legislation would provide $20,000 a year stipends (for five years) to teachers that teach in hard to staff schools.

4. SPRING 2007 MANDATE WAIVER REPORT
Winnie Tuthill presented information on the 2007 Spring Waiver Report. The Board voted to send five waivers to the General Assembly with comment. These waiver requests included:

• A recommendation for denial of the physical education waiver application for Belvidere Community Unit School District;

• A recommendation for a two year approval only for physical education waivers for Plainfield Community Consolidated School District 20 and Aurora West Unit School District 129, and;

• A recommendation for disapproval of substitute teaching waiver requests for North Chicago Community Unit School District 187 and Waukegan Community Unit School.

5. COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS
The March Governmental Relations Committee will include an update on ISBE initiatives and other education-related legislation introduced by the General Assembly.

6. ADJOURNMENT
Committee member Dean Clark made the motion to adjourn and it was seconded by Chairman Jesse Ruiz.

8. Adjourn

* Items listed with an asterisk (*) will be discussed in committee and action may be taken in the plenary session.
Chairman Ruiz called the meeting to order at 12:55 p.m.

1-2. All Board members were present, so there was no need for Board member participation by other means.

3. It was announced that no one had signed up for public participation.

4. David Fields moved approval of the minutes of the December 2006 and January 2007 meetings. Vinni Hall seconded the motion and the minutes were approved as presented. Discussion moved to the remaining agenda items, beginning with item 5.

5. RULES FOR INITIAL REVIEW

PART 1 (Public Schools Evaluation, Recognition and Supervision)
Assistant Superintendent Ginger Reynolds explained that the U.S. Department of Education had affirmatively stated it would not permit implementation of the accountability-related policies put in place via P.A. 94-666. Consequently there was a need to eliminate the various duplicate provisions in Part 1 that indicate the alternative means of treating these issues according to whether ISBE received USDE’s disapproval or not. General Counsel Darren Reisberg also noted that several references to the State Board that were found in these provisions were being revised to refer to the State Superintendent instead. In addition, an amendment to Section 1.30 would reflect the necessity for having some schools participate in pilot studies more than once every four years. Board members had no questions relative to this rulemaking.

PART 25 (Certification)
Division Administrator Linda Jamali outlined the topics covered by this set of amendments, which included the “teacher leader” endorsement and alternative route to administrative certification that had been newly established by P.A. 94-1039; an effort to streamline the acquisition of endorsements in certain foreign languages; revision of the rule on credit for student teaching done during time when individuals are being paid, which responded to two recent statutory changes; and changes to the rule on conditions of certification testing to require fingerprinting. Ms. Jamali noted that this last set of changes would alleviate the problem that arises when someone arranges for another individual to take certification tests in his or her name. She explained further that the
thumbprint to be provided would only be used when there were questions as to the identity of a test-taker.

There were no questions on Part 25.

PART 475 (CONTESTED CASES AND OTHER FORMAL HEARINGS) and
PART 485 (APPEAL PROCEEDINGS BEFORE THE STATE TEACHER CERTIFICATION BOARD)

Darren Reisberg presented an overview of the area of focus represented by each of these sets of rules. He explained that Part 475 provides the procedure for full evidentiary hearings before either the State Superintendent or the State Teacher Certification Board (STCB) and that such a hearing is not warranted in cases of initial denial of certification. He stated that individuals in that situation are entitled to due process but that it does not rise to the level of a full evidentiary hearing. He advised the Board that no hearing had been held by the agency in such a situation and that the revision to the rule would remove the indication that a hearing would be available. He noted that there had been related litigation but that it had not involved challenges to this policy.

Mr. Reisberg then went on to describe proposed new Part 485, which would govern appeals before the STCB. Such an appeal would relate to the outcome of a full evidentiary hearing that had been held before either the STCB or the State Superintendent. Mr. Reisberg noted that the Certification Board had conducted similar proceedings and that challenges had arisen to their process because it had not been set forth in rule. He therefore deemed it prudent to do so.

Ed Geppert inquired as to whether these rules had been reviewed by the Certification Board. Upon learning that they had been discussed at the February meeting of that body and that the Certification Board had recommended them for consideration by the State Board of Education, he moved to send them forward for action by the Board at the plenary session the next day.

6. RULES FOR ADOPTION

PART 1 (PUBLIC SCHOOLS EVALUATION, RECOGNITION AND SUPERVISION)
Rules Coordinator Sally Vogl summarized the three unrelated aspects of Part 1 that were affected by this set of amendments. Certain accountability-related provisions were being changed to eliminate references to approval of school improvement or restructuring plans by the State Superintendent, in keeping with recent changes in state law. Long-standing requirements for supervisory and administrative positions were being updated and reorganized. Finally, a change was being made in the validity of the provisional vocational certificate to provide additional flexibility in the operation of programs. Darren Reisberg noted that no public comment had been received on these proposed amendments. Division Administrators Myron Mason, Linda Jamali, and Mark Williams were present to answer any questions on their respective areas of responsibility within the rules.

Andrea Brown asked whether these amendments represented changes in the requirements for system directors in career and technical education. Ms. Vogl and Mr. Williams clarified that this was not the case. There being no other questions, Chairman Ruiz noted that all the rules that had been discussed would be included in the consent agenda for adoption during the next day’s plenary session.

7. COMMITTEE AGENDA PLANNING

Darren Reisberg stated that four sets of rules were expected to be ready for initial review at the March Board meeting, including Part 110 (Program Accounting Manual), Part 180 (Health/Life Safety Code for Public Schools), Part 350 (Secular Textbook Loan), and a new Part 555 (Children’s Mental Health Initiative Grants). In addition, a proposed amendment to Section 1.240 (Equal Ad Hoc Rules Committee Packet - Page 3
Opportunities for All Students) would be presented for adoption. Mr. Reisberg noted that a substantial amount of public comment had been received from several different points of view on this amendment. Those comments would be summarized and discussed with the Board.

Brenda Holmes noted that the wellness goal had been included as a possible discussion agenda item but might also be appropriate for the Governmental Relations Committee. She indicated that she had been waiting for the related discussion on the policy on physical education waivers, which might potentially be revised. She asked for input from Dr. Koch, Mr. Reisberg, and her fellow Board members as to where the Board might go with these issues.

Dr. Brown noted that several different policies (wellness, physical education, and nutrition) touched on each other and should not be discussed separately. Chris Ward mentioned that these policies are more complex than they might appear on the surface because of their different implications depending upon one's place in the educational system.

Mr. Reisberg advised that nothing would tie these matters together from a legal standpoint, so that they could be addressed in whatever manner made sense to the Board members. He pointed out that there would not be consideration of another waiver report until September, so that the time before then presented a useful interval for consideration of these matters. It was noted that the need to establish a wellness goal might be the “driver” of the more comprehensive discussion.

It was estimated that 45 minutes to one hour should be sufficient for the Rules Committee’s work in March. Dr. Koch introduced Matt Vanover, who had just joined the agency as director of public information after serving most recently at the Department of Transportation.

8. ADJOURNMENT
Dean Clark moved that the meeting be adjourned. Ed Geppert seconded the motion, and the meeting was adjourned at 1:15 p.m.
