RESOLUTIONS & RECOGNITION

Dr. Ward moved that the Illinois State Board of Education, with its sincere appreciation and gratitude, adopt the resolution honoring Golfview Elementary School in Carpentersville for receiving the HealthierUS School Challenge Gold Award of Distinction. Dr. Hall seconded the motion and it passed with a unanimous voice vote.

Dr. Koch stated that on the issue of health and nutrition, Illinois has been identified as having the fourth highest rate for childhood obesity, which can lead to diabetes, cancer, hypertension and high blood pressure. He mentioned that Dr. Hall met with Dr. Damon Arnold, Director of the Illinois Department of Public Health (IDPH) to discuss ISBE’s partnership with IDPH to serve healthier food in schools and educate children to live a healthier lifestyle. Dr. Koch also noted that two students from ISBE’s Student Advisory Council attended that meeting as the Council's topic this year is health and physical education.

Ms. Koster stated that she recently visited Namaste Charter School to present a similar award for HealthierUS School Challenge. She noted that Namaste was one of the first schools to have a salad bar in their cafeteria and now there are 70 schools in Chicago that offer a salad bar as a nutritional option.

Chairman Ruiz shared with the Board a news story by Linda Lutton and Darnel...
Little of Chicago’s WBEZ.91.5 on the progress and performance of Chicago’s Renaissance 2010 schools.

**CONSENT AGENDA**

Mr. Reisberg noted that with the new law allowing public and non-public school districts to seek the ability to not follow any new underfunded or unfunded mandates, the proposed changes to Part 1 set timelines and procedures for that process.

Dr. Koch noted that on the issue of textbooks (Part 350), the reference to textbook also includes digitized materials. He recently met with the State Librarian, Joyce Karon and agency staff in anticipation of a proposed budget line item for a partnership with the state library to assist with the statewide delivery of textbooks.

**FY11 MCAT Transfers**

Mr. Gilford moved that the State Board of Education hereby approves that transfers be made as depicted in Exhibit B to reallocate the FY 2011 Mandated Categorical line items. It also authorizes the Superintendent to make minor adjustments in transfers among the Mandated Categorical Programs to remain within the parameters defined by 30 ILCS 105/13.2.47. Dr. Fields seconded the motion and it was approved by a unanimous roll call vote.

**Proposed Amendment to Southland Charter School Agreement**

Darren Reisberg introduced Jen Saba who joined the ISBE Chicago Legal staff in December. Mr. Reisberg commented that Jen Saba has been working with the Southland Charter School attorney and he has requested a few amendments be made to the contract, and indicated that the Board can delegate the State Superintendent to approve future amendments to the contract if they so choose. Ms. Saba stated that the Charter Schools formal request to amend the agreement includes the following two requests:

1. To allow Southland to fill student vacancies whenever they occur during the School Year. Currently, the Charter Agreement only allows the school to fill vacancies that occur “on or before the tenth day of each school year.”

2. Add language to the Charter Agreement to clarify that the Charter High School may enroll more than 125 students in a particular class, provided that student enrollment does not exceed the cap approved by ISBE in the current Charter Agreement (i.e., if 122 students become sophomores next year, Southland may enroll 128 freshmen next year.)
to reach the 250 student cap that applies to the 2011-2012 school year).

Ms. Saba also noted that the Proposed Amendment will also make a non-substantive change to the current Charter Agreement to reflect that Southland’s legal counsel is now Querrey & Harrow Ltd. for purposes of service of notice pursuant to the Agreement.

Ms. Saba stated that ISBE’s Funding and Disbursements Division does not foresee problems with the enrollment amendment and it will not impact District 227 by having to anticipate how much state aid will have to be withheld as maximum student enrollment of 250 students will stay intact.

Motion
Mr. Gilford moved that the State Board of Education hereby approves the Proposed Amendment which shall be effective upon execution of an Amended Charter Agreement. Ms. Koster seconded the motion and it passed unanimously with a voice vote.

DISSCUSSION ITEMS
P-20 Council Final Report
Chairman Ruiz introduced Ms. Joyce Karon, P-20 Council Member and Liaison to the Illinois State Board of Education. Ms. Karon stated that the P-20 Council to the Governor has released its First Annual P-20 Report and Recommendations to the General Assembly (see Board materials link http://isbe.net/board/meetings/2011/feb/schedule.htm). The Illinois P-20 Council was created to advise leaders in State government and education stakeholders on how to better align Illinois’ education systems – from pre-kindergarten through post-secondary education and to make recommendations that will build on efforts already underway here in Illinois to better prepare our students for their careers once they graduate.

Ms. Karon reported the P-20 Council is a large and diverse group and is divided into five committees, which continue to meet to further define implementation strategies:

- Teacher and Leadership Quality
- Data, Assessment and Accountability
- Family, Youth and Community Engagement,
- College and Career Readiness
- Finance and Governance

Ms. Karon pointed out that the recommendations focus on many of the same priorities outlined in Illinois’ two Race to the Top applications.

1. Transform the State Education Accountability System.
2. Develop a system of assessment of student learning that fulfills two purposes.
3. Develop an accountability system which will enable state and local education agencies, educators, parents, students, employers, researchers, and taxpayers to easily access and evaluate data about student learning, school climate, and financial expenditures in schools, districts, community colleges, and universities.
4. Coordinate education data systems and workforce data systems to improve career counseling and career preparation.
5. Enlarge the pipeline of high quality candidates into teacher and leadership positions throughout the entire educational system.
6. Improve training and certification for teachers and educational leaders in accordance with findings from research and pilot programs.
7. Improve teacher evaluation and professional development for the entire education spectrum in accordance with findings from research and pilot programs.
8. Improve educational attainment through attention to prevention, intervention, and reengagement.
9. Increase public engagement across the entire spectrum of education.
10. Track and report progress toward the goal: to increase the proportion of Illinoisans with high-quality degrees and credentials to 60 percent by the year 2025.

Ms. Karon recognized the work of the ex-officio members’ staff from the various agencies who ensured all members of the Council had a level baseline knowledge of the issues.
- Illinois Student Assistance Commission
- Illinois State Board of Education
- Illinois Mathematics and Science Academy
- Illinois Community College Board
- Illinois Early Learning Council
- Illinois Board of Higher Education
- Illinois Department of Commerce and Economic Opportunity

Legislative Update

Nicole Wills, Cynthia Riseman and Darren Reisberg provided the Board with an update on bills introduced to date in the 97th General Assembly. The Senate Bill introduction deadline has passed and the House has another week to continue to introduce legislation.

Ms. Wills indicated that some of the ISBE legislative proposals have been introduced and staff continue discussions with sponsors and potential sponsors of the remainder of the proposals.

There has been a bill introduced to create a Department of Education to coordinate and oversee ISBE, IBHE and ICCB.

Ms. Riseman briefed the Board on bills introduced relating to vouchers, community service and consolidation.

Mr. Reisberg discussed a piece of legislation which would establish an independent charter school authorizer, creating a new agency with separate staff. The independent authorizer would relieve ISBE of intensive research obligations related to charter school appeals that come to the state level and the additional responsibility that comes to ISBE if a state charter is granted. Board members had some concerns regarding relinquishing that authority and Mr. Reisberg asked members to give him a call prior to the next meeting regarding any legislation about which they feel strongly, so staff can testify appropriately in committee hearings.

Staff also reviewed information about the Board’s proposal to apply the Alternate Double Whammy formula to all Property Tax Extension Limitation Law (PTELL) school districts statewide to address General State Aid-related issues and to create a more simple formula. (See handout in Board materials link http://isbe.net/board/meetings/2011/feb/schedule.htm.) Superintendent Koch mentioned that as proposals and bills about consolidations continue to be discussed, it becomes increasingly more important to look at the various components of all of the funding formulas.

Mr. Reisberg closed by indicating that extensive work continues on the Education Reform Package and parties from all of the previous proposals are at the table. Issues include, among other things, requiring a school climate survey and tying performance to the filling of new and vacant positions, teacher tenure, certification, and reductions in force and recalls. Representatives from previous proposals include Performance Counts (Advance Illinois, Stand For Children and the Business Roundtable), Accountability for All (IEA, IFT and CTU proposal) and the Illinois School
Management Alliance. The goal is to bring to the legislature a consensus bill. Superintendent Koch thanked Mr. Reisberg for his effective efforts in coordinating and steering the discussions of this large group of stakeholders.

Other Items for Discussions

Ms. Mitchell distributed information regarding the FY12 Education Budget, including the ISBE Budget Book and a comparison of ISBE’s proposed budget to the Governor’s FY12 education budget. (See handout in Board materials link http://isbe.net/board/meetings/2011/feb/schedule.htm.)
