Dear Ms. Davis:  

This letter is in response to your request for information under the Freedom of Information Act. Your request was received on Jan. 11, 2012.  

You requested a list of addresses for current special education teachers in the state that includes work addresses as well as special education certifications and/or endorsements.  

Our Special Education Services Division does not maintain such information. However, the names and work addresses for current teachers of special education may be found through Teacher Service Record data found at http://isbe.net/research/htmls/teacher_service_record.htm.  

The most current information available is for the 2010-2011 school year. Open the Excel file labeled "Instructional Staff Only." The information you seek is listed in several columns:  

- Column J - Identifies school district name  
- Column K - Identifies school address  
- Column L - Identifies city where school is located  
- Column AV - Indicates primary discipline area.  
- Column AX - Indicates secondary discipline area.  

Columns AV and AX may be sorted to identify special education assignment descriptions, such as learning behavior specialists.  

The Educator Certification System may be used to ascertain certification and/or endorsement information for each individual. Go to http://www.isbe.net/ECS/default.htm.  

Note the “Public Search” box on the right side of the page. Select “Click Here.” Beneath item 1, select the “Educator's Name” button and type in a name. Click “Search.” To access data, click on the person's name. Select “Current Credentials” to access the desired data.  

If you have questions, please contact Amanda Reavy Simhauser at (217) 782-4648 or asimhaus@isbe.net  

Sincerely,
Matt Vanover
