*Note: When providing breaks as needed (stop-the-clock breaks), breaks can be taken whenever needed and for as long as needed, but the total break time cannot exceed 60 minutes during a single break or 90 minutes in total breaks. Examinees must test one-to-one.*

This timing chart and more details are available in the [ACT Accessibility Supports Guide for the ACT State and District Testing](#).

For standard time test rooms, ACT requires that you allow a 15-minute break at the end of Test 2 so examinees can relax or go to the restroom. Each room supervisor is to begin the break at the end of Test 2, as dictated by testing activity in the individual room. Do not attempt to preset an exact break schedule for all test rooms.

[Schedule Flexibility Policy](#) In addition to administering all tests in a single setting, your school can now offer more flexibility when administering the ACT® science and/or writing tests to students testing with standard time or with single-day accommodations.

Tip: Only refer to schedule options that include science and writing.
