School Psychologist

Dear Mr. Lewandowski:

This letter is in response to your request for information under the Illinois Freedom of Information Act. Your request was received on Dec. 9, 2013.

You have requested the most updated listing of all public K-12 schools that includes: e-mail addresses and contact names for school psychologists, e-mail addresses and contact names for school principals and e-mail addresses and contact names of district superintendents.

The attached file (14-173-lewandowski-doc.xls) is provided in response to your request. The spreadsheet contains contact information, including e-mail addresses, for all public and nonpublic school principals and district superintendents in the state as of the date of your request. In Column B, “Dist” indicates a school district superintendent, “Public Sch” identifies a public school principal and “Nonpublic Sch” indicates a nonpublic school principal.

Please note that our agency does not collect e-mail addresses for school psychologists. The most recent listing we have of school psychologists is for the 2011-2012 school year. Go to http://www.isbe.net/research/html/teacher_service_record.htm and click on the link labeled “Other Staff Only.” The information you seek may be found in the following columns:

- Column C – District name
- Columns J, K and L – School name, address and city
- Columns P and Q – Educator’s last and first name
- Column AP – Position description

Column AP may be sorted to isolate psychologists.

If you have questions, please contact Amanda Simhauser at (217) 782-4648 or asimhaus@isbe.net.

Sincerely,
