Agenda Topic: Commitment to Common Core of State Standards

Materials: None

Contact(s): Christopher A. Koch

Purpose of Agenda Item
On April 17, 2009, I will be attending a meeting to discuss Common Core Standards among states. At some point, Illinois will be asked to sign a Memorandum of Understanding (MOU). This MOU will become the basis for a joint state application under the “Race to the Top” initiative of the American Recovery and Reinvestment Act.

Relationship to/Implications for the State Board's Strategic Plan
This initiative supports Strategic Goal 1: Every student will demonstrate academic achievement and be prepared for success after high school.

Standards that prepare students for college and careers are essential in today’s global economy. Coherence between standards, curriculum, instruction, assessments and college entry expectations is needed.

Expected Outcome(s) of Agenda Item
Board approval to sign the Memorandum of Understanding.

Background Information
The Board voted to join the American Diploma Project in June 2008. States involved with ADP over time have identified a common core of standards in Math and English/Language Arts which provide a basis for agreement on what it means for students to be ready for college and career success in these areas.

Competitive funds under the American Recovery and Reinvestment Act will be made available in July and the Council for Chief State School Officers is convening states in Chicago on April 17 to seek support for a collaborative application. Secretary Duncan has indicated that he would like to see states collaborate on an application of agreed upon common standards and assessments. Common assessments have the potential for significant cost savings. Illinois has had a positive experience with regard to collaborative assessments through the development and use of ACCESS, a standards based, criterion referenced English language...
proficiency test designed to measure English language learners' social and academic proficiency in English.

**Superintendent’s Recommendation**
The Superintendent recommends the following motion be adopted:

The State Board of Education hereby authorizes the State Superintendent to sign the Memorandum of Understanding on behalf of the Board.

**Next Steps**
The Superintendent will keep the Board apprised of the outcome of the April 17 meeting.
