Rec’d 4/15/2013

To Whom It May Concern:

This is a FOIA Request for data on educator FTE (Full Time Equivalent) in Illinois.

Currently, the ISBE takes into account a teacher's assignment designation. I am seeking the record of each educator's FTE status in lieu of the assignment designation.

However, if ISBE uses a formula to identify assignment designation (for example, if the first assignment designation is equivalent to 1 FTE, and the second is equivalent to .8 to .99 FTE) I would accept this as well.

This request is part of an ongoing research project relative to changes in education over time in Illinois.

Thank you for your time with this request.

Sincerely,

Chris Grodoski
