Meeting number: 736 386 345

Meeting password: nciaa

Phone: 1-650-479-3208

9:00am Welcome and Introductions

9:15am Review of Minutes and Agenda

The TAC will review the primary outcomes and recommendations from the December meeting. TAC members are invited to offer suggested revisions to the revised meeting minutes.

The current meeting agenda will be reviewed and TAC members will have an opportunity to offer additions or changes to the agenda.

Materials:

- ISBE Accountability TAC January Meeting Agenda
- ISBE Accountability TAC December Meeting Minutes

9:30am Growth Model Analyses

The Center has prepared initial growth model analyses to explore the application of value tables and linear regression. SGP analyses will be presented at a later date. Information reviewed will include:

- Overview of how each model was defined and operationalized
- Overall summary statistics
- School level growth score correlations and characteristics of growth distribution for factors to include:
 - Prior year achievement
 - Percent English learner
 - Percent students with disabilities

- Percent eligible for free/reduced lunch
- Year-to-year stability of school level growth scores

Materials:

- Webinar presentation

10:45am Break

11:00am Discussion

Questions for discussion include:

- To what extent to the models explored conform with the principles and criteria developed by the TAC?
- Do the results suggest that either approach is promising?
- What revisions or additional analyses should be prioritized to further evaluate the models?

11:40 pm Public Comment

Anyone interested in offering a public comment should indicate this in the chat box. Public comment will be offered verbally and limited to 3 minutes or less.

12:00 pm Adjourn
