## ILLINOIS SCIENCE ASSESSMENT (ISA)

This Illinois Science Assessment (ISA) page will be updated as information becomes available. The ISA is **not** an alternate assessment. Students who participate in the DLM-AA alternate assessment will be assessed in science in grades 5, 8, and 11.

In compliance with federal testing requirements, Illinois will administer a science assessment to students enrolled in a public school district in grades 5, 8 and once at the high school level. The high school assessment utilizes a course-based model with content aligned to Biology I. The assessment will be administered in an online format and is aligned to the Illinois Learning Standards for Science incorporating the Next Generation Science Standards (NGSS), which were adopted in 2014.

# DLM-AA Duplicate Students

- Duplicate students
  - Duplicate students occur when an upload is done with a student being at one location and then the testing location changes and the student is now placed in another location for testing.
  - District test coordinators and building test coordinators need to view their students in Educator Portal to determine if the student is in the correct testing location (not home or serving).
  - If the student is not supposed to be in that location for testing, then the student needs to be exited out of that district.
  - District test coordinators and building test coordinators will exit the student using the Student interface in Educator Portal.
  - The code for these students for exit is 18.

# Exit Students

# DLM-AA Recruitment

The Dynamic Learning Maps® (DLM®) Alternate Assessment Project requests your participation in a study designed to learn how teachers use 2017 DLM score reports during the 2017-2018 academic year. The purpose of the study is to learn how teachers use the prior year's summative score reports to inform instructional planning and decision making. This study is open to anyone who (1) currently teaches one or more students who will take DLM assessments in 2017-2018, (2) received DLM 2017 summative score reports for their current 2017-2018 students, and (3) has used the 2017 score reports during the 2017-2018 year.

- Participation will include a 90-minute focus-group phone call. Focus groups will be conducted
  - Wednesday, February 28, 4:30 – 6:00 PM (Central)
  - Monday, March 5, 2:30 – 4:00 PM (Central)
  - Tuesday, March 6, 3:30 – 5:00 PM (Central)
  - Wednesday, March 7, 3:30 – 5:00 PM (Central)
  - Tuesday, March 13, 2:30 – 4:00 PM (Central)

All participants who complete the 90-minute focus-group phone call will receive compensation of \$50. Your participation in this study is voluntary. If at any time you discontinue the study, your results will be discarded. The results of the research study may be published, but all results will be provided in aggregate form. No names or identifying information will be used. No risks are anticipated as a result of participating in this study. The benefits of contributing to the study include an improved understanding of DLM score reports and how they can be used to inform instructional decision making. Results from the study will be used to inform the development of resource materials and refinement of future score reports. To participate in the study, please complete the Qualtrics survey by February 28: [https://kansasedu.qualtrics.com/jfe/form/SV\\_0CURs2frL2B8lwB](https://kansasedu.qualtrics.com/jfe/form/SV_0CURs2frL2B8lwB).

If you have any questions regarding the study or your participation, please contact [d1m@ku.edu](mailto:d1m@ku.edu), using Score Report Focus Group in the subject line.

We appreciate your assistance!

# DLM-AA Recruitment

The Dynamic Learning Maps® (DLM®) Consortium is seeking state, school or district staff from its partner states to serve as SEA/LEA contacts during the spring 2018 assessment window to collect and submit student writing samples from classrooms where DLM writing testlets are administered. Acceptable student writing samples include papers students used during test administration, copies of student writing samples, and printed photographs of student writing samples. Student writing samples will be used to support evidence of quality of the DLM Alternate Assessment System, inform future assessment development, and respond to requirements of peer review. Student writing samples will be kept secure and will not be used to evaluate teachers or test administration procedures.

What would being a SEA/LEA contact mean?

1. Follow instructions provided to collect and submit student writing samples.
2. Select teachers whose students will be assessed using the DLM alternate assessment during the spring 2018 assessment window.
3. Provide teachers with instructions from DLM staff regarding collecting student writing samples.
4. Notify teacher of the timetable for submissions.
5. Coordinate with teachers to collect student writing samples.
6. Protect security of student writing samples and related materials at all times.
7. Confirm with teachers the accuracy of information submitted with student writing samples and collect.
8. Complete and attach cover sheet with information about the writing samples you are submitting to DLM staff.
9. Prepare materials and make a single, secure shipment to DLM staff by May 18, 2018.

How do I volunteer to be a SEA/LEA contact?

1. To volunteer as a SEA/LEA contact, complete the Qualtrics survey by February 28, 2018, at:  
[https://kansasedu.qualtrics.com/jfe/form/SV\\_9uxAhuNh7DkhVaZ](https://kansasedu.qualtrics.com/jfe/form/SV_9uxAhuNh7DkhVaZ)
2. DLM staff will email selected SEA/LEA contacts from [dml@ku.edu](mailto:dml@ku.edu) with more information.

If you have any questions about the DLM Consortium student writing sample collection, email DLM staff at [dml@ku.edu](mailto:dml@ku.edu) with the subject line “Writing Sample Collection”.

# DLM-AA Recruitment

Illinois is a state partner in the Dynamic Learning Maps® (DLM®) Alternate Assessment Consortium. DLM assessments are designed for students with the most significant cognitive disabilities and measure student mastery of academic content in the areas of English language arts, mathematics and science. One way to evaluate the validity of assessment results is to measure the relationship between those results and another criterion of student mastery that is external to the test (i.e., criterion-related validity evidence). To pilot a process for gathering this evidence for DLM assessments, [state board of education] is asking [name of school district] to participate in a study whereby teachers' ratings of their students' skill mastery is collected.

Selected participants from your school district will receive all materials, including directions and rating sheets, directly from DLM staff. Teachers will be asked to rate one or more of their students who is rostered to the 8th grade mathematics DLM assessment this year on their mathematics skills. Teachers will also be asked to complete a brief questionnaire about their ratings. The entire activity is expected to take teachers approximately 10 to 15 minutes per student to complete and will occur during March and April of this year.

This data collection opportunity will provide valuable information regarding the DLM assessment system and the validity of inferences we make about our students' assessment results. While participation in this study is completely voluntary, please strongly consider your district's participation.

If interested in participating, **please notify ISBE no later than February 27, 2018**. Email Laura Quimby at [lquimby@isbe.net](mailto:lquimby@isbe.net).

Thank you for your assistance and interest!

# English Learner Supports for SAT

- **English Learner Supports** (*no accommodations request is needed*)

- **Translated Test Directions**

Directions in several languages for spring 2018 are available now for download from the ISBE SAT website under the '2017-18 SAT Information' accordion ([www.isbe.net/Pages/SAT.aspx](http://www.isbe.net/Pages/SAT.aspx)).

The **thirteen** languages include Albanian, Arabic, Bengali, Chinese/Mandarin, Gujarati, Haitian Creole, Hindi, Polish, Portuguese, Russian, Spanish, Urdu, and Vietnamese. School staff may print and provide these directions to students on test day. School staff may also provide translated test directions for other languages using district/school translators.

**Students using translated test directions will receive college-reportable scores.**

- **Word-for-Word Glossaries**

Approved glossaries may be used by students on test day. ISBE has posted the current list on [www.isbe.net/Documents/spring-2018-sat-sd-college-board-approved-glossaries.pdf](http://www.isbe.net/Documents/spring-2018-sat-sd-college-board-approved-glossaries.pdf). Be sure students are familiar with using the glossaries prior to test day. The approved glossaries should be distributed to students for their use on test day.

**Additional languages have been added, and this document was updated 02/19/18.**

**Students using approved glossaries will receive college-reportable scores.**

SIS Home District: 123456789    ISBE SD 101  
Selection Criteria:    Sorted By: Student Name

Columns	A	Grade
	B	IDEA Services (Yes, No)
	C	LEP Indicator (Yes, No)
	D	Enrolled in Home School On or Before May 1 (Yes, No)
	E	Enrolled in Home District On or Before May 1 (Yes, No)
	F	First Year in U.S. School (Yes, No)
	G	Sort Group (Optional-for sorting Pre-ID Report)

Because ISBE can collect these data by other means, verifying the SIS “Enrolled in Home School/District On or Before May 1” indicators for PARCC, SAT, and DLM-AA is unnecessary.

‘Sort Group’ may be used to sort the Pre-ID report but will not affect the sorting of Pre-ID labels.

**IMPORTANT:**  
Testing RCDTS must be an established SAT Test Center. A list of established SAT Test Center codes will be posted on [www.isbe.net/Pages/SAT.aspx](http://www.isbe.net/Pages/SAT.aspx) when available.

# New SAT Answer Sheet

- The Student Data Questionnaire (SDQ) and answer sheet for the SAT have been combined for less paperwork.
- **IMPORTANT:** When distributing answer sheets, make sure to correctly match any answer sheet having a Pre-ID label to the correct student. *Even when a Pre-ID label is affixed, students must still bubble in their information on their own answer sheets.*
- This action is used as a verification check to ensure the student who actually uses the answer sheet is the same student identified on the Pre-ID label.
- For those without a Pre-ID label, verify that gridded information matches data in SIS exactly.

# New SAT Answer Sheet

- Students must complete the following fields on the SAT answer sheet:  
(From page 37 from [SAT School Day Supervisor's Manual](#))

Box 1: Name (Last Name/First Name)

Box 2: School

Box 3: School Code (6-digit AI Code)

Box 5: Date of Birth

Box 12: Grade Level

Box 15: Sex

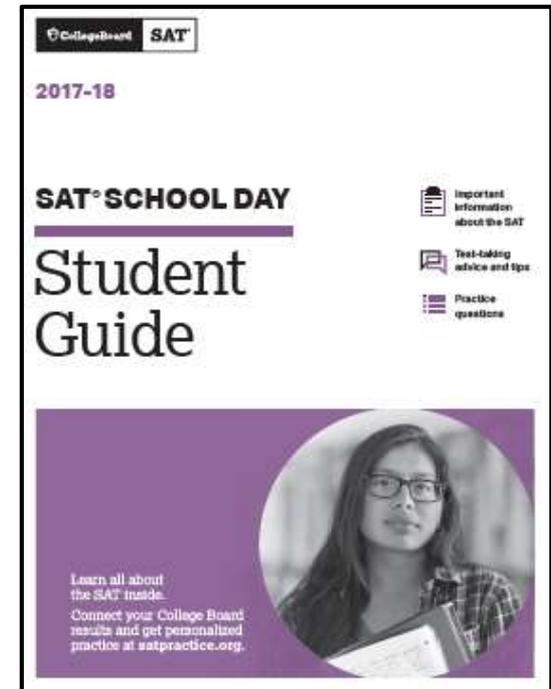

Box 23: Student Identification (Student ID No./9-digit State ID; *not SSN*)

- A sample of the new SAT Answer Sheet is posted on the ISBE SAT website: <https://www.isbe.net/Documents/2017-18-SAT-Essay-Answer-Sheet-sample.pdf>

- Copies of the SAT School Day Student Guide will arrive the week of March 12 with preadministration materials.
- Contents:
  - Important information about the SAT
