I would like some information under the FOIA concerning Teacher Certifications in IL.
Please provide the following information:

How many NEW teachers were certified last year in IL?
How many of those were Ethnic Minority certificants?
How many of the Ethnic Minority new teachers were from alternative certification?
How many of the Ethnic Minority new teachers were TFA candidates?
How many graduated from IL Colleges of Education?
What rationale keeps IL from not using PRAXIS as 2/3 of all states do?

Thank you for finding the answers to these questions. I will await the reply.
Mrs. Linda Wegner
