Rec’d 1/11/12

Dear Mary,

This is a request for public records maintained by the Illinois State Board of Education under the state's Freedom of Information Act. Please provide any and all records tracking state and federal funds that have been allocated to Illinois charter school operators since 1997. These records should include but may not be limited to documents reflecting grants, capital improvement funds, Title I funds, general education funds and any other state or federal funds awarded through legislative measures. These records should indicate the charter school operator receiving the funds; the year the funds were allocated; the type of funding; and the purposes of the award of the funds.
