Dan Hagan
The Hagan Scholarship Foundation

Dear Mr. Hagan:

This letter is in response to your request for information, which was processed under the Freedom of Information Act. Your request was received on Feb. 1, 2013.

You have requested the following information:

Request 1: List of all public all high schools by county

Response 1: The information you seek is available on our website at [www.isbe.net/research/htmls/directories.htm](http://www.isbe.net/research/htmls/directories.htm). Click on the link labeled “Directory of Educational Entities” at the top of the page. Column E indicates the school code, which is a code indicating the kind of schools. You may sort this column from lowest to highest to isolate high schools. Districts have a school code of 0000. High schools have school codes starting with a zero and followed by three numbers (0001 through 0862).

Request 2: Number of 2011 high school graduates for each public high school

Response 2: Pursuant to 5 ILCS 14013 (c) (vi), we seek an extension as this portion of your request cannot be complied with within the time limits prescribed. The new due date will be Feb. 19.

Request 3: List of names, addresses, phone numbers, and e-mail addresses for principals and high school counselors of all public high schools

Response 3: The attached document ([13-208-hagan-doc.xlsx](http://www.isbe.net/research/htmls/directories.htm)) provides contact information, including school addresses, phone numbers and e-mail addresses, for public and non-public school principals and superintendents by county. A “Public Sch” in Column B indicates a public school principal. The school mailing address for high school guidance counselors may be accessed through Teacher Service Record data available on our website at [www.isbe.net/research/htmls/teacher_service_record.htm](http://www.isbe.net/research/htmls/teacher_service_record.htm). The most recent data available is for the 2011-2012 school year. Click on the file labeled “Other Staff Only” The information you seek is listed in several columns:

- Column J- Identifies school name
- Column K- Identifies school address
Column L - Identifies city where school is located  
Column P - Identifies staff member’s last name  
Column Q - Identifies staff member’s first name  
Column AP - Indicates position description.

Column AP may be sorted to isolate guidance counselors. Please note that our agency does not possess phone numbers and e-mail addresses for school counselors.
