NOTE: Chairman Ruiz may call to order the Board’s plenary session early for the sole purpose of hearing a motion to go into closed session. In such case, the plenary session will reconvene for action items at the time posted. Chairman Ruiz may also call for a break in the plenary session at which time the Board will go into closed session.
On February 21, 2008 after adjourning the Ad Hoc Rules Committee of the Whole the State Board had the opportunity to go into closed session. At 9:15 a.m. Chairman Ruiz announced that he would call the plenary session to order for the sole purpose of hearing a motion to go into closed session.

Chairman Ruiz asked Ms. Jean Ladage, Assistant to the Board, to call the roll. A quorum was present. Dr. Christopher Koch, State Superintendent of Education, was also in attendance.

**Members Present:**
- Mr. Jesse Ruiz, Chairman
- Dr. Christopher Ward, Vice Chairman
- Dr. Vinni Hall, Secretary
- Dr. David Fields
- Mr. Dean Clark
- Ms. Brenda Holmes
- Ms. Joyce Karon

**Members Absent:**
- Dr. Andrea Brown

Dr. Hall moved that the Board enter into closed session under the exceptions set forth in the Open Meetings Act of the State of Illinois as follows:

- **Section c 1** for the purpose of considering the appointment, employment, compensation, performance or dismissal of an employee;
- **Section c 11** for the purpose of considering pending or probable litigation against or affecting the Board.
- **Section c 21** for the purpose of discussing minutes of meetings lawfully closed under the Open Meeting Act.

Dr. Hall further moved that the Board may invite anyone they wish to have included in this closed session.

Dr. Fields seconded the motion and it was passed with a unanimous roll call vote.

The open meeting recessed at 9:20 a.m. and the Board went into closed session at 9:25 a.m. The open meeting reconvened at 9:50 a.m.

Mr. Jesse Ruiz, Chairman, called the meeting to order at 9:50 a.m. Chairman Ruiz asked Ms. Jean Ladage, Assistant to the Board, to call the roll to confirm that a quorum was still present. Dr. Christopher Koch, State Superintendent of Education, was also in attendance. The Board members, Dr. Koch and anyone who wished to join them faced the American flag and recited the Pledge of Allegiance.

Chairman Ruiz announced that the Board meeting was being audio-cast live over the Internet.

**Members Present:**
- Mr. Jesse Ruiz, Chairman
- Dr. Christopher Ward, Vice Chairman
- Dr. Vinni Hall, Secretary
- Dr. David Fields

**Members Absent:**
- Dr. Andrea Brown
Chairman Ruiz asked that everyone please join him in observing a moment of silence in memory of the students who lost their lives in the tragic shooting at Northern Illinois University. He asked that we think of the community of DeKalb that has suffered such a tragic loss.

It was noted that Mark Williams and Debbie Hopper of Career and Technical Education presented the Governor’s Proclamation for National Entrepreneurship Week on Wednesday morning during Education Policy Planning Committee. National Entrepreneurship Week is February 23 - March 1, 2008. The proclamation is available for viewing in the Board Services area.

Amanda White, a senior from Richwood High School in Peoria spoke on Project Lead The Way (PLTW) Work-Based Learning. Project Lead the Way is a Career and Technical Education Program at Illinois Central College. Ms. White stated that PLTW has helped her explore careers in the field of engineering. She has learned about digital electronics, principals of engineering, and mechanical energy. Ms. White stated that PLTW provides students the opportunity to apply what they have learned to peak interest and encourage them to stay in school. PLTW is helping Ms. White map her future and prepare for college. Ms. White thanked the Board and asked that they continue to fund Career & Technical Education Programs. Ms. White was accompanied by Ms. Carol Leach, System Director, and Ms. Susan Sherwood, Special Projects Director, from PERFECT (Peoria Educational Region for Employment & Career Training).

Chairman Ruiz asked that the Board members please take a minute to read the materials left by Ms. Janet Milkovich from the Recording for the Blind & Dyslexic. Ms. Milkovich was signed up for public participation but was unable to stay.

Chairman Ruiz commented that all items listed with an asterisk (*) on the agenda are considered to be routine and will be enacted in one motion and vote. Any board members who wishes separate discussion on any item listed on the consent agenda may remove that item from the consent agenda, in which the event the item will be considered in its normal sequence.

Mr. Ruiz stated that consent agenda item D 4.c. Special Legislative Grants will be removed from the consent agenda and considered as separate item for discussion.

**Motion:**
Ms. Hall moved that the State Board of Education approve the consent agenda items as presented, with the exception of agenda item D.4.c. Special Legislative Grants. Mr. Clark seconded the motion and it passed with a unanimous roll call vote.

The following motions were approved by action taken in the consent agenda motion:

**Approval of Minutes**
The State Board of Education hereby approves the minutes for the meeting of February 21, 2008 Board meeting.
Rules for Initial Review
Part 252 (Drivers Education)
The State Board of Education hereby authorizes the solicitation of public comment on the proposed rulemaking for:
Drivers Education (23 Illinois Administrative Code 252), including publication of the proposed amendments in the Illinois Register.

Rules for Adoption
Part 51 (Dismissal of Tenured Teachers Under Article 24 and Dismissal of Tenured Teachers and Principals Under Article 34)
The State Board of Education hereby adopts the proposed rulemaking for:
Dismissal of Tenured Teachers Under Article 24 and Dismissal of Tenured Teachers and Principals Under Article 34 (23 Illinois Administrative Code 51).
Further, the Board authorizes the State Superintendent of Education to make such technical and nonsubstantive changes as the State Superintendent may deem necessary in response to suggestions or objections of the Joint Committee on Administrative Rules.

Rules for Adoption
Part 226 (Special Education)
The State Board of Education hereby adopts the proposed rulemaking for:
Special Education (23 Illinois Administrative Code 226),
Further, the Board authorizes the State Superintendent of Education to make such technical and nonsubstantive changes as the State Superintendent may deem necessary in response to suggestions or objections of the Joint Committee on Administrative Rules.

Rules for Adoption
Part 350 (Secular Textbook Loan)
The State Board of Education hereby adopts the proposed rulemaking for:
Secular Textbook Loan (23 Administrative Code 226),
Further, the Board authorizes the State Superintendent of Education to make such technical and nonsubstantive changes as the State Superintendent may deem necessary in response to suggestions or objections of the Joint Committee on Administrative Rules.

Contracts and Grants over $1 Million
21st Century Community Learning Center Grants
The State Board of Education hereby approves the release of the FY 2009 21st Century Community Learning Center Grant Awards as well as funding of 21st CCLC grantees that exceed $1M over the course of a five (5) year grant cycle.

Truants Alternative Optional Education Program (TAOEP) RFP
The State Board hereby approves the release of the FY 2009 TAOEP RFP as well as funding the TAOEP grantees that exceed $1M over the course of a three (3) year grant cycle.

END OF THE CONSENT AGENDA

D.4c Contracts and Grants over $1 Million Special Legislative Grants
Dr. Koch noted that agency staff have been working closely with the After School Task Force on the After School grants and the motion that he is recommending is supportive of the efforts of the work with the Task Force.

Dr. Ward moved that the State Board of Education approves the funding of the legislative member initiatives reviewed by the Finance and Audit Committee.
yesterday as long as any grant agreements entered into with such entities include
the Program Specific Terms developed by the Dr. Koch, which require all entities
to submit program performance reports and certain entities to set aside grant
funds for a CPA to engage in Agreed-Upon Procedures.

Further, the State Board of Education directs the State Superintendent to work
with the After School Task Force to expand upon the Program Specific Terms and
develop a standard data collection process for outcome measures for the purpose
of funding after school and other similar programs.

Dr. Fields seconded the motion and it passed with a unanimous roll call vote.

<tbody>
<tr>
<td>Ms. Holmes commented that the report contains a recommendation from staff that the Board forward the Report to the General Assembly with the recommendation that one of Rockford School District #205’s waiver requests be denied.</td>
</tr>
<tr>
<td>Ms. Holmes explained that the Rockford waiver request at issue was originally granted in 1999 and renewed in 2003 and allows the district to count the attendance of students enrolled full time in its middle and high schools in much the same way as the attendance of students enrolled part time is counted; that is, by claiming one-sixth of a day for each class period of at least 50 minutes attended by a student (up to a maximum of six classes per day). Ms. Holmes stated this waiver is particularly troublesome since allowing the Rockford school district to collect additional General State Aid payments reduces the balance available to other school districts in the state, hurting those school districts already in financial difficulty. For these reasons, staff recommends that the State Board recommend to the General Assembly that it deny Rockford’s request.</td>
</tr>
<tr>
<td>Ms. Holmes further commented that she would like the record to reflect that she has concerns with the waiver report not placing a specific limit on the fee a school district can charge for driver’s education. Ms. Holmes argued that a district not stating what fee it will charge for driver’s education is being fiscally irresponsible.</td>

Dr. Fields seconded that motion and it passed with a unanimous voice vote.

| ANOUNCEMENTS AND REPORTS | Chairman Ruiz introduced Dr. Proshanta Nandi who has been joining the Board meetings as a representative from the Illinois Board of Higher Education (IBHE). Dr. Nandi stated that the Board of Higher Education meeting was held on February 5th at the President Abraham Lincoln Hotel and Conference Center in Springfield, Illinois. Dr. Nandi reported on the following:
- Chairwoman Carrie Hightman welcomed new IBHE board member, Jay Bergman.
- Board noted the resignation of Dr. Gary Alexander, Deputy Director of Academic Affairs. Dr. Rick Pearce will fill Dr. Alexander’s position until a permanent replacement can be found.
- Dr. Jerry Weber, President of Kankakee Community College and Dr. Robert Mees, President of John A. Logan College addressed the Board on the issues facing the community college sector.
- The Board approved its FY 2009 recommendations for operation, grants and capital improvements.
- Chairwoman Carrie Hightman commented that the 1st Public Agenda-Master Planning exercise will be held in Chicago on March 20, 2008. More information is available on the IBHE website.
- The Board approved new programs at public community colleges, public universities and independent institutions.
- The Board endorsed allocation of funds for 10 No Child Left Behind Improving Teacher Quality Grants, 6 Nursing School Grants, and a general grant to the International Center on Deafness and the Arts.
- Don Sevener, Deputy Director of External Affairs updated the Board on the Spring 2008 legislative session.
- The next IBHE meeting will be held on April 1, 2008 at Illinois State University in Normal.

| IBHE Liaison Report | Ms. Karon commented that the IBHE Task Force took great effort after the Virginia Tech shooting to ensure that Illinois universities, both public and private, had safety and security plans in place. Ms. Karon stated that during the Northern Illinois University incident it was reassuring to see that those plans were being put in place and that the Task Force had been successful.

| Superintendent’s Announcements | Superintendent Koch recognized Mr. John Perkins, School District Liaison, for his leadership and his day-to-day efforts to help school districts with their financial and problematic issues.

| Superintendent Koch asked Linda Tomlinson to update the Board on the School Leader Task Force Report going to the General Assembly.

| | Ms. Tomlinson stated that all members received a copy of the Report and HB 5863. The report contains the recommendations of the Task Force, formed in response to House Joint Resolution 66. HB 5863 amends the School Code by stating that the State Board of Education and the Board of Higher Education shall work in collaboration to support school leadership preparation statewide, including and without limitation support for:
- a systematic approach to school leadership preparation,
- partnerships between school districts and preparation programs, and preparation program selectivity and rigor. |
Ms. Tomlinson indicated that the Task Force’s primary concern was to improve student learning in Illinois schools and considered the main component missing to be the leadership component for improved student learning. It is believed that through preparation programs that will be redesigned and built upon strong standards, there will be a link from continual preparation to mentoring, to professional development and then on to what we currently have as the master principal. We know that not everyone who is currently in a preparation program, wants to become a principal, but there is a need to have the structure that meets the needs of those who want to become strong leaders within their schools and still remain teachers. At the same time, there is a need for redesigning standards for principals.

Ms. Tomlinson indicated that ISBE staff will work closely with staff from higher education and other entities to design a system. Ms. Tomlinson stated that work will began immediately to develop this structure.

Ms. Holmes commented that much work has already been done through SAELP in the area of Principalship, so she encouraged staff to not duplicate effort.

Dr. Koch commented that he wanted to take this opportunity to review the ELL assessment discussion that took place in committee on Wednesday. The three invited national experts; Dr. Charles Stansfield, Second Language Testing, Inc., Dr. Margo Gottlieb, Director of Assessment and Evaluation, Illinois Resource Center and Dr. Gary Cook, Wisconsin Center for Education Research, provided a view on what other states are doing with assessment of ELL (English Language Learners) students for accountability purposes. Dr. Koch said that he will bring to the Board next month a recommendation on how best to proceed with assessing ELLs.

Superintendent Koch reminded the Board that Dr. Cook spoke on technical adequacy and the complexity of working with this population of students. Some school superintendents have been asking what ISBE will do if they decide not to test their students. Dr. Koch stated it is state and federal law that all students are assessed. Further, teachers should be using their professional judgment in an assessment situation. If a student has no understanding of the English language after going over five or six questions, perhaps the answer is ending the testing situation, counting it for participation and moving on.

Dr. Koch commented that staff has worked very hard to implement accommodations this year. For the first time directions are being offered for both PSAE and ISAT in ten languages.

The Superintendent also cautioned that cost estimates are not definite until they are committed to on paper... There are issues with quality when translating materials. There is also the issue of technical adequacy with different tests as the national experts pointed out. Dr. Koch stated that he will have a proposal for the Board by next month and asked for input from the Board to assist him in doing so.

Dr. Hall commented that this is a very complex issue. One test as a mark of whether a school is accountable is not a good measure of school success. She understands the need for accountability, but also understands the need for children to learn and she is not certain if assessment contributes to that. Ms. Holmes asked that Superintendent Koch include in his proposal the next steps – a framework of where we go from here. She also asked that the proposal be communicated in a context that everyone involved can understand.
### Chairman’s Report

Dr. Fields concurred that a very basic explanation provides a much better opportunity for marketing the discussion to a diverse group of parents and communities across the state, so all have a better understanding of what is to be accomplished.

Ms. Karon appreciated the letter being translated into ten languages and she encouraged districts to relay the information to parents and communities.

Chairman Ruiz reported that the following Board Members will be attending out of state meetings:

On March 13-15, 2008, Dr. Vinni Hall and Ms. Joyce Karon will be attending the NASBE Legislative Conference and Study Group Meetings in Washington D.C.

On March 13-15, 2008, Dr. Chris Ward will attend his first meeting as a member of the NASBE Board of Directors in Alexandria, VA. Dr. Ward was appointed to fill a vacancy representing thirteen states in the Central Region.

Chairman Ruiz reported that he had participated in many discussions about ELL assessment since the last Board meeting. He also attended a February 12 meeting with Josefina Vazquez Moto, Secretary of Public Education in Mexico and President of Mexico, Felipe Calderon and signed a Memorandum of Understanding. Superintendent Koch also took place in the signing.

### NEW BUSINESS

Ms. Susie Morrison updated the Board on the Gates Memorandum of Understanding (MOU). She commented that staff is expecting the draft ACHIEVE recommendations before the end of February and the final draft is due before the end of April.

Linda Riley Mitchell announced that Mr. Robert Wolfe will now be Division Administrator of Fiscal and Procurement and Ms. Ethelene Ferdinand will be Division Administrator of External Assurance. Ms. Mitchell also thanked Cathy Visintin for serving as Acting Division Administrator for the Fiscal and Procurement Division.

Rene Valenciano introduced Ms. Gina Hopper who is now Division Administrator for Grants and Programs. Rene also thanked Mr. Myron Mason who has been serving as Acting Division Administrator the Grants and Programs Division for the last three years.

Beth Hanselman commented that she attended the 7-Pak Meeting which consists of Special Education Directors from the states of Pennsylvania, Ohio, Florida, Texas, New York, California and Illinois. The Special Education Directors meet twice a year to discuss the various issues at both state and federal levels. Response to Intervention (RtI) was a large part of the discussion. Illinois, Florida and Texas are lead states with regard to RtI.

1. ROLL CALL: Dr. Chris Ward called the meeting to order at 5:05 p.m. and asked members to introduce themselves for purposes of roll call. (See above.)

2. BOARD MEMBER PARTICIPATION BY OTHER MEANS: There was no participation by Board members through any other means for this committee meeting.

3. PUBLIC PARTICIPATION: There was no request for public participation.

4. COMMITTEE MINUTES: Ms. Karon moved that the minutes of the Board Operations Committee for the December 2007 committee meeting be approved. Dr. Fields seconded the motion.

5. REVIEW NEW NOMINATIONS FOR RESOLUTIONS OF RECOGNITION: The Board Operations Committee reviewed a recommendation submitted by the Association of Illinois Middle Level Schools (AIMS) for the Illinois Horizon School to Watch state program to be recognized for identifying high performing middle grades schools in Illinois. A list of twelve schools was included dating from 2003 to 2007.

Dr. Koch indicated that he did attend a celebration at Tri-Valley Middle School in his home district. He also sent congratulatory letters to schools that came off academic watch status and the schools appreciated that acknowledgement. Dr. Koch wanted the Board to know that these schools are getting recognition and agency staff have made an effort to properly celebrate their accomplishments.

Dr. Ward will call the AIMS organization to get additional information.

6. ADDITIONAL ITEMS AND AGENDA PLANNING: Ms. Karon asked Dr. Ward if there is a need to change the dates of our October Board meeting.

Dr. Brown would like to review the Lt. Governor’s Survey and suggest to the Lt. Governor a few other items they might wish to add to the survey.

Dr. Ward indicated that the March Board Operations Committee would include a closed session. Dr. Ward will also add Retreat Planning to the March committee agenda.

Dr. Brown also asked that the Board Operations Committee serve as a venue for Board members to share professional development experiences, such as those serving on the NASBE Study Groups.

ADJOURN: Dr. Hall moved that the Board Operations Meeting of the Whole be adjourned. Dr. Fields seconded the motion and it passed with a unanimous voice vote. The committee meeting adjourned at 5:22 p.m.
TO: Board Operations Committee
Illinois State Board of Education

FROM: Chris Ward, Chair, Board Operations Committee
Jean Ladage, Board Services Coordinator

Materials: Nomination(s)

Agenda Topic: Review Nominations for Board Recognition

Purpose of Agenda Item
To review incoming nominations received since the last Board meeting. Nomination materials that are received will be sent to Board members prior to the meeting.

Relationship to/Implications for the State Board’s Strategic Plan
The State Board’s Recognition Program was developed to show the Board’s support for the outstanding work of educators, staff and school boards that are serving all children in this state.

Expected Outcome(s) of Agenda Item
Recommendation of Board action.

Background Information
In May, 2005, the Board initiated a Board Recognition Program to become more proactive in its efforts to recognize the exemplary achievements of students, teachers, school administrators, and local board members in Illinois. Upon review and acceptance, the State Board of Education will pass a resolution describing the particulars of the achievement. The signed resolutions will be presented in one of the following three ways:

- mailed to the recipient(s);
- personally awarded to the individual(s) at their respective school(s); or
- presented to recipient(s) during the State Board meeting at which their resolution is approved

Superintendent’s Recommendation
No recommendation from the Superintendent.

Next Steps
Board Operations Committee will review the nominations received and make a recommendation based on that review.

The Education Policy Planning Committee (EPPC) meeting convened at 9:30 a.m.

1. **ROLL CALL:** Committee Chair, Dr. David Fields, requested a roll call. See above.

2. **BOARD MEMBER PARTICIPATION BY OTHER MEANS:** There was no participation from Board members by any other means.

   **Special Presentation:** Mark Williams introduced Deb Hopper who was present to speak on a recent proclamation made for National Entrepreneurship Week. The week of February 23rd to March 1st has been declared National Entrepreneurship Week.

3. **FUTURE ASSESSMENTS OF ELL STUDENTS FOR ACCOUNTABILITY PURPOSES:** (Dr. Charles Stansfield, Second Language Testing, Inc.; Dr. Margo Gottlieb, Director, Assessment and Evaluation, Illinois Resource Center; Dr. Gary Cook, Wisconsin Center for Educational Research)

   The following legislators joined the committee for this discussion:
   - Representative Paul Froehlich
   - Representative Linda Chapa LaVia
   - Representative Elizabeth Hernandez
   - Representative Cynthia Soto
   - Senator William Delgado
   - Senator Iris Martinez

   Superintendent Koch provided the group with an overview and update of the issues revolving around ELL assessment. He also informed the Board of the response from the United States Department of Education (USDE) regarding flexibility in accountability issues for our ELL population. Superintendent Koch read an excerpt from USDE's letter, which cited their rationale for not approving any flexibility at this time. Superintendent Koch stressed that non-compliance with NCLB requirements could result in sanctions impacting students beyond this sub-group. Dr. Koch clarified the misperception that IMAGE was a native language test. However, this year Illinois will:
   - Provide instructions translated into ten languages,
   - Disseminate a letter for parents and to the field explaining the changes for ELL students. The letter was made available in ten languages
   - Provide for the first time ever word to word glossaries also in ten languages
Dr. Charles Stansfield, Dr. Margot Gottlieb, and Dr. Gary Cook provided guidance and shared their expertise in the field of ELL assessment. The members of the panel discussed options and challenges faced in the development of an accurate assessment instrument for ELL students. Using the examples set by states faced with similar issues, the panel made recommendations toward achieving the goal of valid test results that are reflective of the student’s abilities. They recommended options include the following:

- A modified English version of the state achievement tests with appropriate accommodations;
- A translated version of the state achievement tests in the ten languages of highest frequency in Illinois; and
- The development of a Spanish academic achievement test aligned to the Illinois Learning Standards and the Illinois Spanish Language Arts Standards.

4. PUBLIC PARTICIPATION: The Board heard testimony related to the assessment of ELL students from nine individuals, two of which were parents. Two individuals, Mariann Lemke, Director of Assessment, CPS and Diane Zendejas, Chief Officer of the office of Language and Culture at CPS, submitted written comments encouraging ISBE to consider appropriate accommodations for existing assessment of ELL students.

Peg Agnos, Executive Director for the Legislative Network of DuPage (LEND), shared her concerns about ELL assessment. Ms. Agnos stated that Illinois has an opportunity to establish new parameters for the assessment system. She stated that the new system should be designed to be computer-adaptive and provide educators with data to guide instructional decision making.

Phyllis Weaver, CUSD 200, was also present to discuss ELL assessment. Ms. Weaver applauded the State Board for considering research and best practices. She commented that developing an effective assessment instrument is a complex issue.

Josie Yanguas, Illinois Advisory Council for Bilingual Education, shared her thoughts on ELL assessment as well as the recommendations made by the advisory council, stressing the need for a comprehensive system of assessment. She indicated that this is an opportunity for Illinois to become a leader and set an example for other states to follow.

Diep Nguyen, representing the Illinois Advisory Council for Bilingual Education and School District 62, argued that ISAT is an invalid testing instrument that contains systemic problems and using current accommodations does not resolve these issues. She further stated that this is an opportunity for Illinois to set an example and to “do what’s right.”

Ricardo Meza of MALDEF urged the Board to listen to the Bilingual Advisory Council’s recommendations and to commit to designing a new assessment instrument.

Roger Thornton, Superintendent, HSD 211, shared his belief that we must work within the law but urged Illinois to unite with other states opposed to the USDE’s unyielding stance on NCLB requirements.

Carmen Acevedo, Assistant Superintendent for Plainfield Dist. # 202, argued that “one size does not fit all” in accommodations made for ELL students. Ms. Acevedo stated that it is important to take into consideration the students’ many different levels of English proficiency. She concluded by stating that using the current system will not result in a true measure of ELL students’ abilities.

The EPPC Committee recessed at 12:10 p.m. to allow members to attend the State of the State and Budget Address that was scheduled to begin at noon.

The EPPC Committee resumed at 2:00 p.m.

8. Update on School Districts in Financial Difficulty (Deb Vespa) 2:35 – 3:05 pm (pp. 27-44)

9. Committee Agenda Planning/Additional Items

10. Adjourn

* Items listed with an asterisk (*) will be discussed in committee and Board action may be taken in the plenary session.
1. **ROLL CALL**

2. **BOARD MEMBER PARTICIPATION BY OTHER MEANS**
   None

3. **PUBLIC PARTICIPATION**

   **Paul Seymour, Galena School District**
   - Spoke about General State Aid/Hold Harmless proration. School district revenues in Galena will be reduced by nearly $100,000 due to the proration. This is a shortfall in the SD budget.
   - Handouts were submitted to committee members.

4. **MINUTES OF THE JANUARY FINANCE & AUDIT COMMITTEE MEETING**
   Motion passed.

5. **AUDIT UPDATE**
   Lisa LaBonte discussed the FY06 Financial and Compliance Audit Findings and the A-133 Statewide Single Audit Findings. The FY06 Finance and Compliance Audit contained two findings, including mandates that ISBE was not in compliance and non-compliance with the Internal Auditing Act.

6. **FY09 BUDGET UPDATE**
   Linda Mitchell stated that ISBE was in the process of finalizing the ISL's and submitting them. Ms. Mitchell reported that the Governor’s proposed increases were consistent with what the Board had proposed - $300 million

   Ronny Wickenhauser stated that he had attended the briefing the Governor’s office had on the budget. The Governor proposed specific revenues sources for specific increases including Education. The $300 million proposed for Education is going to be funded by an increase in taxes on gaming.

7. **CONTRACTS & GRANTS OVER $1 MILLION**
   **A. Truants Alternative Optional Education Program (TAOEP) Grant Awards**
   Brenda Holmes requested to have previous year’s awards on the next column. Ms. Holmes asked if Alton got $196,354 in each of the last two years. Sally Veach stated that she has been the program person since 2004 and it has varied with the year. Ms. Holmes asked how it is determined. Ms. Veach said that it depends on the number of programs that had applied. Ms. Holmes asked how the programs know if they are going to get money the second or third year. Ms. Veach stated that in the request for proposal programs in years two and three are generally told to expect the same amount of money. Ms. Holmes asked how much more money did we request in this line item this year. Ms. Veach said $2 million.
Vinni Hall asked about the type of programs and whether they were connected to any career and technical education programs. Mr. Niles described a variety of programs. Ms. Hall asked if there was an evaluation of how that money is being spent or the effectiveness of the programs. Ms. Veach stated that projects do have to report how they are progressing on their outcomes that they stated in their applications and that they have a student data statistical report that is compiled each year.

B. Special Legislative Grants
Ronny Wickenhauser stated that as these projects come up they will be submitted to the board for review. Mr. Fields asked about the accountability for these grants. Mr. Wickenhauser stated that various procedures are performed in reviewing and processing the grants. Grantees are now required to have a Certified Public Accountant conduct a review and that there were some agreed upon procedures that ISBE laid out in the grant agreement packet. Grantees are also required to submit at least some data on outcomes and on who they are serving. All grantees are required to prepare a budget form in a format that is given to them by Budget and Financial Management. Grantees will now fall under this new system of having these procedures conducted. Mr. Wickenhauser stated that ISBE does not have anyone who physically goes out and reviews these programs, as ISBE does not have the staff available.

Mr. Wickenhauser stated that ISBE tries to provide as much guidance as possible as grantees submit materials to ISBE for review and that some budgets are rejected. Staff works with the grantees to help them prepare them correctly.

C. 21st Century Community Learning Center Grants
Andrea Brown asked if there was any relationship to these grants in relation to the warning and watch schools and whether those schools are also SES schools. Gail Meisner stated that all of the grantees here had met the competitive priority of having all schools in improvement status on the RFP. Dr. Fields asked for a geographic location of the grantees and Ms. Brown asked which district they are partnering with. Ms. Meisner said that all the ones that are community based organizations are partnered in Chicago. Dr. Koch asked Rene to make sure this information was provided in a future board note.

8. UPDATE ON SCHOOL DISTRICTS IN FINANCIAL DIFFICULTY
Deb Vespa spoke about Cahokia School District being in deficit spending since prior to 2001 and has had negative fund balances for those years also. Ms. Vespa said that ISBE has been working close with them. Cahokia High School is also in need of repairs. Cahokia is now considering coming before the Board to ask for certification for financial difficulty status.

Deb Vespa spoke about Cairo School District, which has been under a financial oversight panel for several years. Ms. Vespa stated that ISBE has been able to improve the finances in this district.

Deb Vespa spoke about Harrisburg School District. Ms. Vespa stated that Harrisburg has been certified for a couple of years. This school district is hoping to have positive fund balances by the end of 2008 or beginning of 2009.

Deb Vespa stated that Proviso School District has an unbalanced budget and was supposed to be developing a deficit reduction plan. The district has not been certified and is seeking to improve their status. Deb Vespa and Linda Mitchell have met with the Board President, the Superintendent and the Business Manager to assist them in reviewing the budget and consider budget reductions.

Deb Vespa stated that Venice School District has positive fund balances and, except for 2008 and 2009, have surpluses in their budgets. The school continues not to make AYP.
9. COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS
Dean Clark stated that the Centralized Compliance Monitoring Database, Contracts and Grants over $1 million and the Budget update will be discussed next month. Linda Mitchell stated that Deb Vespa will be presenting the financial profile information for the school districts. Ms. Mitchell also said that there will be a short presentation update on the U.S. Communities project the Illinois School Purchasing Network.

1. ROLL CALL
   See above.

2. BOARD MEMBER PARTICIPATION BY OTHER MEANS
   None

3. PUBLIC PARTICIPATION
   Peg Agnos for Glenbard High School Dist #87
   Ms. Agnos appeared on behalf of John Moss, Glenbard District coordinator for Grants and Legislation, to speak briefly to the committee about the district’s waiver regarding behind-the-wheel driver’s education and the request to continue the use of driving simulators. The intent of the waiver is to continue to promote increased teenage driver safety with a mix of the two types of training.

   Daniel Kleinfeldt for Oak Park/River Forrest High School
   Mr. Kleinfeldt is the district’s Driver Education Department Chair and asked for support for their waiver to allow the use of a simulator along with behind-the-wheel driver education. The district believes this is the best means for teaching driver safety to their students. In the urban area in which they live, students are unable to experience a full range of driving situations without the use of the simulator.

4. MINUTES OF JANUARY COMMITTEE MEETING
   Chairman Jesse Ruiz made a motion to approve the February Committee notes and the motion was seconded by Dr. Chris Ward. The minutes were approved with a unanimous voice vote.

5. SPRING 2008 WAIVER REPORT
   Staff members Tim Imler, Winnie Tuthill and Shelley Helton updated the Committee on the Superintendent’s recommendation for denial of the Rockford School District 205 waiver to allow the district to count the attendance of students enrolled full time in the middle and high schools in a similar way to how students are enrolled part-time.

   Rockford’s waiver was originally granted in 1999 and renewed in 2003. The waiver allows the district to claim one-sixth of a day for each class period of at least 50 minutes attended by a student (up to a maximum of six classes per day). This waiver is particularly troublesome since allowing the Rockford school district to collect additional General State Aid payments
reduces the balance available to other school districts in the state, hurting those school
districts already in financial difficulty.

Regarding substitute teacher waivers, Ms. Holmes indicated that she is inclined to suggest
the Board recommend denial, however she noted that there were no noted issues from
IEA/IFT unions about the waivers. These waivers can be found on page 32 of the
Government Relations packet. Ms. Tuthill indicated that Waukegan has been having
problems for sometime now. Waukegan has recruited teachers from Spain and had applied
for this waiver for many years in a row on a year-by-year basis. Dr. Hall commented that
she understands that the district has trouble keeping full time teachers, but she is not sure
substitute teachers are the best answer for the students of the district.

Committee Chair Holmes thanked staff for their efforts and appreciated the many emails and
letters from superintendents regarding their districts’ waivers.

6. LEGISLATIVE UPDATE
Nicole Wills and Leigh Ann Vanausdoll gave a brief summary of the following highlighted bills:

- HB 4180 and HB 4186: Makes changes with regards to the Silent Reflection and
  Student Prayer Act
- SB 2328: Requires the Pledge of Allegiance to be recited prior to the Moment of
  Silence.
- HB 4268: Requires school districts to allow expelled students to transfer into
  another school within the district during the term of the students expulsion
- HB 4534: Requires certificated personnel to undergo a background check during
  certificate renewal and requires ISBE to reimburse the Illinois State Police for the
  costs associated with the check
- SB 1953: This legislation makes language with requirements for Response-to-
  Intervention
- HB 4194: Contains the gaming expansion language
- HB 5769: Contains education accountability provisions, including the creation of
  an Education Inspector General, new requirements for board member training
  and financial accountability changes

7. LEGISLATIVE PROPOSALS
Ms. Wills and Ms. Vanausdoll provided an update on the following legislative proposals:

- Obsolete and Duplicative Repeals and Statutory Clean-up
- Educator Misconduct

8. ADJOURNMENT

Chairman Ruiz called the meeting to order at 8:40 a.m. and noted that no members were participating by other means.

3. PUBLIC PARTICIPATION
Chairman Ruiz indicated that just one individual had signed up for public participation. Paula Pergament, representing the Adler Planetarium in Chicago, thanked the Board for including the museum’s programs in its budget request for Fiscal Year 2009. She expressed appreciation for the Board’s ongoing support of the Planetarium’s work and wished to provide an update on recent initiatives to expand programming to include children of preschool age. A group of 29 teachers from the Chicago Public Schools had participated in a workshop for teaching very young students about the moon and how to use hands-on instructional materials. Ms. Pergament also left for the Board lists of the groups that had visited the Adler Planetarium and all the workshops that had been held for teachers during the 2006-07 school year, as well as a map showing all the communities whose residents had downloaded materials from the museum’s website.

Brenda Holmes thanked Ms. Pergament for the information she had provided and noted the usefulness of the museum’s posted resources for teachers.

4. APPROVAL OF MINUTES: Vinni Hall moved approval of the minutes of the January 17, 2008, meeting and Dean Clark seconded the motion. The motion was adopted unanimously and the minutes were approved as presented.

5. RULES FOR INITIAL REVIEW: Chairman Ruiz turned the meeting over to General Counsel Darren Reisberg for a discussion of the rules on the agenda.

PART 252 (Driver Education)
Mr. Reisberg indicated that there was just one set of rules being presented for initial review and noted that Division Administrator Tim Imler and Shelley Helton of the Rules and Waivers staff were present to answer any questions the Board members might have. He indicated that extensive preliminary review by interested parties had occurred, including in particular the Illinois High School Driver Education Association.

David Fields noted that the changes made by the recent legislation had been much discussed. Brenda Holmes asked Mr. Imler what kinds of comments and questions he had been hearing
from the field with regard to these changes. Mr. Imler responded by stating that he had been spending a considerable amount of time on driver education and indicated that he and staff member Lisa Willhoit had heard a lot about the impact of the legislative changes on school districts’ efforts to help students receive their drivers’ licenses on their sixteenth birthdays. The extension of the permit time from three months to nine months was quite significant and had meant that districts would need to start some students in the second semester of the freshman year.

Mr. Imler also noted that the portion of the law revising the requirements for behind-the-wheel instruction would not take effect until July 1, 2008. He went on to explain the definition of “enrollment” that had been developed coincide with that used by the Secretary of State. This would prevent the issuance of driving permits far in advance of the date when students were actually participating in driver education. He doubted that this had been the intent behind enactment of the statutory revisions. Accordingly, under the definition used by both agencies, a permit would not be issued more than 30 days before the student begins classroom instruction.

Mr. Imler went on to note that the now-inflexible six-hour requirement for behind-the-wheel instruction would present significant issues for districts and reminded the Board of the relevant waiver requests that had been reviewed the previous day. Districts were continuing to hope for the extra funding that Secretary of State White had indicated would be forthcoming in association with this strengthened requirement.

Darren Reisberg noted that some concerns had been expressed during the external review about the deletion of certain definitions (such as “driving simulators”) from Part 252. He explained that, since the rules can no longer describe methods that can be used as alternatives to behind-the-wheel instruction, ISBE no longer has the authority to define those terms.

Dean Clark wished to clarify whether districts would be precluded from using simulators and other methods such as range driving. Rather, he assumed that they would be free to continue doing so in addition to behind-the-wheel instruction but that there could be no substitution for six hours of the required type of instruction. Tim Imler confirmed this understanding.

In connection with the availability of driving permits to freshmen, Joyce Karon voiced the hope that what is known about child development and adolescent brain function would not be overlooked. She advocated that information on how students learn be brought into discussions with the Secretary of State.

Tim Imler raised an additional challenge districts would be facing related to the future of their public programs. He noted that, if parents want their children to have their licenses at age 16 but districts cannot accommodate them, parents have the choice of sending their students to commercial driving schools instead. He concluded by thanking Ms. Helton for the assistance she had provided in developing this rulemaking.

6. RULES FOR ADOPTION
Mr. Reisberg introduced the three sets of amendments that were being presented for adoption.

PART 51 (Dismissal of Tenured Teachers Under Article 24 and Dismissal of Tenured Teachers and Principals Under Article 34 of the School Code)
Mr. Reisberg reminded the Board that initial review of this amendment had occurred in November and indicated that there had been no public comment and thus no changes in the rules. No questions were raised.

PART 226 (Special Education)
These amendments had also been presented in November. There had been a small number of comments, but no changes had been found to be warranted. Beth Hanselman was available to respond to any questions, but there were none on the part of the Board members.
PART 350 (Secular Textbook Loan)
This last item had also originated in November. In the absence of any public comment, the rules remained unchanged. There were no questions on Part 350.

7. COMMITTEE AGENDA PLANNING/ADDITIONAL ITEMS: Mr. Reisberg mentioned that several new rulemakings would be presented for initial review in March, including a set of assorted amendments to Part 25 (Certification), a technical change in Part 180 (Health/Life Safety Code for Public Schools) for the sake of alignment to a new statutory provision and other rules, and proposed revisions to Part 305 (School Food Service). In connection with Part 305, he noted that the Nutrition Programs Division had sent the draft rules out for preliminary external review after making use of the feedback received during the January discussions and that no major controversy was apparent. The rules ready for adoption in March would include Part 151 (School Construction Program) and Part 375 (Student Records). Finally, a brief update on lessredtap would be provided.

8. ADJOURNMENT: Vinni Hall moved that the meeting be adjourned. David Fields seconded the motion, and the meeting was adjourned at 9:00 a.m.
