Dear Mr. Rein:

This letter is a follow up to your recent request for information under the Freedom of Information Act. Your original request was received 11/30/09.

You have requested “a copy of the letter ISBE sent to the USDA and their letter in response concerning clarification of ‘employee elective salary deferral.’”

On 12/2/09, you were provided a document which responded to your request (10-162-rein-doc.pdf).

On 12/3/09, Donna Kay talked with ISBE’s Mark Wancket and requested the actual letter(s) sent between ISBE and USDA.

It has been determined that the only written communication between ISBE and USDA on this matter was via e-mail.

The attached document (10-162-rein-doc2.pdf) contains one additional communication. With this, you have been provided copies of all written between ISBE and USDA regarding this matter.

If you have any questions, contact Mark Wancket at 217-782-4648.

Sincerely,

Marcilene Dutton  
Deputy General Counsel
