Subject: General Inquiry

Subject: General Inquiry
In accordance with FOIA I am requesting email contacts for all State of Illinois kindergarten through eighth grade public school teachers. I would like this information sent electronically in a table with teachers name, school-school district and email contact.
This information will be used to identify a sample of teachers to participate in my dissertation study of how involuntary transfer to a looping classroom and administrator support influence teacher job satisfaction. I am a doctoral student at Northcentral University hoping to complete my doctorate by August 2014.
Thank you for your attention to this request.

Name: Carolyn Nunn
I am a: Administrator
