Leigh Lewis, Superintendent
Triad CUSD 2
203 East Throp Street
Troy, IL 62294-1231

Dear Superintendent Lewis,

This letter is regarding the testing irregularity that occurred at Silver Creek Elementary School in grade 4 reading and science. This letter informs you of the ISAT results that will be reported for your students, the school, and the district.

The grade 4 students affected by the irregularity will not receive, as appropriate, any ISAT reading or science results on their Individual Student Reports (ISRs). Rather, they will receive an NA (not available) on the ISR in place of ISAT reading or science scores. No ISAT reading or science results will appear for these students on the ISAT School Rosters or Student Data Disk. All other students will receive ISAT results as usual.

The aggregate results on the ISAT reports and the School Report Card, and used for AYP calculations for the school and district will be based on the remaining ISAT scores for the school and district.

Thank you for contacting us about these situations. Please thank your staff for all of their work on this situation and the reports they prepared. The reports were very clear and helpful in allowing us to make a determination about reporting results. You and your staff have helped us to maintain the security and integrity of the state tests and your efforts are greatly appreciated. If you have any questions, please contact me at 217/782-4823.

Sincerely,

James Palmer
Interim Division Administrator
Student Assessment Division
