Fifteen-Year-Old Students with Disabilities (IEP) in Elementary School Districts

The following policy for testing pertains to the Illinois School Code (105 ILCS 5/14-6.01):

Fifteen-year-old students with disabilities who are enrolled in an **elementary district** become accountable to the **high school district** (according to school code). The high school district becomes financially responsible for the student. The high school district is also responsible for the educational program of the student. The law only pertains to elementary districts that feed into separate high school districts. It does not pertain to unit districts.

Fifteen-Year-Old Students with Disabilities (IEP) in Elementary School Districts

- Our legal team is working with both Assessments and Special Education to develop guidance that fulfills all statutory requirements, but also gives ultimately flexibility to the responsible IEP teams to determine the developmentally appropriate placement for students. Detailed guidance will be forthcoming.
- Even with this guidance, which will impact appropriate promotion to grade 9, ***a student takes the grade level assessment of their grade of enrollment.***

First Year in U.S. School Status for English Learners (ELs)

- EL students with “First Year in U.S. School” status will take the math, ELA, and science (if applicable to the grade or course) assessments.
- The scores the students receive will not be used in the calculation for district and school accountability.

Same Standards, Same Content, Improved Administration 2019 // PHASE ONE

The Illinois Assessment of Readiness is a federally required measure of student mastery of the Illinois Learning Standards in English language arts and mathematics in grades 3 through 8 – and their readiness for what’s next.

| | |
|-------------|---|
| What | Students, families, and schools will experience essentially no difference in the assessment this year. The Illinois Assessment of Readiness measures the same standards and includes the same high-quality test questions used the last four years. Using the same content and measuring the same standards ensures comparability from year to year – an essential commitment to including growth in our support and accountability system. The assessment may be slightly shorter this year to field test new questions needed for the transition to a computer adaptive test. |
| Who | All students in grades 3 through 8 in Illinois public schools or receiving the tax credit scholarship to attend Illinois private schools. |
| When | The online assessment window tentatively opens March 11. For the fewer than 10 percent of schools in the state using paper exams, the assessment window opens March 25, due to the logistics of printing and shipping paper. Schools using paper exams will receive the test materials March 18. The assessment window statewide closes April 26. |
| Why | The improvements to come to the Illinois Assessment of Readiness administration in the next few years reflect active partnership with educators and practitioners to make the assessment even more useful for improving student outcomes. It will provide the option of bringing all accountability assessments onto a single administration and management platform, and will maintain comparability throughout all changes. (See full timeline of changes below.) |
| How | ISBE has two contracts for the Illinois Assessment of Readiness – one for content and one for administration. Illinois’ existing contract with New Meridian provides the assessment’s high-quality PARCC content. A one-year contract with Pearson will provide the 2019 administration. The vendor for future administration is pending procurement resolution. |

ILLINOIS ASSESSMENT OF READINESS TIMELINE

We encourage you to download the sample letter below in the language(s) appropriate for your families, personalize on your letterhead, and distribute to your school communities.

We have prepared the sample letter in seven languages to reach more than 80 percent of Illinois families in their native language.

Illinois' accountability assessments provide critical information for educators and the State to give more support and resources to the students in the greatest need.

For students in grades 3-8, IAR measures the same math and literacy standards with the same types of questions, while reducing testing time by one-third.

www.isbe.net/Documents/Grade_12_Testers_Flow_Chart_2019.pdf

DLM-AA: Student Uploads

- Students missing from Educator Portal are the result of these errors in the DLM-AA Pre-ID:
 - The student is on the IAR Pre-ID due to the most recent test record being PARCC or SAT, or the student is in grade 3 and is defaulted to IAR Pre-ID.
 - The RCDTS code ends in 0000, 6100, or 6000.
 - The student does not have the IDEA Services (IEP) indicator marked "YES" in SIS enrollment.

DLM-AA: Student Uploads

- During the data lockdown, student uploads will no longer be completed by SIS.
- District test coordinators must complete the Student Upload Template to add students into Educator Portal.
- The Student Upload Template is made available to only district test coordinators through an email request to Laura Quimby at lquimby@isbe.net.

Below these are buttons for View Users, Add User, and Upload Users. The main content area is titled 'SELECT ORGANIZATION' and includes a search bar, a dropdown for STATE (set to Illinois), a dropdown for DISTRICT (set to Select), and a dropdown for SCHOOL (set to Select). There is also a checkbox for 'Include Inactive Users' and a Search button. On the right side, there is a table with the following columns: Status, Educator Identifier, First Name, Last Name, and Email. The table contains five rows, all with a Status of 'Pending'. A red box highlights the first column of the table, which contains checkboxes for each row. Below the table, there is a pagination bar showing 'Page 1 of 66' and 'View 1 - 5 of 327'. A red box highlights the 'Refresh' icon in the pagination bar.

SAT/PSAT Pre-ID

- The SAT, PSAT 10, and PSAT 8/9 Pre-ID is available now in SIS.
- Pre-ID data were sent to the College Board February 1, 2019. These data will be used to determine standard test booklet quantities and print Pre-ID labels.
- The Pre-ID will ***continue to update in real time*** as students are enrolled and exited, including any grade-level changes.
- ISBE will provide ***updated Pre-ID data*** to the College Board based on Pre-ID data scheduled to be captured on **Friday, March 29, 2019**.
- Pre-ID data from March 29 will not generate any additional test materials orders or Pre-ID labels but will be used to match score data in cases where students have moved from one school to another or been added since February 1, 2019.
- Contact assessment@isbe.net with any SAT/PSAT Pre-ID questions or concerns.

SAT/PSAT Established Test Centers for Spring 2019

- The list of established test centers as of February 11, 2019, is posted here: www.isbe.net/Pages/sat-psat.aspx.
- If the Testing RCDTS code in the SAT/PSAT Pre-ID file was not on the list of established SAT/PSAT test centers, SIS changed the Testing RCDTS to match the Home RCDTS code in the SAT/PSAT Pre-ID file before it was sent to the College Board.
- Materials and Pre-ID labels will be shipped *only* to established test centers.

Parent Consent Forms

2018-19 English Learner (EL) and Students with Disabilities Information

- **Parent Consent Forms for Students with Disabilities**

The College Board does not require schools to submit the consent form, but evidence of consent must be kept on file at the school. Parent/guardian approval obtained through the student’s IEP, 504 Plan, or other school documentation may be acceptable if it includes consent for requesting accommodations. Once you have obtained parent/guardian consent, it remains in effect for the student as long as the student is in high school.

- **Parent Consent Forms for English Learners (ELs)**

The College Board does not require schools to submit the consent form, but evidence of consent must be kept on file at the school. Parent/guardian approval obtained through other school documentation may be acceptable if it includes consent for using EL supports and/or requesting 50% EL extended time. Once you have obtained parent/guardian consent, it remains in effect for the student as long as the student is in high school.

Note Regarding Grade 12 Students on the NAR in the College Board's SSD Online

- For 2019 SAT, the College Board will look in SSD Online for any grade 11 or grade 12 grade student associated with a participating school and send the materials for that student.
- The school should use materials only for those grade 12 students ISBE has designated as being required to test, according to the SAT Pre-ID.
- It is not possible for the College Board to limit materials to only those grade 12 students on the SAT Pre-ID for testing because there may not be an exact match (e.g., a student may be Thomas in SIS vs. Tom in SSD Online).
- This also ensures that the College Board ships materials to capture any grade 12 student deemed eligible to test after ISBE's initial Pre-ID upload.

Note Regarding Grade 12 Students on the NAR in the College Board's SSD Online

- Traditionally, the College Board does not send overages for nonstandard materials. While this may result in excess materials at the school, it does have the unintended benefit for schools to have some extra materials on hand in case they don't receive what they need to test all their students.
- Please follow the instructions in the coordinator manuals for returning any unused testing materials.

SAT/PSAT EL Supports

- English learners (ELs) will be able to utilize EL supports for the ISBE-provided spring 2019 SAT, PSAT 10, and PSAT 8/9 administration.
- Use of any EL Support will allow for college- and scholarship-reportable scores.
- **These EL supports include:**
 - Use of an approved word-to-word bilingual glossary
 - Use of translated test directions, and
 - Use of 50% extended time

SAT/PSAT EL Supports

- **Use of an approved word-to-word bilingual glossary:**
 - List is expanded to approximately 100 glossaries for spring 2019.
 - Use of glossary does NOT require an approval by College Board and does NOT require entry into SSD Online.
 - The approved list is now available at <https://www.isbe.net/Pages/SAT-PSAT.aspx>.

SAT/PSAT EL Supports

- **Use of translated test directions:**
 - Translated test directions are available in PDF format for SAT, PSAT 10, and PSAT 8/9. Schools must print the directions for students, as no printed test directions will come with test materials.
 - Directions are available in Albanian, Arabic, Bengali, Chinese (Mandarin), Gujarati, Haitian Creole, Hindi, Polish, Portuguese, Russian, Spanish, Urdu, and Vietnamese. The College Board will also support "on the fly" translations of directions by district-approved translators.
 - Use of translated test directions does NOT require an approval by College Board and does NOT require entry into SSD Online.
 - Translations are available now to print under a new accordion on <https://www.isbe.net/Pages/SAT-PSAT.aspx>.

2018-19 English Learner (EL) and Students with Disabilities Information

SAT/PSAT EL Supports

- **Use of 50% extended time:**
 - Although not an accommodation, EL students requiring 50% extended time will need to be identified in SSD Online.
 - Students will receive 50% extended time on each section of the SAT, PSAT 10, or PSAT 8/9. Students must be given the entire time and cannot go ahead in the test even if they are the only one testing.
 - Schools can request 50% extended time for ELs in SSD Online starting **January 16, 2019**. Students will be automatically approved, and no supporting documentation is required. More information about the process for entering student information will be available this winter.
 - EL students using 50% extended time can be tested with other students with accommodations testing with the same timing and test materials.
