Ms. Porterfield,

Thank you for your quick response. Yes, you will need to submit another FOIA request, with the names and addresses of the schools in question. Unfortunately, our system does not currently allow us to look up schools by district. Thank you once again for contacting the Office of the State Fire Marshal (OSFM). If there is anything else we can do to assist you, please do not hesitate to contact the OSFM.

Thank you,
Jerry Wetzel

Hello!

Thank you for getting back to me. I have sent a request to the ISBE as well. Since you said that you need names and addresses of the schools, should I resubmit my FOIA with that information?

Our office received your FOIA request on or around April 19, 2012 requesting "Life Safety Code reports for Champaign Unit 4 public schools, Urbana Public Schools, Decatur Public Schools, and Danville Public Schools from 2010 to 2012. This would be the completed evaluations for these districts that determine whether the schools are up to State Fire Marshall and Illinois State Board of Education fire safety code standards."

Unfortunately we cannot furnish these reports at this time, with the information provided. For us to be able to provide these reports we would need to have the name and address of the schools in question. We do not have the ability to search by school district. However, the Illinois State Board of Education (ISBE) should be able to provide you with the information you seek. Additionally, the ISBE could also include inspections that were performed by local Fire Departments. We do not conduct all the school inspections. It may be in your best interest to pursue this FOIA request through the ISBE.

If there is anything else we can do to assist you, please do not hesitate to contact the OSFM.

Thank you,
Jerry Wetzel
