

Student Information System (SIS) End of 2007 School Year and Planning for the 2008 School Year Telephone Conferences

The Illinois State Board of Education has scheduled two (2) telephone conference calls to discuss the following topics:

1. Exiting of School Year 2006-2007 Enrollments
2. Changes for the 2008 School year
3. 2008 Enrollment submission deadline.

The **ISBE SIS and User Community** are invited to participate in one or more of these sessions. We will hold a separate call for local Student Administrative Package Vendors.

We encourage local superintendents, principals, and all of those involved in submitting data to the Student Information System to participate in one or more of these conference calls.

A PowerPoint presentation and other materials describing topics to be addressed will be available on the Student Information System website. Go to the ISBE website at www.isbe.net/SIS.

The conference lines will open 30 minutes prior to the conference for registration.

Here are the specific dates, times, and dial-in information for each conference call:
