2023 Summative Designation Descriptive Statistics

Table 1. Number of Schools by Designation and Grade Band

2023	Designation				
	Exemplary	Commendable	Targeted	Comprehensive	Intensive
ES	10%	71%	9%	8%	2%
HS	10%	79%	5%	2%	4%
Total	10%	72%	9%	7%	2%

Note: The Comprehensive designation contains three types of schools: (1) those in the lowest performing 5 percent, (2) any high school that fails to graduate at least 2/3rds of their students, and beginning in 2023, (3) a school that completes a full Targeted school improvement cycle and remains Targeted for one or more of the same student groups for which it was originally designated. The Intensive designation is those schools that complete a full Comprehensive school improvement cycle but remain in the lowest performing 5 percent. Thus, the size of the Comprehensive designation category may be higher or lower than 5 percent.
