

**Waivers of School Code Mandates:
Spring 2009 Waiver Summary Report**

Illinois State Board of Education
February 2009

Executive Summary

The following report outlines waivers of School Code mandates that school districts, regional offices of education, or special education or vocational education cooperatives have requested since the last report, which was transmitted in September 2008. Pursuant to Section 2-3.25g of the School Code (105 ILCS 5/2-3.25g), these requests must be sent to the General Assembly for its consideration before March 1, 2009.

The report is organized by subject area and by school district, regional office, or special education or vocational education cooperative. The General Assembly may disapprove the report in whole or in part within 60 calendar days after each chamber next convenes once the report is filed. This is done by a joint resolution. If either chamber fails to reject a waiver request, then that request is deemed granted.

Section I summarizes the 100 requests received for waivers of School Code mandates for consideration by the General Assembly, which are presented alphabetically by topic area. The largest number of applications received (33 requests) seeks waivers from requirements for driver education, which includes 29 requests to increase the fee and four requests for the use of other practice driving methods in lieu of the required six hours of behind-the-wheel instruction in a dual control car on public roadways. In addition, 16 requests address nonresident tuition; 15 address limitation of administrative costs, 11 pertain to school improvement/in-service training, nine involve parent-teacher conferences, eight address the process for evaluating tenured teachers, seven address daily physical education, and one requests a waiver regarding state graduation requirements.

This document also contains three other sections beyond what is required under Section 2-3.25g of the School Code. Section II lists the modifications or waivers of State Board of Education rules and modifications of School Code mandates upon which the State Superintendent of Education has acted in accordance with Section 1A-4 of the School Code (105 ILCS 5/1A-4). The 61 approvals address legal school holidays and driver education.

Section III describes the 13 requests that have been returned to or withdrawn by the petitioning entities. Section IV shows all the requests submitted, organized by Senate and House districts.

In addition, the requests received are summarized by subject area in a table following this Executive Summary. Complete copies of the waiver requests for the General Assembly's consideration have been made available to legislative staff.

This is the twenty-eighth report submitted pursuant to Section 2-3.25g of the School Code, which requires that the State Board of Education through agency staff compile and submit requests for waivers of School Code mandates to the General Assembly before March 1 and October 1 of each year.
