

Student Information System (SIS) End of 2007 School Year and Planning for the 2008 School Year Telephone Conferences

The Illinois State Board of Education has scheduled a vendor only telephone conference call to discuss the following topics:

1. Exiting of School Year 2006-2007 Enrollments
2. Changes for the 2008 School year
3. 2008 Enrollment submission deadline.

ISBE is inviting **only local Student Administrative Package Vendors** on this conference call. Please encourage your vendors to attend. It is critical that vendors are aware of the changes so the necessary changes can be made to the affected software.

A PowerPoint presentation and other materials describing topics to be addressed will be available on the Student Information System website. Go to the ISBE website at www.isbe.net. Once ISBE home page has been accessed, go to the menu on the left-hand side and select "Student Information System."

The conference lines will open 30 minutes prior to the conference for registration.

Here are the specific dates, times, and dial-in information for each conference call:
