SCHOOL ENERGY EFFICIENCY PROJECT GRANTS AWARD

FY 11 Application Cycle

(Section 5-200 of the School Construction Law [105 ILCS 230/6-200])

To: Creve Coeur SD 76
From: Dr. Christopher Koch
Date: 04/08/2011
Subject: School Energy Efficiency Project Grant Award

We are pleased to notify you that the Illinois State Board of Education is awarding a School Energy Efficiency Project Grant as described below.

Creve Coeur SD 76
RCDT#: 530900760002

Since actual project costs may be different than initially projected, each grant recipient will be required to submit a Final Expenditure Report detailing the total cost of state and local shares for the FY2011 School Energy Efficiency Project at completion of the project. This grant also requires a dollar-for-dollar local match to the funds received from ISBE. If the actual project costs are less than initially estimated, grant funds may need to be returned to ISBE. Each grant recipient must complete a final expenditure report within 30 days after the completion of the project.

Please Note:

- Sources and uses of local matching revenues must comply with applicable laws and regulations.
- Implementation of approved accessibility items does not necessarily imply the facility will be brought into full ADA compliance.
- All grant funds shall be subject to the Illinois Grant Recovery Act (30 ILCS 705) and obligated within a two year term beyond the date of this agreement.
