    ISBE will search SIS grades 8-12 records from Fall 2013 through Summer 2016 for a full year credit in at least one of the four biology courses identified previously.
  - Also, districts may use the "Reason for No Valid Test Attempt" code 06 (Not in Valid Course) during data cleanup for those that were missed during the initial rostering process.

- *All Grades – Mobility Impacts to Testing ISA*
  - Students who have started/completed a test, then move to a new school, will NOT start/continue to test at the new school.

2016-17 ISA

- Week of January 23, 2017
  - ISBE-Teach work begins
- Week of February 13, 2017
  - Districts begin IT work to prepare for ISA administration
- March 1 – April 28, 2017
  - Test window for ISA

2016-17 ISA

Week of January 23 - *ISBE-Teach*

- ISBE will load organizations (districts and schools).
- The ISBE Rostering Tool will work with SIS records to keep systems aligned (Exits/Enrollments) until a student starts a test.

2016-17 ISA

Week of February 13 – Districts begin IT work

- ISBE will load students into a default class at each grade level (like last year).
- ISBE will load "Org Admin" users based on EPS data – **administrator** and **science** contacts fields.
  - This will create Org Admin users based on the organization level of the entity in EPS: district and school level users (2 per org if you add the science contact).
  - These users are responsible for adding other Org Administrators and the Test Administrators.
- Safe Exam Browsers released
- iPad "Secure Kiosk" functionality released
- SEB Install Check (new for 2017) – this will allow districts to verify installs, test SEB and, test systems for compatibility and connectivity with the ISA.

2016-17 ISA

March 1 – April 28 – Test Window for ISA

- No limit as far as test days within the window
  - Once you start, keep testing until complete, don't skip school days.
- ISBE Rostering Wizard
  - Updates based on exit and enrollments
  - Does NOT move a student record once the student has started the test
- New for 2017
  - Student responses will be sent to ISBE in near real-time.
  - The plan is to use this enhancement to get a jumpstart on scoring constructed-response items to ultimately improve the time for reporting test results.

2016-17 ISA

Post Test Work

- Hand Scoring
- Machine Scoring
- Final Scale Scores
- Corrections Window
- Final Reporting – Goal is to report no later than IL Report Card Timeframe with preliminary results ready as soon as districts complete corrections (similar to other assessment programs).
  - No additional psychometric work this year, so reporting time will be greatly improved

Test Coordinator Fields in EPS

- Optional for 2016-17
- Tied to entity, so allows for District and School Test Coordinators to be identified
- Will provide ISBE quick access to email contact information
- Detailed to the assessment level

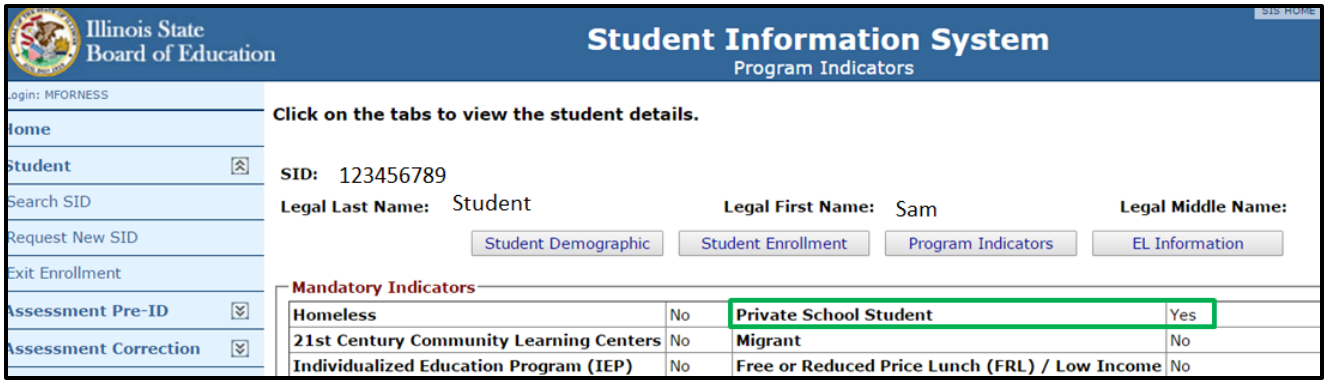
2016-17 PARCC (SIS Information)

- The following PARCC information is captured via SIS and sent to Pearson for all schools:
  - PARCC Test Window *(available now!)*
  - PARCC Test Format *(available now!)*
  - PARCC Pre-ID Student Test Details *(available now!)*

Private School Students in SIS Pre-ID File
(Applies to PARCC, DLM-AA, and SAT)

- Private School Students who are enrolled in SIS at a tested grade will be included in the PARCC Pre-ID file but should test only if they are receiving instruction in a tested content area.



- After testing during the Assessment Corrections window, the "Reason for No Valid Test Attempt" Code 18 will be applied automatically if no test score is present. See https://www.isbe.net/Documents/reason-no-valid-test-attmpt.pdf

18	PSS-SIS Use Only	This not tested reason is applied automatically to any SIS enrollment record having YES for the Private School Student (PSS) Indicator. Districts may use code 16 for students whose Private School Student Indicator was erroneously set to NO.

2016-17 PARCC (Pre-ID in SIS)

- Home District enrolls students in SIS and identifies Home School and Serving School RCDTS codes
- Testing School is initially defaulted to Serving School but Home District may edit Testing School code *(New in 2017: Home and Testing School may edit student test details.)*

2016-17 PARCC (Pre-ID in SIS)

2017 PARCC Pre-ID (Step 2) and DLM-AA Pre-ID Now Available in ISBE's Student Information System (SIS)

PARCC Pre-ID (Step 2) Including Accommodations and Accessibility Features

For grades 3-8, both an ELA/L and a Math grade-level test record are created in the PARCC Pre-ID when the student is enrolled in SIS. If applicable, an ELA/L and/or Math course-based test may be selected in place of the default grade-level test.

The initial PARCC Pre-ID data will be sent to Pearson weekly beginning on January 20, 2017. PARCC Pre-ID labels for paper tests, test materials for paper administrations, paper manuals quantities, and testing windows are generated based on data in PARCC Pre-ID as of January 20, 2017. Updates will be sent each Friday until February 24, 2017.

Grades 3-8 students on the PARCC Pre-ID can be moved to DLM-AA Pre-ID by searching for the student under Assessment Pre-ID → PARCC and selecting the "Move to DLM-AA" button.

To update PARCC data elements online, log into SIS, select Assessment Pre-ID, and select PARCC. Search for the student by his/her SID and one of the three: first name, last name, or DOB.
Note: IEP and LEP indicators must be adjusted as needed in the SIS enrollment, not in Pre-ID.

To request the PARCC Pre-ID file, log into SIS, select Batch Files and Request File. Once processed, the requested file will be returned to the Download file page. The PARCC Pre-ID Template, Tips and Steps can be found at https://www.isbe.net/Pages/Excel-Templates-for-student-data-input-into-SIS.aspx.

DLM-AA Pre-ID (February 3, 2017, Deadline)

Students in grades 3-8 and 11 will be included on the DLM-AA Pre-ID if the following are true:

- The student's most recent past assessment is IAA or DLM-AA, and
- The student's IEP indicator is "yes."

To add missing students to the DLM-AA, first locate the student under SAT Pre-ID or PARCC Pre-ID and select the "Move to DLM-AA Pre-ID" button (student must be IEP).

Grades 3-8 students who are incorrectly included on the DLM-AA Pre-ID can be moved to the PARCC Pre-ID by searching for the student under DLM-AA Pre-ID and selecting the "Move to PARCC" button.

Data updates in the DLM-AA Pre-ID are sent to the DLM-AA vendor weekly until February 3, 2017.

To update DLM-AA data elements online, log into SIS, select Assessment Pre-ID, and select DLM-AA. Search for the student by his/her SID and one of the three: first name, last name, or DOB.
Note: IEP and LEP indicators must be adjusted as needed in the SIS enrollment, not in Pre-ID.

To request the DLM-AA Pre-ID file, log into SIS, select Batch Files and Request File. Once processed, the requested file will be returned to the Download file page. The DLM-AA Pre-ID Template, Tips and Steps are located at https://www.isbe.net/Pages/Excel-Templates-for-student-data-input-into-SIS.aspx.

PARCC and DLM-AA Pre-ID "Summary" and "Detail" reports are available in SIS. To access the reports, log into SIS, Select the "Reports" link, and expand the "Assessment" Category.

PARCC Pre-ID Reports
The PARCC Pre-ID "Summary" report will provide overall counts for each PARCC data element. The PARCC Pre-ID "Detail" report will show a roster of each student along with the PARCC data element details.

DLM-AA Pre-ID Reports
The DLM-AA "Summary" report will provide overall counts for each DLM-AA data element. The DLM-AA Pre-ID "Detail" report will show a roster of each student along with the DLM-AA data element details.

If you need assistance with the PARCC or DLM-AA Pre-ID, please contact the ISBE Help Desk at 217-558-3600, Option 3.
If you have questions about testing in general, please contact the Assessment Division at 866-317-6034 or assessment@isbe.net.

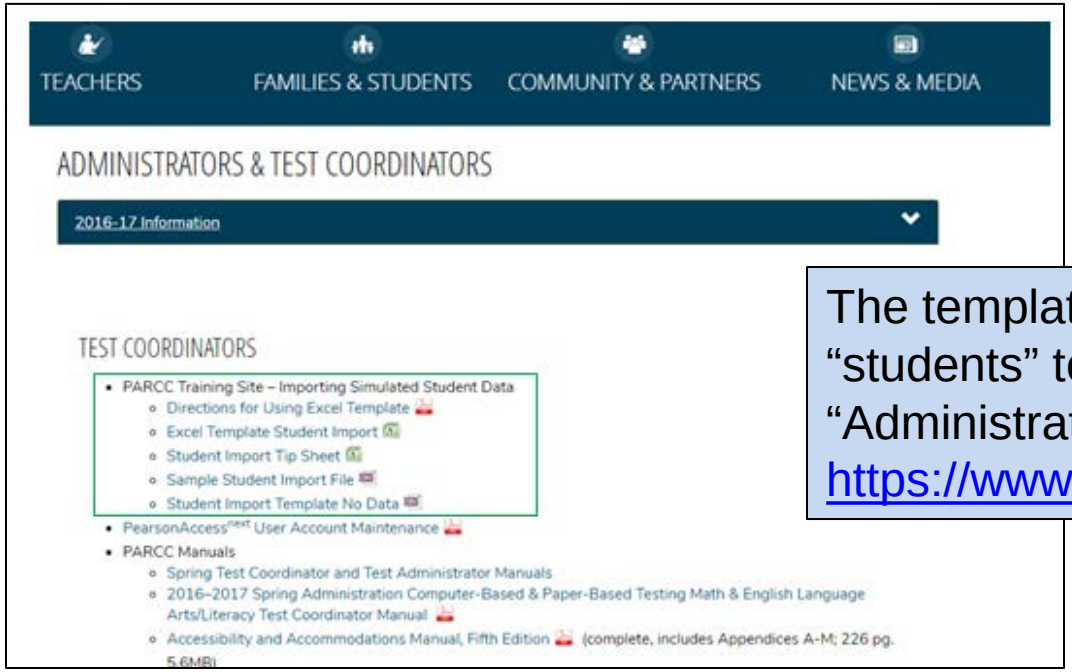
2016-17 PARCC Technology Update

PARCC Infrastructure Trials

- On November 1, 2016, access to all practice tests became available in the 2017 Spring secure training environment (https://trng.pearsonaccessnext.com).
  - The reformatted practice tests are also available on the web.

- ISBE has set all districts and schools with students in grades 3-8 as "participating" in the Training Site for the 2017 Spring administration.



The templates and directions for loading "students" to the Training Site are posted under "Administrators and Test Coordinators" online at: https://www.isbe.net/Pages/PARCC-Place.aspx

TestNav for Spring 2017

- Pearson has confirmed that there will be **NO** updates to the TestNav apps for Spring 2017 assessments.
  - There was one planned for Dec/Jan but it was not needed
- This means that the current released versions (*see next slide*) are the final versions.
  - If you have already installed them your student devices are “good to go” for Spring 2017.
  - If not, please begin planning to ensure that all devices used for testing have the correct “TestNav app” installed.
    - (Or Firefox 45 ESR if you are running Mac OS 10.12)

Current Software Versions

Tool	Version	Release Date
TestNav Desktop App	1.5.2	August 2016

“Preparing” Session

- A new step this year, you must “Prepare” sessions before you can “Start” sessions.
- This step assigns test forms to students do not “Prepare” sessions until student accommodations have been verified.
- You will be able to “Prepare All” and “Start All” sessions.
- “Prepare” also removes the limit on the number of students who can be in a session.
- The process takes time and runs in the background.

2016-17 SAT (SIS Pre-ID)

- All students enrolled in grade 11 are automatically included in the SAT Pre-ID file in SIS unless their most recent assessment record was IAA or DLM-AA and their IEP indicator is “Yes.”
- SIS will provide data in the 2017 SAT Pre-ID file as of **Friday, January 20, 2017**, to College Board to derive test materials orders and for Pre-ID label production.

2016-17 SAT(Pre-ID in SIS)

2017 SAT Pre-ID and DLM-AA Pre-ID Now Available in ISBE's Student Information System (SIS)

SAT Pre-ID (January 20, 2017, Deadline)

Students will be included on the SAT Pre-ID if the following are true:

- The student is enrolled in grade 11, and
- The student is not included on the DLM-AA Pre-ID.

Grade 11 students on the SAT Pre-ID can be moved to DLM-AA Pre-ID by searching for the student under Assessment Pre-ID → SAT and selecting the "Move to DLM-AA" button.

Pre-ID data for transmission to the SAT vendor will be captured once on January 20, 2017. A Pre-ID label will be printed for all students in this file and mailed to the Testing School. If the Testing School is not an established SAT Test Center (see list posted on www.isbe.net/Pages/SAT.aspx), the label will be printed and mailed to the Home School instead. Students who enroll after January 20, 2017, will not receive a Pre-ID label and must complete a paper SAT registration form. Paper registrations forms will be sent with SAT test materials. If a student is no longer enrolled for testing, destroy the Pre-ID label.

To update SAT data elements online for one student at a time, log into SIS, select Assessment Pre-ID, and select SAT. Search for the student by his/her SID and one of the three: first name, last name, or DOB.
Note: IEP and LEP indicators must be adjusted as needed in the SIS enrollment, not in Pre-ID.

To request the SAT Pre-ID file, log into SIS, select Batch Files and Request File. Once processed, the requested file will be returned to the Download file page. The SAT Pre-ID Template, Tips and Steps can be found at https://www.isbe.net/Pages/Excel-Templates-for-student-data-input-into-SIS.aspx.

DLM-AA Pre-ID (February 3, 2017, Deadline)

Students in grades 3-8 and 11 will be included on the DLM-AA Pre-ID if the following are true:

- The student's most recent past assessment is IAA or DLM-AA, and
- The student's IEP indicator is "yes."

To add missing students to the DLM-AA, first locate the student under SAT Pre-ID or PARCC Pre-ID and select the "Move to DLM-AA Pre-ID" button (student must be IEP).

Grade 11 students who are incorrectly included on the DLM-AA Pre-ID can be moved to the SAT Pre-ID by searching for the student under DLM-AA Pre-ID and selecting the "Move to SAT" button.

Data updates in the DLM-AA Pre-ID are sent to the DLM-AA vendor weekly until February 3, 2017.

To update DLM-AA data elements online, log into SIS, select Assessment Pre-ID, and select DLM-AA. Search for the student by his/her SID and one of the three: first name, last name, or DOB.
Note: IEP and LEP indicators must be adjusted as needed in the SIS enrollment, not in Pre-ID.

To request the DLM-AA Pre-ID file, log into SIS, select Batch Files and Request File. Once processed, the requested file will be returned to the Download file page. The DLM-AA Pre-ID Template, Tips and Steps are located at https://www.isbe.net/Pages/Excel-Templates-for-student-data-input-into-SIS.aspx.

SAT and DLM-AA Pre-ID "Summary" and "Detail" reports are available in SIS. To access the reports, log into SIS, Select the "Reports" link, and expand the "Assessment" Category.

SAT Pre-ID Reports
The SAT Pre-ID "Summary" report will provide overall counts for each SAT data element. The SAT Pre-ID "Detail" report will show a roster of each student along with the SAT data element details.

DLM-AA Pre-ID Reports
The DLM-AA "Summary" report will provide overall counts for each DLM-AA data element. The DLM-AA Pre-ID "Detail" report will show a roster of each student along with the DLM-AA data element details.

- Enrollments
  - Students enrolled in grades 4-8 and 11 are automatically included in the DLM-AA Pre-ID file in SIS if the following are true:
    - Student's most recent assessment record was IAA or DLM-AA and
    - Student's IEP indicator is "Yes"

2016-17 DLM-AA

- Upload Errors
  - Common Errors that are occurring when uploading students:
    - Testing School has a district-level code
    - New RCDTS for a district/school
    - Grade level is different in SIS versus what is in DLM.
    - Testing School District RCDTS does not match the Testing School RCDTS
  - Corrections:
    - Verify the testing school is not ending in zeros (0000).
    - District test coordinators need to notify DLM coordinator at ISBE of the new RCDTS.
    - Verify grade levels in SIS with what is identified in DLM.
    - Verify the Testing School District RCDTS aligns to the Testing school RCDTS

2016-17 DLM-AA

- Enrollment errors
  - Common errors:
    - Students are enrolled in two locations (2017, 2017)
    - Students are listed as a PARCC student (Grade 3, not previously tested as an IAA or DLM student)
  - Correction:
    - If the student is not being served in your school, the district test coordinator needs to exit the student from that school in Educator Portal
    - Student is listed as PARCC, then the student needs to be removed from PARCC and moved to DLM in SIS.

2016-17 DLM-AA
