Chairman Ruiz commented that all items listed with an asterisk (*) on the agenda are considered to be routine and will be enacted in one motion and vote. Any Board member who wishes separate discussion on any item listed on the consent agenda may remove that item from the consent agenda, in which the event, the item will be considered in its normal sequence.

Superintendent Koch gave the Board members a brief summary of the items on the consent agenda. Dr. Koch pointed out that there were some changes made in the Gates Memorandum of Understanding to include the involvement of the Coalition for Illinois High Schools.

Chairman Ruiz asked for a motion regarding the consent agenda.

**Motion:**
Mr. Geppert moved that the State Board of Education hereby approve the consent agenda items as presented. Dr. Fields seconded the motion and it passed with a unanimous roll call vote.

The following motions were approved by action taken in the consent agenda motion:

**Approval of the Minutes**
The State Board of Education hereby approves the minutes for the February 6-20, 2007 Special Meeting and February 22, 2007 Board meeting.

**Rules for Initial Review**

- **Part 180 (Health/Life Safety Code for Public Schools)**
The State Board of Education hereby authorizes solicitation of public comment on the proposed rulemaking for:
  Health/Life Safety Code for Public Schools (23 Illinois Administrative Code 180),
  including publication of the proposed amendments in the Illinois Register.

- **Part 350 (Secular Textbook Loan)**
The State Board of Education hereby authorizes solicitation of public comment on the proposed rulemaking for:
  Secular Textbook Loan (23 Illinois Administrative Code 350),
  including publication of the proposed amendment in the Illinois Register.

**Rules for Initial Review**
as revised in handout

- **New Part 555 (Children’s Mental Health Initiative Grants)**
The State Board of Education hereby authorizes solicitation of public comment on the proposed rulemaking for:
  Children’s Mental Health Initiative Grants (23 Illinois Administrative Code 555),
  including publication of the proposed rules in the Illinois Register.
Rules for Adoption

Part 1 (Public Schools Evaluation, Recognition and Supervisions)
The State Board of Education hereby adopts the proposed rulemaking for: Public Schools Evaluation, Recognition and Supervision (23 Illinois Administrative Code 1).

Further, the Board authorizes the State Superintendent of Education to make such technical or nonsubstantive changes as the State Superintendent may deem necessary in response to suggestions or objections of the Joint Committee on Administrative Rules.

Approve Report on Financial Condition of School Districts

The Illinois State Board of Education hereby approve the financial designations of school districts as set forth in the FY 07 Financial Profile Scores that are calculated utilizing the data from the districts’ FY 06 Annual Financial Reports and that the districts designated on the Financial Watch List are those so identified from the FY 07 Financial Profile calculations.

Measurement Inc./MetriTech. Questar (IMAGE) Contract Amendments

The State Superintendent recommends the State Board of Education ratify the contracts with MetriTech, Questar, and Measurement Incorporated and to authorize that staff negotiate and develop a contract amendment with:

- MetriTech as specified, and approve contract costs not to exceed $2,050,092;
- Questar as specified, and approve contract costs not to exceed $5,511,148; and
- Measurement Incorporated as specified, and approve contract costs not to exceed $1,896,296.

Charter School Annual Report

The State Board of Education hereby approves the 2006 Charter Schools Annual Report as amended and instructs the State Superintendent to forward the report to the legislature as required by statute.

21st Century Community Learning Centers RFSP

The State Board of Education hereby approves the issuance by the State Superintendent of an RFSP for State-Level Technical Assistance and Professional Development for 21st Century Community Learning Centers grantees and authorizes the State Superintendent to enter into a contract with the successful bidder for a period of five years and in an amount not to exceed $2.5 million.

Memorandum of Understanding between Gates Foundation, ISBE and Governor’s Office

The State Board of Education approves for signature the Memorandum of Understanding between the Office of the Governor, the State Board of Education and the Gates Foundation.

END OF THE CONSENT AGENDA

ANNOUNCEMENTS AND REPORTS:

IBHE Liaison Report

Chairman Ruiz introduced Dr. Proshanta Nandi who has been joining the Board meetings as a representative from the Illinois Board of Higher Education (IBHE). Dr. Nandi stated that IBHE had not met for their monthly board meeting and that the Board is in a transition period with two new board
### Superintendent’s Announcements

members, three resigning board members and a new Chair taking her position next week. Dr. Nandi voiced his concern over for-profit institutions of higher education and global education.

Dr. Koch took a minute to thank the Board of Higher Education and Community College Board for engaging in conversation regarding high school reform during the Education Policy Planning Committee meeting on Wednesday. There are many other issues on which the three boards can collaborate.

Mr. Ruiz and Dr. Koch attended the Learning First Alliance which dealt with many policy issues relevant in Illinois such as closing the achievement gap and use of technology. One of the panelists from the national summit, Dr. Ronald Ferguson of Harvard University, will be the keynote speaker for the Superintendent’s Conference here in Illinois.

Dr. Koch also informed the Board that he will be attending the meeting of the Coalition for Illinois High Schools on Friday.

Superintendent Koch highlighted the Data Quality Campaign and pointed out the U.S. Chamber of Commerce Institute for Competitive Workforce Study rated us low in terms of data quality. Dr. Koch pointed out, however, that Illinois received A ratings for Post-Secondary/Workforce Readiness and 21st Century Teaching Force. These two ratings are in large part because of the Advance Placement quotient percent of students graduating and 9th graders’ chances for attending college. In addition, Illinois’ Basic Skills and Content Area tests and our Alternative Routes to Certification contributed to the scoring. Dr. Koch indicated that he believes our Data Quality grade will change when it is assessed again in August.

Superintendent Koch then commented that senior staff had no further updates for the Board.

### Chairman’s Report

Chairman Ruiz reported that the following Board Members will be attending out of state meetings:

- Joyce Karon will attend the CCSSO Secondary School Redesign National Meeting on April 1-3, 2007 in Austin, Texas. Joyce’s expense will be paid by CCSSO.
- Brenda Holmes will attend the Education Commission of the States Steering Committee on April 15-16 in Kansas City. Brenda’s expenses will be paid by ECS.

Chairman Ruiz further reported that he had participated in the following meetings since the last Board meeting:

- February 24 Visited Orozco Academy for a redesign the community meeting
- March 7 Jesse Ruiz and Ed Geppert attended the Governor’s State of the State Address/Budget Address
- March 9-11 Attended the Learning First Alliance National Summit In Washington, D.C.
- March 13 Illinois Arts Alliance Awards Presentation
- March 14 Healthy Schools Campaign Breakfast
- March 16 Re-Enrolling Task Force Meeting

5. Decision Items

6. Adjourn

NOTE: At the conclusion of any discussion item in which the committee is ready to make a decision, a discussion item may be immediately moved for a decision.

* Items listed with an asterisk (*) will be discussed in committee and Board action may be taken in the plenary session.
1. **ROLL CALL**
   Dr. Chris Ward called the meeting to order at 5:15 p.m. and asked members to introduce themselves for purposes of roll call. (See above.)

2. **BOARD MEMBER PARTICIPATION BY OTHER MEANS**
   There was no participation from Board members through any other means for this committee meeting.

3. **PUBLIC PARTICIPATION**
   As a member of the public, Mr. Ronny Wickenhauser asked that the committee consider the Recommendation of Recognition for Mr. Larry Wickenhauser that was submitted by Superintendent Randy Merker of Community Unit School District #4 in Heyworth, Illinois. Mr. Wickenhauser is retiring from his position as custodian from Heyworth School District after 23 years of service.

4.a. **COMMITTEE MINUTES,**
   Dr. Fields moved that the minutes of the Board Operations Committee for the January committee meeting be approved. Dr. Hall seconded the motion. The motion to approve the committee minutes passed with voice vote approval.

4.b. **REVIEW NEW NOMINATIONS FOR RESOLUTIONS OF RECOGNITION.**
   Dr. Ward asked that the committee consider two recommendations for Resolutions of Recognition. The first one for consideration is to the Partners and Staff of DrinkerBiddleGardnerCarton for their hospitality and assistance as the State Board of Education conducted its search for a State Superintendent Randy Merker of Community Unit School District #4 in Heyworth, Illinois. Mr. Wickenhauser is retiring from his position as custodian from Heyworth School District after 23 years of service.

   Mr. Geppert moved to recommend Board approval for these resolutions and Ms. Karon seconded. The motion carried with a voice vote. Chairman Jesse Ruiz abstained from the vote. Dr. Ward will make a recommendation for Board approval during plenary session. In addition, the Wickenhauser resolution will be recommended at the April Board meeting.

4.c. **RETREAT PLANNING**
   Dr. Ward reviewed the information in the plenary packet regarding retreat planning. The dates chosen for the retreat are August 22-24, 2007 and the framework for the retreat is to start the meeting by 10:00 a.m. on the 22nd and end by 12:00 p.m. on the 24th. Dr. Ward asked if there were any topics that the Board members would like include on the agenda for the retreat.

   - Ms. Holmes asked that the procedure by which the Board receives information be reexamined. She would like to talk through the possibility of a plan that some of the information be sent to members as soon as it is ready. This would reduce the volume of materials members need to review within five days of a meeting.
   - Dr. Fields stated that he would like to see an evaluation process determine how effective the Board has been.
- Dr. Ward suggested that a NASBE representative attend the retreat and speak to the Board on how other states are dealing with the restructuring issue.
- Chairman Ruiz commented that he would like to spend at least a half-day on substantive material and the other half-day on process and operations.
- Dr. Ward asked that Board members email any additional suggestions to him or to Joyce Karon so they can be added to the retreat agenda.

4.d. OPERATIONS OF COMMITTEES OF THE WHOLE
Dr. Ward commented that the Bylaws state that a Committee Chair with the consent of the Board President, can convene Committees of the Whole to discuss important Board matters, but the Bylaws appear to preclude the members who are not officially appointed to the Standing Committee from voting on the issue. Dr. Ward stated that he recommends the Committee make a recommendation at the April meeting to revise the Bylaws so that all Board members legally attending (i.e., not just those officially appointed to the relevant Standing Committee) are able to vote and have their respective votes counted towards the Committee’s recommendation to the Board. The Committee gave their consent to Dr. Ward to recommend revision of the Bylaws at the next Board meeting. Darren Reisberg assured that Board that he would get the revisions to them well in advance of the meeting for their review.

4.e. COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS
The April Board Operation Committee meeting will include the Board Retreat Planning with additional topics to be added to the agenda, as well as, the suggested Bylaw changes. Jean Ladage noted that she would have a draft 2008 Board Meeting Calendar ready for the April board meeting.

Dr. Koch asked the Board how often they would like him to schedule meetings with educator groups, unions and management. Dr. Ward responded that Dr. Koch should make this decision using his own judgment and time permitting.

Dr. Koch asked how often the Board would like to be updated on the Strategic Plan. Ms. Holmes stated that she would like an update on the retreat decisions and that the updates could be easily added to Board’s Weekly Update.

5. DECISION ITEMS
Some items were moved from discussion to immediate decision per above notes.

6. ADJOURN
Ms. Karon moved to adjourn the committee meeting. Dr. Hall seconded the motion and the meeting adjourned at 5:45 p.m.

The Education Policy Planning Committee meeting convened at 12:50 p.m.

1. ROLL CALL: Dr. David Fields requested roll call to be taken. See above.

2. BOARD MEMBER PARTICIPATION BY OTHER MEANS: Dr. Vinni Hall moved for Dr. Andrea Brown to participate via phone conference. Mr. Ed Geppert seconded the motion. The Committee approved Dr. Brown’s participation via phone conference.

3. PUBLIC PARTICIPATION: Representatives from Aurora East District #131 were in attendance to discuss with the Committee their success with the E2T2 grant.

4. MINUTES OF THE FEBRUARY 2007 EPPC MEETING: The Committee approved the minutes for the February 2007 EPPC Meeting.

5. NATIONAL BOARD FOR PROFESSIONAL TEACHING STANDARDS (NBPTS) PRESENTATION:
Paula Johnson-Purdue and Nancy Schwartz were in attendance to present to the Committee their support of the National Board for Professional Teaching Standards program. The presentation also provided the Board with additional information about the program and the work the teachers are doing in schools, especially as it relates to mentoring.

6. HIGH SCHOOL EMERGING ISSUE DISCUSSION (Chris Koch):
Discussion Participants:
Judy Erwin, Executive Director, Illinois Board of Higher Education (IBHE)
Debbie Meisner-Bertauski, Associate Director for Academic Affairs, IBHE
Elaine Johnson, Vice President for Instruction & Policy Studies, Illinois Community College Board (ICCB):

The Committee heard from Elliot Regenstein of Holland and Knight, Judy Erwin of the Illinois Board of Higher Education and Elaine Johnson of the Illinois Community College Board as participants to speak on the Memorandum of Understanding with the Gates Foundation, the Governor’s office and the Illinois State Board of Education.

The Committee determined that this item should go to the full Board at the plenary session for approval.
7. **CHARTER SCHOOL ANNUAL REPORT** (Randy Niles and Jo Ann Price): Jo Ann Price was in attendance to discuss with the Committee the State Board of Education’s required 2007 Charter Schools Annual Report, which is submitted to the General Assembly and the Governor’s office regarding Illinois charter schools in 2005-06.

The Committee approved this item to go to the full Board at the plenary session.

8. **DISTRICT 211 PSAE PILOT PROPOSAL** (Becky McCabe): There was discussion among the Board and staff about how to proceed with this pilot proposal, and whether the Board intended staff to move forward with a pilot for District #211 only or intended staff to include a representative sample of districts in the pilot project. Board Member Fields recommended that Interim Superintendent Koch make a recommendation for how to proceed at the April EPPC meeting.

9. **MEASUREMENT INC./METRITECH/QUESTAR (IMAGE) CONTRACT AMENDMENTS** (Becky McCabe): Becky McCabe was in attendance to obtain the Board’s authorization of contract amendments and extension of services related to test development, administration, and scoring for the Illinois Measure of Annual Growth in English (IMAGE).

The Committee approved this item to go to the full Board at the plenary session.

10. **21st CENTURY COMMUNITY LEARNING CENTERS RFSP** (Myron Mason): Myron Mason was in attendance to obtain the Board’s approval for the release of an RFSP to contract for the provision of state-level technical assistance, professional development, and monitoring activities required by the U. S. Department of Education for the 21st Century Community Learning Center grantees.

The Committee approved this item to go to the full Board at the plenary session.

11. **COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS:**
- Postpone the Early Childhood Policy Discussion;
- Postpone the SES Item;
- Obtain information on Report Card Results;
- Obtain information on the Educator Supply and Demand Report;
- Discussion on Statewide Demographics of Teachers and Administrators;
- Discussion on Special Education Identification Data;
- Discussion on International Teacher Recruitment and Exchanges (tentative);
- Further discussion on the High School Coalition.

12. **ADJOURNMENT:** Ed Geppert moved to adjourn the EPPC meeting and Andrea Brown seconded the motion. The EPPC meeting adjourned at 3:40 p.m.

1. PUBLIC PARTICIPATION
   1. Joe Glassford from SASED spoke regarding private placement reimbursement. He
      asked to be able to come back and present a case to the board for approval for a
      placement of a child in a special education situation.

   2. Judy Pacey, an ROE Superintendent, spoke regarding Bus Driver Training Funds. She
      would like ISBE to help lobby for the line item to be put back into legislation for the Bus
      Driver Training.

2. DISCUSSION ITEMS
   A. FY08 Budget Update
      Linda Mitchell thanked the Board for their participation in the House and Senate Budget
      Hearings. She reviewed the Appropriation Committee meetings that had taken place
      since the last Board meeting.

      Ronny Wickenhauser discussed the funding for the Bus Driver Training Funds. Ronny
      then discussed budget information presented to the General Assembly as well as
      responses by the agency to questions from the House. Ronny discussed the difference
      between the Governor’s Budget proposal and that of ISBE. He noted operations will
      suffer significantly next year if the budget passes at a flat administration level. Ronny
      also noted that a flat administration budget level would eliminate the funding the board
      had requested for the data warehouse as well as technology funding requested to
      update our servers.

      Ed Geppert noted that ISBE needs the minimum of the 60 headcount, data warehouse
      and the improvements of the computer equipment to be able to do the job. He
      emphasized support for the Governor’s increase to education funding and discussed
      similarities between the ISBE budget and the budget proposal made by the Governor.

   B. Drivers Education
      Tim Imler gave a presentation on Drivers Education. Tim discussed the history of the
      program, funding, curriculum and the Graduated Driver’s License Task Force.

   C. ISBE Quality Assurance Self-Assessment Report
      Lisa LaBonte stated that ISBE was required to have an external quality assurance
      review to look at compliance standards and to determine whether ISBE is following the
      standards. The external evaluator looked at agency compliance with the code of ethics
      and also compliance with the Fiscal Control and Internal Auditing Act.
The external evaluator noted that ISBE partially conformed to professional standards, conformed to code of ethics and did not conform to the Fiscal Control and Internal Auditing Act (FCIAA) requirements. The state internal audit advisory board, in reviewing the report and documentation that was presented to them, did not agree with the opinion, primarily because only one audit was done during the year and a half time period that was reviewed due to the absence of internal audit staff. One audit was not sufficient to meet the requirements of an internal audit department.

Lisa also noted that the audit department staff has declined from eight staff to three staff from the time period of 2001 to the current year.

In order to meet requirements of FCIAA to cover major systems of internal control, ISBE will have to contract out some of the remaining audits in FY07.

3. DECISION ITEMS

A. Minutes of the February Finance and Audit Committee Meeting
   The minutes were approved and accepted.

B. Report on Financial Condition of School Districts
   Deb Vespa discussed the annual school financial profile. Profile information was received for all school districts, with the exception of Cicero. There have been some legal issues with the Treasurer in that community. Deb stated that she hoped to present Cicero at next month’s Board meeting. There has been overall improvement in the scores for the financial profile. There are more school districts on the financial recognition category, which is the highest category for the profile, and fewer districts on the watch category.

   Deb noted that the agency has started to receive and review FY07 budgets.

1. PUBLIC PARTICIPATION:
There was no public participation.

2. INFORMATION ITEM:
The February Governmental Relations committee notes were made a part of the record.  
The motion was made by Chairman Jesse Ruiz and seconded by Dr. Chris Ward.

3. LEGISLATIVE UPDATE:
   - HB 115 (HPV vaccine) – Bill was amended and passed out of committee. It is on second reading in the House.
   - HB 146 (Diabetes management care plan) – Several groups testified expressing concerns about this legislation. The sponsor has indicated a willingness to discuss the bill with interested parties, but did not promise to hold the it if a compromise could not be reached.
   - HB 193 (HIV testing/school health examinations) – This bill is similar to HB 1340 and HB 1341. The sponsor amended HB 193 to address concerns committee members expressed in the Health Care Availability and Access committee and the bill passed out of committee and moved onto second reading.
   - HB 232 (Virtual Schools) – A fourth amendment was added to this bill that would create an advisory committee whose purpose will be to develop a frame work for virtual education. There would be no elimination or prohibition of any virtual school or classrooms under the bill as amended. With amendment 4, ISBE removed its opposition and the bill moved to the House floor.
   - HB 412 (Tax equivalent grants) – Allows, subject to appropriation, any school district with state owned property to receive a tax equivalent grant.
   - HB 750 ("tax swap") – A hearing was held with many individuals coming to testify, both in support and opposition. A vote was not taken before the end of the committee, so it is assumed the sponsor will seek a deadline extension so that the bill can be voted on at a later date.
   - HB 877 (School construction/grant indexes) – This bill was recently amended to prohibit any of the twenty three districts on the FY 02 construction list from having any grant indexes recalculated.
- HB 1007 (Type 73 certificate professional development) – This bill would require professional development hours for renewal of the Type 73 certificate. ISBE worked with the sponsor, teachers unions and other interested parties to make renewal requirements for this certificate similar to requirements for other certificates. In addition, the bill will not be effective until July 1, 2008, giving ISBE staff and ROEs time to implement such requirements. The bill passed out of committee as originally introduced but will be amended on the House floor to address these changes.

- HB 1030 (Special education expenditure/reimbursement tracking) – Requires ISBE to collect data on special education expenditures and reimbursement from federal and state resources. ISBE staff has met with the sponsor and interested parties and are working together to find away to address this need while placing as few new mandates on school districts and the agency as possible.

- HB 1141 (Stipends for teachers in hard to staff schools) – Requires ISBE to develop a list of hard-to-staff schools and establishes a stipend program for individuals teaching in that school.

- HB 1142 (TAOEP formula) – This bill would change the formula for distributing truants alternative and optional education grant funds. ISBE opposed the bill as introduced because it would put smaller school districts at a huge disadvantage. Committee members expressed similar concerns when the sponsor tried to move the bill out of committee and members asked the sponsor to try to work out a compromise with the State Board. Staff has engaged in conversations with the bill sponsor’s staff, but no amendment has been forthcoming.

- HB 1466 (Academic Oversight Panels) – This bill would give the State the ability to go into consistently failing school districts and make the appropriate changes needed to rectify the situation through an Academic Oversight Panel. Staff is engaged in conversations with the sponsor about this bill.

- HB 1648 (P-20 Council) – This bill creates a P-20 council comprised of members of the K-12 and higher education community. ISBE has expressed support of the legislation, but indicated we would like to sit on the council (current language does not have an ISBE employee or board member sitting on the council) and also expressed concerns with some of the wording of the Council’s duties. The sponsor indicated that he intended to amend the bill to expand the membership and work on any areas of concern.

- HB 1652 (ISAT test results) – This bill would require test results with written reports to be distributed to districts by August 1. State Board has expressed support for getting reports and test results in district’s hands as soon as possible and has engaged in a discussion with the sponsor.

- HB 1653 (H/L/S outside of P-TELL with referendum approval) – Legislation would allow expenditures to fix violations of health/life/safety to go outside of P-TELL if approved at referendum by the voters of the school district. The bill passed out of the House Committee unanimously and is on second reading in the House.

- HB 1663 (I-Connect) – This initiative is spearheaded by the Lt. Governor’s Office and would create the I-Connect computer program that would be administered by the Math and Science Academy.

- HB 1680 (Regional Inspector General of Schools) – Creates a regional inspector general of schools for each Regional Office of Education. This bill is an initiative of the Cook County State’s Attorney’s office and numerous concerns were expressed by education groups and committee members. The bill did not pass out committee when called for a vote.
• HB 1771 (Prohibition on full year calendar schools) – ISBE expressed opposition to this legislation because it would limit school district flexibility. The bill was held in committee.

• HB 1825 (Autism voucher study) – The introduced legislation would create a voucher program for students who have been identified with autism. ISBE expressed a number of concerns about the programmatic and practical implications of the bill as introduced. The sponsor passed the bill out of committee with a promise that the bill would be amended on the House floor that would only require ISBE to study a voucher program in Ohio and make recommendations to the General Assembly about the feasibility of such a program in Illinois.

• HB 1964 (Summer food service program) – This bill would mandate school districts operate a Summer Food Service Program if more than 40% of the population is eligible for free or reduced lunch. The sponsor has had discussions with several interested parties and it is anticipated the bill will be amended further.

• HB 2787 (Civic Education grants) – ISBE has worked with the Regional Offices of Education and the Lt. Governor’s office to amend this legislation to create a grant for purposes of civics education that would be administered entirely by the ROEs. ISBE would act only as a flow through for any appropriation.

• SB 10 (HPV vaccine) – This bill does a number of things, but would require an HPV vaccination as part of the requirements for girls during school health examinations. The bill is on 3rd reading in the Senate.

• SB 79 (IEP) – This bill would put into statute certain items that must be considered when evaluating a student identified with autism for special education services. ISBE opposed the legislation.

• SB 118 (Seat belts on school buses) – Bill would require seatbelts on all school buses beginning July 1, 2007.

• SB 172 (Graduated Driver’s License Taskforce recommendations) – Legislation incorporates recommendations from the Secretary of State’s Graduated Driver’s License Task Force and passed out of the Senate Transportation Committee unanimously.

• SB 194 (Supplemental General State Aid Payments) – This bill is special legislation for one school district and would provide the district with a supplemental general state aid payment of around $800,000. ISBE is opposed to the legislation because it is special legislation for one district so it receives money it was not entitled to.

• SB 306 (Alternative teaching certificate) – This is an initiative of Teach for America. Although it passed out of the Senate Education committee, another amendment is expected.

• SB 424 – The sponsor’s intent for this legislation is to allow students who take high school courses while in middle school to have those courses counted towards state graduation requirements. ISBE discussed the legislation with the sponsor and helped to write an amendment that meets the sponsor’s intent.

• SB 543 (Mandatory Kindergarten) – This bill makes kindergarten mandatory, but does not lower the compulsory attendance age.

• SB 641 (Eye examinations) – Bill would require vision examinations as apart of the school health exam.

• SB 750 – Twin bill to HB 750.

• SB 1165 (ROE clean-up bill) – This bill is an initiative of the Regional Superintendents and would clean up parts of the School Code and eliminate
potential or current audit findings. This bill passed out of the Senate Education committee with leave.

- SB 1557 (Driver’s education) – Requires driver’s education courses to contain information on distracted driving as a safety hazard.
- HB 1559 and SB 1720 (Biometric data collection) – These bills require districts to develop policies for collecting and destroying any biometric data information collected.

5. COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS
The Committee asked to receive a simple chart of all bills with bill numbers, sponsor and status as an interim update.

The April Governmental Relations Committee will include an update on ISBE initiatives and other education-related legislation introduced by the General Assembly.

6. ADJOURNMENT
Committee member Chris Ward made the motion to adjourn and it was seconded by Chairman Jesse Ruiz.

1-2. Chairman Ruiz called the meeting to order at 3:50 p.m. and noted that Dr. Brown was participating by telephone, as approved earlier in the day.

3. It was announced that no one had signed up for public participation.

4. Vinni Hall moved approval of the minutes of the February 2007 meeting. Chris Ward seconded the motion and the minutes were approved as presented. Discussion moved to the remaining agenda items, beginning with item 5. General Counsel Darren Reisberg indicated that three sets of rules were being presented for initial review, as well as one for adoption.

5. RULES FOR INITIAL REVIEW

PART 180 (Health/Life Safety Code for Public Schools)
Division Administrator Deb Vespa explained that the changes in Part 180 were mainly being made to accommodate the recommendations of the task force that had been established to recommend requirements for the qualifications of the individuals who review plans for school construction and those who conduct inspections at the various stages of construction. She noted the composition of the task force and added that another noteworthy change in the rules was the update that would incorporate the 2006 version of the International Building Code and its sub-codes as opposed to the 2003 version.

Dr. Hall inquired whether any portion of the rules would eliminate the potential for conflicts of interest as far as the roles of the plan reviewers and inspectors are concerned. Ms. Vespa noted that the task force had recognized a third-party review to be ideal but impractical in light of the absence of funding to support the involvement of additional professionals in the process. For this reason, the rules would not include such a requirement.

In relation to the updated building code, Ed Geppert mentioned a recent incident in which a child had been killed when a car was driven through the exterior wall of a school cafeteria. It could only be speculated whether this tragedy could have been prevented by new construction requirements. Ms. Vespa clarified that existing buildings generally continue to be subject to the building codes under which they were constructed.

PART 350 (Secular Textbook Loan)
Division Administrator Melissa Oller noted that a change in the law had eliminated the bonding requirement for vendors in the textbook loan program and that the amendment to Part 350 was being undertaken for the purpose of conforming the rules to the current law. Joyce Karon asked for a reminder as to whether the request forms for participation in the program must be signed by each child’s parents, to which the answer was that, by virtue of an earlier amendment to the rules, they no longer do.

PART 555 (Children’s Mental Health Initiative Grants)
Division Administrator Beth Hanselman introduced new staff member Kelly Rauscher, who would be serving as the coordinator for the mental health initiative, and Darren Reisberg noted the distribution of several replacement pages for the Board’s consideration during the discussion. Ms. Hanselman noted the preparatory work that had been going on in cooperation with the Mental Health Partnership for the last several years and indicated that these new rules would prepare ISBE for on-going implementation of grants to districts related to mental health.

An explanation was provided for the replacement pages, to the effect that the change displayed in each set of review criteria would bring additional balance to the criteria. That is, not only districts’ financial need should be given weight in the review of proposals, but also their program-specific needs.

Vinni Hall noted the need for access to the resources of mental health agencies, and Brenda Holmes asked for confirmation of her impression that the grants issued under Part 555 would not be restricted to serving students with disabilities. Ms. Hanselman stated that Ms. Holmes’ understanding was correct.

6. RULES FOR ADOPTION

PART 1 (PUBLIC SCHOOLS EVALUATION, RECOGNITION AND SUPERVISION)
Darren Reisberg noted the substantial number of comments that had been included in the summary and voiced the hope that the Board members had found the extensive illustrations helpful in their review of the rulemaking. He indicated that a slight modification was being recommended for adoption in order to ensure services to homeless students. He reiterated information provided earlier, i.e., that the purpose of this entire amendment was to re-emphasize existing requirements rather than to expand on the law. He explained that equal protection for immigrant students had been required since 1982. However, he stated that, immigration status aside, each student’s residency must still be established and that that requirement would not change due to this rulemaking. Board members commented on the variety of comments and the issues related to integrating students from other cultures.

7. INFORMATIONAL ITEMS

Mr. Reisberg asked whether Board members had any questions regarding the “lessredtape” update in the packet and noted that Division Administrator Connie Wise was available to provide information regarding the immunization issue, as well as Shelley Helton of the Rules and Waivers staff. He noted that the volume of submissions had greatly diminished in recent months and mentioned the other avenues that also exist for sending inquiries and exchanging information.

David Fields hypothesized that possibly interest had waned once the opportunity had been offered, while Brenda Holmes noted that its availability was no longer being so strongly emphasized and perhaps that emphasis should be re-established. Dr. Fields indicated he would like to think that agency staff had made a strong effort resulting in less hesitancy to ask for changes. Vinni Hall voiced the hope that there would be no suggestion to do away with “lessredtape” in light of the low volume. She expected that interest and the level of submissions might prove cyclical. Mr. Reisberg complimented Ms. Helton for the excellent work she had done with the system.
8. COMMITTEE AGENDA PLANNING

Ed Geppert asked why the forecast of rulemaking for April included both an item for initial review and an item for adoption with respect to Part 25 (Certification). Sally Vogl explained that identical text would make up both items and that ordinary proposed rulemaking would be needed to replace the emergency rulemaking when that expired. She provided an overview of the expected rules for the mentoring program for new principals that ISBE must establish pursuant to P.A. 94-1039.

In addition to the rules for this mentoring program, only two other items for initial review were expected for April: amendments to Part 110 (Program Accounting Manual) and Part 401 (Special Education Facilities Under Section 14-7.02 of the School Code. On that basis, it was agreed that one-half hour should suffice for the April meeting.

8. ADJOURNMENT

Chris Ward moved that the meeting be adjourned. Ed Geppert seconded the motion, and the meeting was adjourned at 4:05 p.m.
