To whom it may concern:

I have two requests concerning Director of Special Education endorsements issued to holders of administration certificates (commonly called Type 75). This request is made under the auspices of the Freedom of Information Act.

1. A list of all courses, by title, course number, institution, and if possible, year, that was used when granting endorsements of Director of Special Education by transcript evaluations (to meet the course distribution requirements enumerated under Section 25 of the administrative rules concerning endorsement as Director of Special Education) to all individuals from January 1, 2005, to January 31, 2010. This specifically does not include Director of Special Education endorsements issued by completing an approved program.

An example might look like this:

Inclusion/Mainstreaming of Special Education Students SPE 581 University of Phoenix Fall 2009

If personal information needs redacted, that is understandable.

2. The number of endorsements of Director of Special Education issued since January 1, 2005, to January 31, 2010.

While the above information regarding #1 would be most beneficial on compact-disc (CD) to allow for analysis of public policy implementation concerning the endorsement of Director of Special Education, paper format is acceptable.

Thank you for your assistance. I look forward to hearing from you in a timely manner.
