2016-17 State-Sponsored SAT

Release of SAT Scores

- In College Board's Reporting Portal, scores began to become available to students **beginning on Monday, May 8, 2017**, and to educators **beginning on Monday, May 15, 2017**.

- Educators have access to scores for only the students who tested at their school using their school's test center code, regardless of the student's home school.

- Data for cancelled scores are <u>not</u> available in College Board's Score Reporting Portal but will be accessible in ISBE's SIS for accountability reporting purposes.

Release of SAT Scores: Important Notes

- Some scores will be released later than the week of May 8, 2017, for reasons that include participation in the later accommodations testing window or on the makeup testing date, late receipt of answer sheets, missing information on the answer sheet, or other exception conditions that require additional attention.

- If a score is not available, students should check the Portal periodically for updates. The Portal will update daily as additional individual student scores are released.

- All data in the College Board Portal are preliminary data for internal use. Performance levels have not been determined yet, so these data cannot be used for accountability purposes at this time.

Important Notes about the data available in the College Board K-12 Reporting Portal related to the Illinois Sponsored SAT School Day on April 5, 2017:

- All aggregate school and district data are PRELIMINARY until ISBE has released its final data through the School Report Card.

- The data in the portal DO NOT include students who canceled their scores with College Board, therefore these students and their scores are not included in aggregate data. Their data will be included in ISBE official accountability data.

- The aggregate school, district, and state data in the portal are unofficial and will not be the same as the data displayed in the official School Report Card.

Important Notes about the data available in the College Board K-12 Reporting Portal related to the Illinois Sponsored SAT School Day on April 5, 2017:

- The purpose of the data is to give schools and districts preliminary data results to utilize the information to support curriculum work, intervention strategies and student support programming for the upcoming school year.

- The data should not be used for school, district, or state comparisons.

- Individual student scores are finalized and are official scores.
