SUBJECT: Freedom of Information Act Request
REFERENCE: Public Act 096-0629

Public Act 096-0629 was signed into law on Aug. 24, 2009. Senate Floor Amendment Number 1 of the act allows for the State Superintendent of Education to make instructional materials to “supplement” instruction for this act, which deals with immigration-related themes.

If the Office of the State Superintendent of Education has prepared any instructional materials for this I would like a copy of them, if possible. I also request a waiver for any copying fees. Thank you for your consideration and time with this issue.

Sincerely,

Michael E. Condon
