

PLANNING CALENDAR for Illinois Special Education Directors

2023-24 Academic Year

The Illinois State Board of Education (ISBE) Special Education Department is pleased to provide the 2023-24 Planning Calendar for special education directors. This calendar provides a timeline of monthly key dates and reporting deadlines for the IEP-Student Tracking and Reporting (I-Star) System, Student Information System (SIS), Individuals with Disabilities Education Act (IDEA) Part B, Assessments, State Performance Plan (SPP) Indicators, and other important deadlines related to special education. However, this document may not include all reporting deadlines.

The ISBE Special Education Department develops this calendar in collaboration with other ISBE departments. **Information may be modified or revised throughout the school year by other departments, so it is advised to check for any updates by directly accessing the respective ISBE department webpage for accurate reporting or submission dates and/or reviewing any notices sent out by the Harrisburg Project or in the ISBE Web Application Security (IWAS) system.** Contact support@hbug.k12.il.us if you want to be included in the Harrisburg listserv for weekly updates.

Directors are encouraged to refer to the [ISBE Data Reporting and Collections webpage](#) to find information about monthly webinars hosted by the ISBE Data Strategies and Analytics Department. These webinars take place on the second Thursday of each month and allow school personnel the opportunity to ask questions about many of the ISBE data collections referenced in this document.

This Planning Calendar is meant as a guide to be used in conjunction with other planning tools and resources. Additional links and resources can be found at the end of this document.
