- EIS data is utilized for the Illinois Report Card, Administrator and Teacher Salary and Benefits (ATSB), to calculate average salary for Evidence-Based Funding (EBF), the Educator Supply and Demand Report as well as other reports.
- EIS shares data with the Educator Licensure Information System (ELIS) where ISBE maintains all educator license information.

Percent of Full-Time (PFT)

24

- **Definition** – represents the percentage amount of time an employee is contracted to work
- **Data Type in EIS** – numeric
- **Categorized** - as a percentage with a range from 10% to 100%
- **Guidelines**
 - This element is **required** for all licensed staff
 - Used to determine full-time and part-time employees
 - Not used as an FTE
 - 100% can be granted to **early leave** or **late hires**

Percent of Full-Time Examples

25

Example – 1 (hourly)

If the standard number of hours an educator works in a day is **8**. If you have an educator who works **8** hours a day, their percent of full-time should be **100%**

Example – 2 (weekly)

If the standard work week is **40** hours. If you have an educator who works during the week **8** hours Monday through Thursday and **4** hours on Friday the total hours worked for the week would be **36**. The percent of full-time is **90%**

Workload at Work Location

26

- **Definition-** Workload is the percent work for a position at any particular location
- **Guidelines**
 - Sum of the workload per position **must equal 100%**
 - The workload **does not need** to match the percent time employed
 - **No longer need** to calculate the FTE at each location

Examples:

A. Position = Teacher

- Work Location 1 work load = 75%
- Work Location 2 work load = 25%

$$\begin{array}{c} \text{75 + 25} \end{array} \rightarrow = 100\%$$

B. Position = Principal

- Work Location 1 work load = **100%**

C. Position = Speech Pathologist

- Work Location 1 work load = 25%
- Work Location 2 work load = 25%
- Work Location 3 work load = 50%

$$\begin{array}{c} \text{25 + 25 + 50} \end{array} \rightarrow = 100\%$$
