Renaissance Learning

Dear Ms. Pfaffinger:

This letter is in response to your request for information under the Freedom of Information Act. Your request was received on Nov. 1, 2013.

You have requested “information summarizing what percentage of students at each Illinois school fell into each of the four ISAT achievement levels for Math and Reading assessments given in the 2012/2013 school year.”

The information you seek is now available on our Report Card website at illinoisreportcard.com. Type in a school name and click on the “Academic Progress” tab. On the left side of the screen, click on “State Test Achievement” and then click the “View Detail” button on the right. On the lower right side of the screen, click on “Compare Old vs. New Cut Scores” to open a new screen that allows you to view the four ISAT achievement levels for various student groups.

A list of current schools is available on our website at http://www.isbe.net/research/htmls/directories.htm. Click on the link labeled “Directory of Educational Entities” at the top of the page for the most recent directory.

Additionally, a data file for ISAT achievement levels will be available by Nov. 30 at http://www.isbe.net/assessment/report_card.htm.

If you have questions, please contact Amanda Simhauser at (217) 782-4648 or asimhaus@isbe.net.

Sincerely,

Matt Vanover
Director of Public Information
