

PRINCIPIA COLLEGE

Elsah, Illinois

2003-2004 Title II Report

Mission:

Founded in 1934, Principia College is the only college for Christian Scientists in the world. Emerging from The Principia Lower, Middle, and Upper Schools founded between 1898 and 1915 in St. Louis, Missouri, Principia College was established with the mission to serve the cause of Christian Science in all of its academic programs, including teacher education.

Teacher Preparation Programs:

Principia offers seven baccalaureate programs leading to Illinois teacher certification.

Student Characteristics:

Student enrollment at Principia College is maintained at just over 500 students. Most undergraduates are of traditional college age, and almost all attend full time. Very few students at Principia College are Illinois residents. About one in five students identify themselves with an American minority or international culture.

Admission Requirements:

Admission to Teacher Education: Candidates must complete an oral communication requirement at an intermediate level; complete a written communication requirement at a beginning level; achieve a cumulative GPA of 2.55; demonstrate beginning knowledge, skills, and dispositions across nine Teacher Candidate Performance Expectation areas; and receive passing scores on the quantitative and verbal sections of the Illinois Basic Skills Test.

Admission to Student Teaching: Candidates must complete oral and written communications requirements at an intermediate level; achieve a cumulative GPA of 3.2 for education courses, 2.8 for all college courses; demonstrate intermediate knowledge, skills, and dispositions across nine Teacher Candidate Performance Expectation areas; and pass the Illinois Content Area Test and the Illinois Assessment of Professional Teaching Test.

Accreditation:

Principia College is accredited by the North Central Association of Colleges and Schools. The Illinois State Board of Education certifies the teacher education unit.

CONTEXTUAL INFORMATION

Teacher Education Vision:

- Principia College's mission for teacher education is to prepare teachers who communicate moral character to build learning communities in P-12 schools throughout the United States. Graduates are prepared to teach all students, especially those who are disadvantaged by current U.S. cultural norms.
- Teacher graduates will have completed certification programs that have been fully aligned with all Illinois standards for teacher certification by the end of the 2004-2005 academic year.

Best Practices:

- By 2002, all candidates for Initial Illinois Teaching Certificates have been engaged in the clinical practice of teaching in two different professional development school settings prior to student teaching. Classroom experiences in the real world of teaching are integrated throughout teacher preparation programs through extensive microteaching in college classes and over 150 clock hours of field experience prior to student teaching. Teacher candidates also experience over 300 clock hours of clinical practice prior to student teaching in full-day school placements.
- All candidates are required to complete a second major area of study in a field appropriate to their teacher certification program.
- Oral and written communication skills are taught and assessed in multiple courses of study throughout a candidate's four years at Principia College.
- Three full-time education faculty are available for 30-40 teacher candidates each academic quarter.

Notable Features and Accomplishments:

- For the past 10 years, 95% of graduates who want teaching positions received them soon after graduating from Principia College. This statistic doubles the national average for successful induction into teaching.
- For the past 10 years, 80% of graduates who begin teaching after college remain in the profession longer than seven years. This statistic doubles the national average for graduate teacher retention in the teaching profession.
- All teacher candidates admitted to certification programs have an aggregate pass rate for all three Illinois teacher certification tests of 100%.

**Program Information for Principia College
2003-2004**

S.1 Total number of students admitted into teacher preparation, all specializations, in academic year 2003-2004	16
S.2 Number of students in supervised student teaching in academic year 2003-2004	9
S.3 Number of faculty members who supervised student teachers:	
➤ S.3A Full-time faculty in professional education	1
➤ S.3B Part-time faculty in professional education but full-time in the institution	0
