SAT/PSAT Established Test Centers for Spring 2019

- The list of established test centers as of Jan. 07, 2019, is posted here: www.isbe.net/Pages/sat-psat.aspx

- If the Testing RCDTS code in the SAT/PSAT Pre-ID file is <u>not</u> on the list of established SAT/PSAT test centers, the Testing RCDTS code will be edited to match the Home RCDTS code in the SAT/PSAT Pre-ID file before it is provided to the College Board for standard materials orders and Pre-ID labels.

Illinois State Board of Education

SAT/PSAT Established Test Centers for Spring 2019

- Materials and Pre-ID labels will be shipped *only* to established test centers.

- If the RCDTS code for the location where the student is served is <u>not</u> an established test center, the home school may adjust the Testing School in the SAT/PSAT Pre-ID to itself and apply for "off-site" testing, which allows the home school to transport secure materials to where the student will be tested.

Illinois State Board of Education

SAT/PSAT Pre-ID

- The SAT, PSAT 10, and PSAT 8/9 Pre-ID is available now in SIS.

- Students will take the test consistent with their grade level in SIS <u>at the time of testing</u> (i.e., grade 9=PSAT 8/9, grade 10=PSAT 10, grade 11=SAT, *some grade 12=SAT*).

- Students with an IEP may be identified to take DLM-AA instead, as appropriate.

- Home school districts should be communicating <u>now</u> with serving schools to determine the most appropriate testing location for students. Only established test centers can be identified as the "Testing School" in Pre-ID.

Administering the IAR with Paper Tests – Waiver Request

- **The agency plans on administering the assessments completely online by 2021 (for standard administrations). To receive a waiver to administer with paper tests in specific grades or schools, district/school staff will need to demonstrate a deficiency in hardware or available bandwidth.**

- **If your district or school wishes to have all or some of your students use paper assessments, please contact Wes Bruce at wbruce@isbe.net**

- We are in the process of following up with districts who have submitted waivers.

- School staff will not be able to select paper administration in SIS Pre-ID (at the grade level). ISBE staff will need to make the change from online administration to paper administration.

- For individual students with special needs, you will be able to select a paper administration (in SIS through the Assessment Pre-ID file).

Illinois State Board of Education

Illinois Assessment of Readiness

- All students must test on grade level.
  No course-based/high school math (or ELA) assessments will be available.

- ISBE staff will load schools into the vendor's online test platform – same process as in the past.

- ISBE staff will load student test information from SIS into the vendor's test platform – same process as in the past.

Fifteen-Year-Old Students with Disabilities (IEP) in Elementary School Districts

The following policy for testing pertains to the Illinois School Code (105 ILCS 5/14-6.01):

Fifteen-year-old students with disabilities who are enrolled in an **elementary district** become accountable to the **high school district** (according to school code). The high school district becomes financially responsible for the student. The high school district is also responsible for the educational program of the student. The law only pertains to elementary districts that feed into separate high school districts. It does not pertain to unit districts.

Illinois State Board of Education

Fifteen-Year-Old Students with Disabilities (IEP) in Elementary School Districts

- In response to questions from school district staff regarding testing accountability, ISBE is working on detailed guidance.

- Our legal team is working with both Assessments and Special Education to develop guidance that fulfills all statutory requirements, but also gives ultimately flexibility to the responsible IEP teams to determine the developmentally appropriate placement for students.

- Detailed guidance will be forthcoming.

First Year in U.S. School Status

- Students with "First Year in U.S. School" status will take the math, ELA, and science (if applicable to the grade or course) assessments.

- The scores the students receive will not be used in the calculation for district and school accountability.
