- ISBE will load students into a default class at each grade level (like last year).
- ISBE will load “Org Admin” users based on EPS data – **administrator** and **science** contacts fields.
 - This will create Org Admin users based on the organization level of the entity in EPS: district and school level users (2 per org if you add the science contact).
 - These users are responsible for adding other Org Administrators and the Test Administrators.
- Safe Exam Browsers released
- iPad “Secure Kiosk” functionality released
- SEB Install Check (new for 2017) – this will allow districts to verify installs, test SEB and, test systems for compatibility and connectivity with the ISA.

- No limit as far as test days within the window
 - Once you start, keep testing until complete, don't skip school days.
- ISBE Rostering Wizard
 - Updates based on exit and enrollments
 - Does NOT move a student record once the student has started the test

2016-17 PARCC (Pre-ID in SIS)

2017 PARCC Pre-ID (Step 2) and DLM-AA Pre-ID Now Available in ISBE's Student Information System (SIS)

PARCC Pre-ID (Step 2) Including Accommodations and Accessibility Features

For grades 3-8, both an ELA/L and a Math grade-level test record are created in the PARCC Pre-ID when the student is enrolled in SIS. If applicable, an ELA/L and/or Math course-based test may be selected in place of the default grade-level test.

The initial PARCC Pre-ID data will be sent to Pearson weekly beginning on January 20, 2017. PARCC Pre-ID labels for paper tests, test materials for paper administrations, paper manuals quantities, and testing windows are generated based on data in PARCC Pre-ID as of January 20, 2017. Updates will be sent each Friday until February 24, 2017.

Grades 3-8 students on the PARCC Pre-ID can be moved to DLM-AA Pre-ID by searching for the student under Assessment Pre-ID → PARCC and selecting the "Move to DLM-AA" button.

To update [PARCC data elements](#) online, log into SIS, select Assessment Pre-ID, and select PARCC. Search for the student by his/her SID and one of the three: first name, last name, or DOB.

Note: IEP and LEP indicators must be adjusted as needed in the SIS enrollment, not in Pre-ID.

To request the PARCC Pre-ID file, log into SIS, select Batch Files and Request File. Once processed, the requested file will be returned to the Download file page. The PARCC Pre-ID Template, Tips and Steps can be found at <https://www.isbe.net/Pages/Excel-Templates-for-student-data-input-into-SIS.aspx>.

DLM-AA Pre-ID (February 3, 2017, Deadline)

Students in grades 3-8 and 11 will be included on the DLM-AA Pre-ID if the following are true:

- The student's most recent past assessment is IAA or DLM-AA, and
- The student's IEP indicator is "yes."

To add missing students to the DLM-AA, first locate the student under SAT Pre-ID or PARCC Pre-ID and select the "Move to DLM-AA Pre-ID" button (student must be IEP).

Grades 3-8 students who are incorrectly included on the DLM-AA Pre-ID can be moved to the PARCC Pre-ID by searching for the student under DLM-AA Pre-ID and selecting the "Move to PARCC" button.

Data updates in the DLM-AA Pre-ID are sent to the DLM-AA vendor weekly until February 3, 2017.

To update [DLM-AA data elements](#) online, log into SIS, select Assessment Pre-ID, and select DLM-AA. Search for the student by his/her SID and one of the three: first name, last name, or DOB.

Note: IEP and LEP indicators must be adjusted as needed in the SIS enrollment, not in Pre-ID.

To request the DLM-AA Pre-ID file, log into SIS, select Batch Files and Request File. Once processed, the requested file will be returned to the Download file page. The DLM-AA Pre-ID Template, Tips and Steps are located at <https://www.isbe.net/Pages/Excel-Templates-for-student-data-input-into-SIS.aspx>.

PARCC and DLM-AA Pre-ID "Summary" and "Detail" reports are available in SIS. To access the reports, log into SIS, Select the "Reports" link, and expand the "Assessment" Category.

PARCC Pre-ID Reports

The PARCC Pre-ID "Summary" report will provide overall counts for each PARCC data element. The PARCC Pre-ID "Detail" report will show a roster of each student along with the PARCC data element details.

DLM-AA Pre-ID Reports

The DLM-AA "Summary" report will provide overall counts for each DLM-AA data element. The DLM-AA Pre-ID "Detail" report will show a roster of each student along with the DLM-AA data element details.

If you need assistance with the PARCC or DLM-AA Pre-ID, please contact the ISBE Help Desk at 217-558-3600, Option 3. If you have questions about testing in general, please contact the Assessment Division at 866-317-6034 or assessment@isbe.net.

8.8.166

“Preparing” Session

- A new step this year, you must “Prepare” sessions before you can “Start” sessions.
- This step assigns test forms to students. Do not “Prepare” sessions until student accommodations have been verified.
- You will be able to “Prepare All” and “Start All” sessions.
- “Prepare” also removes the limit on the number of students who can be in a session.
- The process takes time and runs in the background.
 - You can do other tasks while in process.

Preparing vs. Precaching

NEW

- These two processes are completely **INDEPENDENT!**
Order doesn't matter: Prepare then Precache or Precache then Prepare or Do Both Simultaneously
 - “Preparing” sessions assigns test forms to students – must be done prior to “Starting” tests.
 - District and School Test Coordinators can “Prepare”
 - All students are in sessions with accommodations before “Preparing”
 - “Precaching” downloads the encrypted test content to your precache machine.
 - Technology Coordinators and Test Coordinators can “Precache”
 - “Precache” a few days before your test window opens

NEW

Prepare and Precache Dates

- “Prepare” will be available in the **Live PAN** site on **March 1**.
*Note: You cannot see “Prepare” in **Live PAN** site now.*
- “Precaching” the test content will be available for precaching on **February 27**.

“Preparing” Session - Steps

1. Go to **Sessions**.
2. Select the session(s) you want to prepare.
3. Go to **Students in Sessions**.
4. Select the session.
5. Click **Prepare Session**.
 - Display will show “Waiting.”
 - The more sessions you “prepare” the longer it takes.
6. Click the **blue** refresh arrows.
7. Displays “Ready” and “Start Session” buttons when complete.

Managing Users

- Passwords expire after 180 days (inactivity).
- Users are “Disabled” after 270 days.
- Training (brown) and Live (blue) sites are independent.
- You will need to add “new” users and disable or delete those who should no longer have access.
- Can do through PAN “User” interface or by using file Export/Import both under **Setup**.

Who are your Users?

- In PAN under **Setup** select **Users** from the menu.
- User screen displays, then click the arrow by **Search** and check “Show All.”
- The users that appears are ONLY your “Active” users. You may need to click on “Forgot Password” but these users do have access to the PAN site you are on currently (i.e., live or training).
- These are not ALL your users!
