Dear Ms. Beno:

This letter is in response to your request for information under the Illinois Freedom of Information Act. Your request was received on 7/19/11.

You have requested “a list of emails for all school district employees in the state.”

Our agency does not maintain a list of e-mail addresses for all school district employees in the state.

However, e-mail addresses are available for public school principals and district superintendents. This information can be found at the following location:

http://www.isbe.net/foia/default.htm

Under the “FOIA Archive Heading,” select “FY 2001.” Scroll down to Log # 11-051. In the far right column you will find links to Excel files which contains the requested data.

Note that by mid August there will be many changes to the ISBE school database. You are invited resubmit your request at that time.

Contact information for certified educators working in Illinois public schools is available at the following location:

http://www.isbe.net/research/htmls/teacher_service_record.htm

The most current available information is for the 2009-2010 school year. Note that the Excel files do not contact e-mail addresses.
If you have any further questions, feel free to contact Mark Wancket at 217-782-4648.

Sincerely,

Matt Vanover
Director of Public Information
