Notes:

ES: School ratings based on Pre-K - 8 indicators

HS: School ratings based on 9 - 12 indicators

** There are a small number of schools with grade configurations that overlap the indicator bands (i.e., Pre-K - 8 and 9-12). These schools may receive two designations, one based on the ES grades and indicators, and one based on the HS grades and indicators.

If a school has two designations, it is possible for them to differ because of the different indicators and their weights in the different grade bands.

Financial support is provided based on either designation, but only the highest grade band designation is published on the Report Card.

Public schools not on this list did not receive summative ratings, because of insufficient size or data.

Notes:

ES: School ratings based on Pre-K - 8 indicators
 HS: School ratings based on 9 - 12 indicators

** There are a small number of schools with grade configurations that overlap the indicator bands (i.e., Pre-K - 8 and 9-12). These schools may receive two designations, one based on the ES grades and indicators, and one based on the HS grades and indicators.

If a school has two designations, it is possible for them to differ because of the different indicators and their weights in the different grade bands.

Financial support is provided based on either designation, but only the highest grade band designation is published on the Report Card.

Public schools not on this list did not receive summative ratings, because of insufficient size or data.
