Greetings, Ms. Johnson!

My name is Sandy Rubini, Quality Control Specialist for Resource Associates, Inc., based in Farmington New Mexico. In an effort to better serve our nonprofit clients and help them develop strong programs and grant proposals, it is our practice to obtain three copies of awarded and top-rated proposals and technical reviewer notes from past competitions. We are specifically looking for this information on the following program from the 2010 Funding Cycle - or earlier, if 2010 is not available (this information is requested pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. 552).

**21ST CENTURY COMMUNITY LEARNING CENTERS GRANT - ILLINOIS**

Thanks so much for your assistance!
