Large Print Test Booklets

- Student responses must be transcribed by school staff to the regular size test booklet (grade 3) or regular size answer document (grades 4-8) that came with the Large Print kit.

Stopping Sessions

- The final step when all students have completed/submitted all units in a test session is to “Stop” the test session.
- “Stopping” the test session releases the student responses for scoring.
- All students must be in “Complete” or “Marked Complete” status (**BLUE**) to be stopped
- You can “Stop” multiple/all sessions at once.
- Students who never started the session can be removed.

2016-17 PARCC Technology Update

OS Updates

- Best practice – do not update your operating system in the middle of a testing window.
- Both iOS 10.3 and Chrome OS 57 have been released in the last several weeks.
- iOS 10.3 is not yet supported for PARCC testing. Devices that have been updated to iOS 10.3 can test but may “experience minor unintended behaviors during testing.”
- Chrome OS 57 is supported for PARCC testing.
- New technology bulletin will be posted by Monday, April 10: <https://parcc.pearson.com/bulletins/>.

High Level Review

- **Precache** tests several days before testing
- **Prepare** sessions several days before testing
- **Start** Sessions
- **Unlock** a Session for student access to test
- **When** all sessions are complete **Stop** sessions
- Precaching and preparing are independent
- BUT you must **Prepare** before you can **Start** and you must **Start** before you can **Unlock**
 - **Prepare, Start, Unlock**

PARCC Unlock and Lock “Rules”

- Controls access to the test units – usually managed by the test administrator
- For any individual student, only ONE unit can be unlocked at any time.
 - All students in a session (Students in Sessions)
 - Individual students (makeup)
- You must lock a student’s “Unit 1” before you can unlock “Unit 2.”
- Students can access only unlocked units.
