Dear Mr. Klenck:

This letter is in response to your recent request for information under the Illinois Freedom of Information Act. Your request was received on July 30, 2013.

You have requested a list of school districts that have not complied with the statutory requirement for all districts to administer biannually a survey of learning conditions by a date specified by the State Superintendent of Education.

The attached document (14-029-klenck-doc.xlsx) is provided in response to your request. The spreadsheet provides a list of school districts that did not have any survey respondents.

If you have questions, please contact Amanda Simhauser at (217) 782-4648 or asimhaus@isbe.net.

Sincerely,

Matt Vanover
Director of Public Information
