Fifteen-Year-Old Students with Disabilities (IEP) in Elementary School Districts

The following policy for testing pertains to the Illinois School Code (105 ILCS 5/14-6.01):

Fifteen-year-old students with disabilities who are enrolled in an **elementary district** become accountable to the **high school district** (according to school code). The high school district becomes financially responsible for the student. The high school district is also responsible for the educational program of the student. The law pertains only to elementary districts that feed into separate high school districts. It does not pertain to unit districts.

Fifteen-Year-Old Students with Disabilities (IEP) in Elementary School Districts

- In response to questions from school district staff regarding testing accountability, ISBE is working on detailed guidance.
- Our legal team is working with both Assessments and Special Education to develop guidance that fulfills all statutory requirements, but also gives ultimately flexibility to the responsible IEP teams to determine the developmentally appropriate placement for students.
- Detailed guidance will be forthcoming.

First Year in U.S. School Status

- Students with “First Year in U.S. School” status will take the math, ELA, and science (if applicable to the grade or course) assessments.
- The scores the students receive will not be used in the calculation for district and school accountability.

SAT/PSAT Pre-ID

- The SAT, PSAT 10, and PSAT 8/9 Pre-ID is scheduled to be available in SIS **Wednesday, November 14, 2018.** 
- Students will take the test consistent with their grade level in SIS at the time of testing (i.e., grade 9=PSAT 8/9, grade 10=PSAT 10, grade 11=SAT, some grade 12=SAT).
- Students with an IEP may be identified to take DLM-AA instead, as appropriate.
- Home school districts should be communicating now with serving schools to determine the most appropriate testing location for students. Only established test centers can be identified as the “Testing School” in Pre-ID.

SAT/PSAT Established Test Centers for Spring 2019

- The list of established test centers as of November 7, 2018, is posted here: www.isbe.net/Pages/sat-psat.aspx
- If your school did not complete the survey as requested by College Board in October and would like to be an established test center, please immediately contact ilsat@collegeboard.org for assistance.
- Unfortunately, schools that establish after November 7 may not receive Pre-ID labels as part of their materials shipment.

SAT/PSAT Established Test Centers for Spring 2019

- Materials and Pre-ID labels will be shipped *only* to established test centers.
- If the RCDTS code for the location where the student is served is not an established test center, the home school may adjust the Testing School in the SAT/PSAT Pre-ID to itself and apply for "off-site" testing, which allows the home school to transport secure materials to where the student will be tested.

SAT/PSAT Off-Site Testing

- College Board will again offer "**off-site**" **testing** in order to allow schools to transport test materials to an alternate location for test administration. College Board has contacted schools with more details if you indicated the need for "off-site" testing when completing the test center establishment survey.
- See www.isbe.net/Pages/sat-psat.aspx for more directions and a link to the template to apply for off-site testing.
- Deadline for "Off-Site" Requests: Friday, December 14, 2018

- Contact assessment@isbe.net if you have local evidence that a current grade 12 student is exempt from testing in spring 2019 (e.g., error in SIS RNVTA coding from spring 2018 or spring 2017, enrollment error, etc.).

SAT/PSAT Details...More to Come

- **Accommodations** materials for SAT, PSAT 10 (grade 10), and PSAT 8/9 (grade 9) must be requested via College Board's Services for Students with Disabilities (SSD) Online system and not via SIS Pre-ID by the school that will receive the materials.
- [Federal regulations](#) require that states report the number of students who were provided accommodations on state tests. Because all three tests, including PSAT 8/9, are being used for accountability, ISBE must collect this information.
- Requests must be entered into SSD Online by **February 19, 2019**. Schools with existing AI codes can begin entering their requests now. Similar to last year, there will be a late request deadline of March 4, 2019, to account for late transfers to the school and for students with newly-identified accommodations. If accommodations requests are entered into SSD Online after March 4, 2019, the school must call SSD to confirm that materials can arrive in time for testing.

SAT/PSAT EL Supports

- English learners (ELs) will be able to utilize EL supports for the ISBE-provided spring 2019 SAT, PSAT 10, and PSAT 8/9 administration.
- Use of any EL Support will allow for college-reportable scores.
- **These supports include:**
 - Use of an approved word-to-word bilingual glossary
 - Use of translated test directions, and
 - Use of 50% extended time

SAT/PSAT EL Supports

- **Use of an approved word-to-word bilingual glossary:**
 - List will be expanded to approximately 100 glossaries for spring 2019.
 - Use of glossary does NOT require an approval by College Board.
 - The approved list is now available at <https://www.isbe.net/Pages/SAT-PSAT.aspx>

SAT/PSAT EL Supports

- **Use of translated test directions:**
 - Translated test directions will be available in PDF format for each assessment. Schools must print the directions for students, no printed test directions will come with test materials.
 - Directions will be available in Albanian, Arabic, Bengali, Chinese (Mandarin), Gujarati, Haitian Creole, Hindi, Polish, Portuguese, Russian, Spanish, Urdu, and Vietnamese. The College Board will also support "on the fly" translations of directions by district-approved translators.
 - Use of translated test directions does NOT require an approval by College Board.
 - Translations will be available to print in February at <https://www.isbe.net/Pages/SAT-PSAT.aspx>.

SAT/PSAT EL Supports

- **Use of 50% extended time:**
 - Students will receive 50% extended time on each section of the SAT, PSAT 10, or PSAT 8/9. Students must sit for the entire time allotted and cannot go ahead in the test even if they are the only one testing.
 - Although not an accommodation, EL students requiring 50% extended time will need to be identified in SSD Online.
 - Schools can request 50% extended time for ELs starting in late January 2019. Students will be automatically approved, and no supporting documentation is required. More information about the process for entering student information will be available this winter.
 - EL students using 50% extended time can be tested with other students with accommodations testing with the same timing and test materials.
